The Haunting Past Henry Rousso, 2002-02-04 The Haunting Past is a brief but richly textured treatment of the role of the historian in dealing with information about contemporary political and legal matters Libraries and Culture **The Revolutionary Guards in Iranian Politics** Bayram Sinkaya, 2015-06-19 The Islamic Revolutionary Guards Corps IRGC has been dubbed the kingmaker in recent studies of Iranian politics precipitating heated debates surrounding the potential militarization of the Iranian regime and giving rise to paradoxical understandings of the IRGC whether as a military institution entering politics or a political institution with a military history Revolutionary Guards in Iranian Politics offers a way out of this paradox by showing that the IRGC is not a recently politicized institution but has instead been highly politicized since its inception It identifies the ways in which the IRGC relates to national political dynamics examines the factors contributing to this relationship and its implications on Iranian politics from the revolution up to the present day The book examines the three decades following the revolution uncovering the reasons behind the rise of the Revolutionary Guards and tracking the organization's evolving relationship with politics Establishing a theoretical framework from revolution and civil military relations theories this book provides new perspectives on the relationship between the IRGC and Iranian politics This book would be of interest to students and scholars of Middle East Studies and Iranian Studies in particular Iranian Politics *US Politics, Propaganda and the Afghan Mujahedeen: Domestic Politics and the Afghan War* Jacqueline Fitzgibbon, 2020-04-02 Influential fundraising groups and senators in the US made enormous efforts in the First Afghan War to present the Mujahedeen as freedom fighters even while the CIA secretly armed them with surface to air missiles and other weapons A mass propaganda effort was launched aimed at portraying parts of Afghanistan as victims of communist aggression As we know now many of those groups that were armed became the seedbeds for organisations like Al Qaeda Dr Jacqueline Fitzgibbon through a forensic investigation of the American PR of the period argues that this militarised and fractured Afghan society for a generation partly resulting in the mess today This book will look specifically at the American efforts to suppress any reports which showed these forces as anti western or anti American values and instead to portray the arming of partisan groups often an extremely dangerous course of action as an example of American values in action *Madeleine Sophie Barat, 1779-1865* Phil Kilroy, 2000 This book also explores Sophie Barat's spiritual journey from her dark Jansenistic roots to her belief in a loving warm and tender God as expressed in devotion to the Sacred Heart BOOK JACKET Military Transition in Early Modern Asia, 1400-1750 Kaushik Roy, 2014-05-22 A substantial amount of work has been carried out to explore the military systems of Western Europe during the early modern era but the military trajectories of the Asian states have received relatively little attention This study provides the first comparative study of the major Asian empires military systems and explores the extent of the impact of West European military transition on the extra European world Kaushik Roy conducts a comparative analysis of the armies and navies of the large agrarian bureaucratic empires of

Asia focusing on the question of how far the Asian polities were able to integrate gunpowder weapons in their military systems **Military Transition in Early Modern Asia 1400-1750** offers important insights into the common patterns in war making across the region and the impact of firearms and artillery

The Political Economy of International Commodity Cartels Elina Kuorelahti, 2020-12-29 The Political Economy of International Commodity Cartels examines how international commodity cartels in the 1930s were impacted not only by commercial rivalry but also by international trade political and diplomatic concerns This work presents the rise and decline of the European Timber Exporters Convention ETEC and analyses how firms navigated through the cartel game under increasing international competition pressures from the national governments and the interventionist endeavours of the League of Nations Cartels are often associated with in the standard economic interpretation business collusion However in using vast archive sources and historical methodology the chapters in this book shed light onto how international relations shaped cartels The rise of British protectionism the emergence of the Soviet Union as an industrial power and the economic rapprochement of the League of Nations in the early 1930s created a wave of political and diplomatic challenges in the timber trading countries and affected cartelisation Timber firms in the biggest producer countries Finland and Sweden were uninterested in international cartel collaboration but under pressure joined the ETEC nevertheless This book makes a strong contribution to the fields of business history and cartel studies It is an essential read for economic historians interested in how political pressure shaped international cartels and how cartels became avenues of diplomacy

A Companion to Public History David M. Dean, 2018-07-30 An authoritative overview of the developing field of public history reflecting theory and practice around the globe This unique reference guides readers through this relatively new field of historical inquiry exploring the varieties and forms of public history its relationship with popular history and the ways in which the field has evolved internationally over the past thirty years Comprised of thirty four essays written by a group of leading international scholars and public history practitioners the work not only introduces readers to the latest scholarly academic research but also to the practice and pedagogy of public history It pays equal attention to the emergence of public history as a distinct field of historical inquiry in North America the importance of popular history and history from below in Europe and European colonial settler states and forms of historical consciousness in non Western countries and peoples It also provides a timely guide to the state of the discipline and offers an innovative and unprecedented engagement with methodological and theoretical problems associated with public history Generously illustrated throughout The Companion to Public History s chapters are written from a variety of perspectives by contributors from all continents and from a wide variety of backgrounds disciplines and experiences It is an excellent source for getting readers to think about history in the public realm and how present day concerns shape the ways in which we engage with and represent the past Cutting edge companion volume for a developing area of study Comprised 36 essays by leading authorities on all aspects of public history around the world Reflects different national regional interpretations of

public history Offers some essays in teachable forms an interview a roundtable discussion a document analysis a photo essay Covers a full range of public history practice including museums archives memorial sites as well as historical fiction theatre re enactment societies and digital gaming Discusses the continuing challenges presented by history within our broad collective memory including museum controversies repatriation issues textbook wars and commissions for Truth and Reconciliation The Companion is intended for senior undergraduate students and graduate students in the rapidly growing field of public history and will appeal to those teaching public history or who wish to introduce a public history dimension to their courses

France in the Era of Fascism Brian Jenkins, 2007 This volume brings together the leading critics of the immunity thesis to fascism in France in the 1930s Robert Paxton Zeev Sternhell and Robert Soucy who have refined and updated their positions in these essays

Conversations With Food Dorothy Chansky, Sarah W. Tracy, 2021-02-02 Conversations With Food offers readers an array of essays revealing the power of food and its absence to transform relationships between the human and non human realms to define national colonial and postcolonial cultures to help instantiate race gender and class relations and to serve as the basis for policymaking Food functions in these contexts as items in religious or secular law as objects with which to bargain or over which to fight as literary trope and as a way to improve or harm health individual or collective The anthology ranges from Ancient Greece to the posthuman fairy underworld from the codifying of French culinary heritage to the strategic marketing of 100 calorie snacks from the European famine after the Second World War to the lush and exotic cuisines of culinary tourism today Conversations With Food will engage anyone interested in discovering the disciplinary breadth and depth of food studies The anthology is ideally suited for introductory and advanced courses in food studies as it includes essays in a range of humanities and social science disciplines and each author draws cross disciplinary linkages between their own work and other essays in the volume This thematic and conceptual intercalation when read with the editors introduction makes the collection an exceptionally strong representation of the field of food studies

Seeking Imperialism's Embrace Kristen Stromberg Childers, 2016 This book explores France's complex history of integration and national identity by tracing the unique and historically significant political journey of the Caribbean islands of Martinique and Guadeloupe the French Antilles Provided by publisher The French at War, 1934-1944 Nicholas Atkin, 2014-07-22 The years 1934 to 1944 remain the most contentious and dramatic decade in modern French history Covering the Occupation the Vichy regime the Resistance and collaboration Nick Atkin provides an important introduction to this key period Accessible and concise the book offers a wide ranging synthesis of key themes and events Looking ahead to the present day the book also examines how the French establishment and public have coped with the legacy of Vichy and explains why the occupation is still ever present in French politics and everyday life

The Extreme Right in France James Shields, 2007-05-07 As well as providing a detailed biography of Le Pen the leader of the National Front in France this book also explores the wider development of the extreme right as a significant

intellectual and political force within France **Vestiges of Colonial Empire in France** R. Aldrich, 2004-12-10 This book offers the first comprehensive study of sites of memory in France connected to the history of French imperialism and colonialism and the ways that the French have remembered or forgotten their colonial past Through a study of monuments memorials museum collections and other sites of memory in France connected with France's overseas empire this book analyzes the way in which French authorities marked the Paris and provincial landscapes with these reminders of France's colonial mission during the period of imperial expansion and the fate of these sites in the post colonial period and what that evolution reveals about French memory and amnesia of the colonial epoch *The Hunt after Jeanne-Antoinette de Pompadour* Rosamond Hooper-Hamersley, 2011-05-31 This book recasts the import of Mme de Pompadour as a political and artistic patron at the court of Versailles in mid eighteenth century France Pompadour's visual record is lush and the memoirs diaries correspondence and political records are fecund examples of the weight she carried In them she dazzles and impresses offering both a passionate and intellectual view of the tumult that characterized pre revolutionary France This extensive body of evidence supports the argument that her place on the balance sheet has been overlooked We find Pompadour simultaneously in multiple spheres of influence including the political arena the French Academy of Painting and Sculpture and the larger art public and finally within the Enlightenment advocating the ideas expressed by its principal proponents In 1745 Pompadour reigned as the new Favorite of Louis XV and kept company with him as a mistress for nearly five years She was beset by physical infirmities and exhausted by the king's insatiable appetite Pompadour instituted a striking transition in 1750 from mistress to friend effecting an iconographical rehabilitation and positioning herself as an indispensable power broker within political and cultural spheres until her death in 1764 This book stimulates the audience to sit up and take notice of Pompadour's worth and measure She is a fabulously engaging and magnetic individual whose particular influence contributed to the shifting landscape of France inching slowly toward revolution This work overturns prevailing views of Pompadour's detractors who blind us to her import as an agent not an object of change Here we find a nuanced image of Pompadour through a careful examination of archival and printed sources and the art that she patronized collectively revealing the charismatic breadth of her contributions As she declared unapologetically I am stubborn in the service of the King and I won't hold back in anything The historical timeline of France from 1745 to 1764 bears the unforgettable i **Women's Emancipation Movements in the Nineteenth Century** Sylvia Paletschek, 2005-11-14 The nineteenth century a time of far reaching cultural political and socio economic transformation in Europe brought about fundamental changes in the role of women Women achieved this by fighting for their rights in the legal economic and political spheres In the various parts of Europe this process went forward at a different pace and followed different patterns Most historical research up to now has ignored this diversity preferring to focus on women's emancipation movements in major western European countries such as Britain and France The present volume provides a broader context to the

movement by including countries both large and small from all regions of Europe Fourteen historians all of them specialists in women s history examine the origins and development of women s emancipation movements in their respective areas of expertise By exploring the cultural and political diversity of nineteenth century Europe and at the same time pointing out connections to questions explored by conventional scholarship the essays shed new light on common developments and problems

"French Sculpture Following the Franco-Prussian War, 1870?0 " Michael Dorsch,2017-07-05 French Sculpture Following the Franco Prussian War 1870 80 investigates the role played by the trope of the strong woman fallen man in re establishing morale among the French people following the Franco Prussian War The study explores how certain French sculptors including Falgui Merci Barrias and Rodin presented this recent history of defeat in commemorative monuments that increasingly dominated public space across France during the final decades of the nineteenth century Though it focuses on French nationalism and the commemoration of war or as is the case with the French following the Franco Prussian War the commemoration of defeat this volume also examines shifts in gender roles in the latter half of the nineteenth century and the impact of military defeat on relations between the sexes The book probes the aesthetic discourse of the period concerning the merits of traditional allegorical sculpture versus new fangled realist sculpture in depicting modern life Drawing on extensive archival research Michael Dorsch gives a voice to the sculptures he discusses restoring these often ignored works to their proper place in history

The Society of Princes Jonathan Spangler,2009 The princes trangers were an influential group of courtiers in early modern France none more so than the princes from the Lorraine Guise family This book examines the Lorraine Guise at the court of Louis XIV and their renewed power wealth and influence after the turbulent Wars of Religion It is a substantial contribution to scholarship in court studies and will add greatly to debates on the nature of crown noble relations in the era of absolutism

Detroit's Hidden Channels Karen L. Marrero,2020-04-01 French Indigenous families were a central force in shaping Detroit s history Detroit s Hidden Channels The Power of French Indigenous Families in the Eighteenth Century examines the role of these kinship networks in Detroit s development as a site of singular political and economic importance in the continental interior Situated where Anishinaabe Wendat Myaamia and later French communities were established and where the system of waterways linking the Atlantic Ocean to the Gulf of Mexico narrowed Detroit s location was its primary attribute While the French state viewed Detroit as a decaying site of illegal activities the influence of the French Indigenous networks grew as members diverted imperial resources to bolster an alternative configuration of power relations that crossed Indigenous and Euro American nations Women furthered commerce by navigating a multitude of gender norms of their nations allowing them to defy the state that sought to control them by holding them to European ideals of womanhood By the mid eighteenth century French Indigenous families had become so powerful incoming British traders and imperial officials courted their favor These families would maintain that power as the British imperial presence splintered on the eve of the American Revolution

Rethinking the Age of Revolutions David

A. Bell, Yair Mintzker, 2018-09-04 Much of the historiography on the age of democratic revolutions has seemed to come to a halt until recent years. Historians of this period have tried to develop new explanatory paradigms but there are few that have had a lasting impact. David A. Bell and Yair Mintzker seek to break through the narrow views of this period with research that reaches beyond the traditional geographical and chronological boundaries of the subject. *Rethinking the Age of Revolutions* brings together some of the most exciting and important research now being done on the French Revolutionary era by prominent historians from North America and France. Adopting a variety of approaches and tackling a wide variety of subjects such as natural rights in the early modern world, the birth of celebrity culture and the phenomenon of modern political charisma among others, this collection shows the continuing vitality and importance of the field. This is an important book not only for specialists but for anyone interested in the origins of some of the most important issues in the politics and culture of the modern West.

The World of Consumption Ben Fine, Ellen Leopold, 2002-06 In the opinion of many people the last decade saw the arrival of the consumer society. However, the response of social theory to consumerism has been barely appropriate to the scale of the changes. As an antidote to this, the authors propose the adoption of a new, more inclusive theoretical approach based on systems of provision. This emphasises different forms of determination for different products. It also emphasises the essential continuity between the various aspects of consumption: production, distribution, marketing, advertising and sales.
