Guyon,Andrew Watts,2014-03-17 If the eighteenth century was the age of reason and enlightenment the nineteenth century was undeniably the age of movement This tumultuous period in French history bore witness to the rise and fall of countless political movements from revolutions and coups d tat to popular protests and the first workers strikes It was an age of economic movements as France embraced the new world of finance and banking and underwent its own industrial revolution Social mobility increased as a dynamic commercial bourgeoisie began to challenge the system of aristocratic privilege that neither the 1789 Revolution nor the Napoleonic Empire had dismantled entirely The era was one of artistic ferment as Romanticism gave way to Realism Naturalism Impressionism and Symbolism Intellectual and philosophical movements from Liberalism to Saint Simonianism sought both to reconcile the country with its past and construct the framework for a progressive more harmonious future Through seventeen thematic essays *Aller s Retour s* seeks to understand nineteenth

century France as a society in perpetual motion Recognising the instability that is key to the very concept of movement this volume explores how the intellectual shifts and cross currents of the nineteenth century responded to and impacted upon each other Finally it asks why questions of motion and movement dominated this period as every sphere of French life confronted its own extremes of progress and renewal stagnancy and regression **Les Misérables and Its Afterlives**
