French Women And The First World War War Stories Of The Home Front:

French Women and the First World War Margaret H. Darrow, 2000-08 In tracing stories about war heroines but also about villainesses like Mata Hari this study shows what these stories reveal about French understanding of the First World War and their hopes and fears for the future

Women and the First World War Susan R. Grayzel, 2013-11-04 The First World War was the first modern total war one requiring the mobilisation of both civilians and combatants Particularly in Europe the main theatre of the conflict this war demanded the active participation of both men and women Women and the First World War provides an introduction to the experiences and contributions of women during this important turning point in history In addition to exploring women s relationship to the war in each of the main protagonist states the book also looks at the wide ranging effects of the war on women in Africa Asia Australia New Zealand and North America Topical in its approach the book highlights the heated public debates about women s social cultural and political roles that the war inspired their varied experiences of war women s representation in propaganda their roles in peace movements and revolutionary activity that grew out of the war the consequences of the war for women in its immediate aftermath Containing a document section providing a wide range of sources from first hand accounts a Chronology and Glossary Women and the First World War is an ideal text for students studying the First World War or the role of women in the twentieth century

Women and the French Army during the World Wars, 1914-1940 Andrew Orr, 2017-05-01 A history and analysis of how women worked for the French Army from 1914 to 1940 How did women contribute to the French Army in the World Wars Drawing on myriad sources historian Andrew Orr examines the roles and value of the many French women who have been overlooked by historians those who worked as civilians supporting the military During the First World War most officers expected that the end of the war would see a return to prewar conditions so they tolerated women in supporting roles But soon after the November 1918 armistice the French Army fired more than half its female employees Demobilization created unexpected administrative demands that led to the next rehiring of many women The army s female workforce grew slowly and unevenly until 1938 when preparations for war led to another hiring wave however officers resisted all efforts to allow women to enlist as soldiers and alternately opposed and ignored proposals to recognize them as long term employees Orr s work offers a critical look at the indispensable wartime roles filled by women behind the lines Orr has successfully made the leap into what we have needed for decades a truly modern and mainstream study of the complex interplay of women and the military in modern society that also takes into account the complex interplay of race and class American Historical Review Women and the French Army is well researched and provides an engaging read Women in French Studies What is especially noteworthy about Orr s book is not the gender history however but the military history Orr s research provides an excellent reminder that militaries are so much more than their front facing services In focusing on the civilian employees of the French army Orr is able to tease out some of the nuances of this history that would otherwise be obscured French History This is a

fascinating study of intended and unintended consequences well researched well written and a pleasure to read H France Review *Creative Women of the "Lost Generation"* Kimberly Francis, Margot Irvine, 2023-08-11 This book explores the creative women of the Lost Generation including painters sculptors film makers writers singers composers dancers and impresarios who all pursued artistic careers in the years leading up to during and following World War I These women s stories and the art they created commissioned mobilized as propaganda and performed shed light on the shifting nature of gender norms during this period With the combined knowledge and expertise from different contributors chapters in this book consider how modernist practices continued their development in women s hands during the war through networks forged by and for women artists in the absence of their male colleagues These chapters also reflect on how in many cases the dissolution of these structures after the November 1918 armistice had detrimental consequences for their professional trajectories This book challenges the place creative women currently hold in the historical record while also clarifying how these artists and impresarios contributed to wartime and post war culture This collection of essays will be of great value to scholars interested in social and gender history of the twentieth century as well as historians of the arts through offering nuanced understanding of the essential work of female creative professionals highlighting artistic women s experiences of resistance mourning and reinvention in the shadow of the Great War *Civilians in a World at War, 1914-1918* Tammy M. Proctor, 2010-08-30 This work explores the different ways civilians work and function in a war situation and broadens our understanding of the civilian to encompass munitions workers nurses laundresses refugees aid workers and children who lived and worked in occupied zones on home and battle fronts and in the spaces in between Global in scope spanning the Eastern Western Italian East African and Mediterranean fronts the author examines in detail the role of experts in the war the use of forced labor and the experiences of children in the combatant countries As in many wars civilians on both sides of WWI were affected and vast displacements of the populations shaped the contemporary world in countless ways redrawing boundaries and creating or reviving lines of ethnic conflict **Touch and Intimacy in First World War Literature** Santanu Das, 2006-04-06 The First World War ravaged the male body on an unprecedented scale yet fostered moments of physical intimacy and tenderness among the soldiers in the trenches Touch the most elusive and private of the senses became central to war experience War writing is haunted by experiences of physical contact from the muddy realities of the front to the emotional intensity of trench life to the traumatic obsession with the wounded body in nurses memoirs Through extensive archival and historical research analysing previously unknown letters and diaries alongside literary writings by figures such as Owen and Brittain Santanu Das recovers the sensuous world of the First World War trenches and hospitals This original and evocative study alters our understanding of the period as well as of the body at war and illuminates the perilous intimacy between sense experience emotion and language as we try to make meaning in times of crisis *The Women's Land Army in First World War Britain* B. White, 2014-07-16 Between 1917 and 1919 women enlisted in the Women s

Land Army a national organisation with the task of increasing domestic food production Behind the scenes organisers laboured to not only recruit an army of women workers but to also dispel public fears that Britain's Land Girls would be defeminized and devalued by their wartime experiences *Sister Soldiers of the Great War* Cynthia Toman, 2016-07-22 I am on night duty on what is supposed to be the hopeless ward so you can imagine or try to just what I am doing I know you cannot really have the faintest idea In *Sister Soldiers of the Great War* award winning author Cynthia Toman recovers the long lost history of Canada's first women soldiers nursing sisters who enlisted as officers with the Canadian Army Medical Corps These experienced professional nurses left their friends families and jobs to enlist in the army Granted relative rank and equal pay to men they had a mandate to salvage as many sick and wounded men as possible for return to the front lines Nothing prepared them for poor living conditions the scale of casualties or the type of wounds they encountered but their letters and diaries reveal that they were determined to soldier on under all circumstances while still living as well as possible

America's French Orphans Emmanuel Destenay, 2024-06-13 An exploration of how Americans evaded neutrality by sponsoring 300 000 children of France's war dead between 1914 and 1921 War girls Janet Lee, 2017-10-03 War girls reveals the fascinating story of the British women who volunteered for service in the First Aid Nursing Yeomanry FANY during the Great War Examining their experiences on the Western Front with the Belgian British and French armies this book shows how the FANY worked as nurses and ambulance driver mechanics inspiring stories of female heroism and solidarity The FANY created skilled gendered performances against the cultural myths of the time and in concert with their emerging legend Coming from privileged backgrounds they drew upon and subverted traditional arrangements crafting new and unconventional identities for themselves The author shares the stories of the FANY a fascinating quirky and audacious group of women and illustrates the ways the Great War subverted existing gender arrangements It will make fascinating reading for those working in the field of gender and war as well as those who wish to find out more about this remarkable group of women

War Experiences in Rural Germany Benjamin Ziemann, 2011-01-01 World War I was a uniquely devastating total war that surpassed all previous conflicts for its destruction But what was the reality like on the ground for both the soldiers on the front lines and the women on the homefront Drawing on intimate firsthand accounts in diaries and letters *War Experiences in Rural Germany* examines this question in detail and challenges some strongly held assumptions about the Great War The author makes the controversial case for the blurring of front and homefront He shows that through the constant exchange of letters and frequent furloughs rural soldiers maintained a high degree of contact with their home lives In addition the author provides a more nuanced interpretation of the alleged brutalizing effect of the war experience suggesting that it was by far not as complete as has been previously understood This pathbreaking book paints a vivid picture of the dynamics of total war on rural communities from the calling up of troops to the reintegration of veterans into society **World War I** Tammy M. Proctor, 2017-10-09 A lively engaging history of The Great War written for a new

generation of readers In recent years scholarship on World War I has turned from a fairly narrow focus on military tactics weaponry and diplomacy to incorporate considerations of empire globalism and social and cultural history This concise history of the first modern global war helps to further broaden the focus typically provided in World War I surveys by challenging popular myths and stereotypes to provide a new engaging account of The Great War The conventional World War I narrative that has evolved over the past century is that of an inevitable but useless war where men were needlessly slaughtered due to poor decisions by hidebound officers This characterization developed out of a narrow focus on the Western Front promulgated mainly by British historians In this book Professor Proctor provides a broader more multifaceted historical narrative including perspectives from other fronts and spheres of interest and a wider range of participants She also draws on recent scholarship to consider the gendered aspect of war and the ways in which social class religion and cultural factors shaped experiences and memories of the war Structured chronologically to help convey a sense of how the conflict evolved Each chapter considers a key interpretive question encouraging readers to examine the extent to which the war was total modern and global Challenges outdated stereotypes created through a focus on the Western Front Considers the war in light of recent scholarship on empire global history gender and culture Explores ways in which the war and the terms of peace shaped the course of the 20th century World War I A Short History is sure to become required reading in undergraduate survey courses on WWI as well as courses in military history the 20th century world or the era of the World Wars

The Cambridge Companion to the Literature of the First World War Vincent Sherry, 2005-01-20 The Great War of 1914 1918 marks a turning point in modern history and culture This Companion offers critical overviews of the major literary genres and social contexts that define the study of the literatures produced by the First World War The volume comprises original essays by distinguished scholars of international reputation who examine the impact of the war on various national literatures principally Great Britain Germany France and the United States before addressing the way the war affected Modernism the European avant garde film women s writing memoirs and of course the war poets It concludes by addressing the legacy of the war for twentieth century literature The Companion offers readers a chronology of key events and publication dates covering the years leading up to and including the war and ends with a current bibliography of further reading organised by chapter topics

The Oxford Handbook of Gender, War, and the Western World Since 1600 Karen Hagemann, Stefan Dudink, Sonya O. Rose, 2020 To date war history has focused predominantly on the efforts of and impact of war on male participants However this limited focus disregards the complexity of gendered experiences with war and the military The Oxford Handbook of Gender War and the Western World since 1600 investigates how conceptions of gender have contributed to the shaping of military culture examining the varied ideals and practices that have socially differentiated men and women s wartime experiences Covering the major periods in warfare since the seventeenth century The Handbook explores cultural representations of war and the interconnectedness of the military with civil society and its

transformations **Citizen Countess** Adele Lindenmeyr, 2019-11-12 Countess Sofia Panina lived a remarkable life Born into an aristocratic family in imperial Russia she found her true calling in improving the lives of urban workers Her passion for social service and reputation as the Red Countess led her to political prominence after the fall of the Romanovs She became the first woman to hold a cabinet position and the first political prisoner tried by the Bolsheviks The upheavals of the 1917 Revolution forced her to flee her beloved country but instead of living a quiet life in exile she devoted the rest of her long life to humanitarian efforts on behalf of fellow refugees Based on Adele Lindenmeyr's detailed research in dozens of archival collections *Citizen Countess* establishes Sofia Panina as an astute eyewitness to and passionate participant in the historical events that shaped her life Her experiences shed light on the evolution of the European nobility women's emancipation and political influence of the time and the fate of Russian liberalism *The Cambridge History of the First World War: Volume 3, Civil Society* Jay Winter, 2014-01-09 Volume 3 of *The Cambridge History of the First World War* explores the social and cultural history of the war and considers the role of civil society throughout the conflict that is to say those institutions and practices outside the state through which the war effort was waged Drawing on 25 years of historical scholarship it sheds new light on culturally significant issues such as how families and medical authorities adapted to the challenges of war and the shift that occurred in gender roles and behaviour that would subsequently reshape society Adopting a transnational approach this volume surveys the war's treatment of populations at risk including refugees minorities and internees to show the full extent of the disaster of war and with it the stubborn survival of irrational kindness and the generosity of spirit that persisted amidst the bitterness at the heart of warfare with all its contradictions and enduring legacies *French Civilization and Its Discontents* Tyler Edward Stovall, Georges Van den Abbeele, 2003-01-01 *French Civilization and Its Discontents* Nationalism Colonialism Race explores the ways in which considerations of difference especially colonialism post colonialism and race have shaped French culture and French studies in the modern era Rejecting traditional assimilationist notions of French national identity contributors to this groundbreaking volume demonstrate how literature history and other aspects of what is considered French civilization have been shaped by processes of creolization and differentiation *The Routledge History of Women in Europe Since 1700* Deborah Simon, 2006-04-27 This landmark publication collects the essays of the leading women's historians and provides the most coherent overview of women's role and place in Western Europe from the beginning of the eighteenth century to the twentieth century **Expeditionary Forces in the First World War** Alan Beyerchen, Emre Sencer, 2019-09-03 When war engulfed Europe in 1914 the conflict quickly took on global dimensions Although fighting erupted in Africa and Asia the Great War primarily pulled troops from around the world into Europe and the Ottoman Empire Amid the fighting were large numbers of expeditionary forces and yet they have remained largely unstudied as a collective phenomenon along with the term expeditionary force itself This collection examines the expeditionary experience through a wide range of case studies They cover major themes such as the recruitment transport

and supply of far flung troops the cultural and linguistic dissonance as well as gender relations navigated by soldiers in foreign lands the political challenge of providing a rationale to justify their dislocation and sacrifice and the role of memory and memorialization Together these essays open up new avenues for understanding the experiences of soldiers who fought the First World War far from home

Nurse Writers of the Great War Christine Hallett, 2016-02-15 This electronic version has been made available under a Creative Commons BY NC ND open access license The First World War was the first total war Its industrial weaponry damaged millions of men and drove whole armies underground into dangerously unhealthy trenches Many were killed Many more suffered terrible life threatening injuries wound infections such as gas gangrene and tetanus exposure to extremes of temperature emotional trauma and systemic disease In an effort to alleviate this suffering tens of thousands of women volunteered to serve as nurses Of these some were experienced professionals while others had undergone only minimal training But regardless of their preparation they would all gain a unique understanding of the conditions of industrial warfare Until recently their contributions both to the saving of lives and to our understanding of warfare have remained largely hidden from view By combining biographical research with textual analysis Nurse writers of the great war opens a window onto their insights into the nature of nursing and the impact of warfare

This is likewise one of the factors by obtaining the soft documents of this **French Women And The First World War War Stories Of The Home Front** by online.
