Manet/Velázquez Gary Tinterow, Geneviève Lacambre, Metropolitan Museum of Art (New York, N.Y.), Musée d'Orsay, 2003 Here approximately two hundred works by French and Spanish artists chart the development of this cultural influence and map a fascinating shift in the paradigm of painting from Idealism to Realism from Italy to Spain from Renaissance to Baroque Above all these images demonstrate how direct contact with Spanish painting fired the imagination of nineteenth century French artists and brought about the triumph of Realism in the 1860s and with it a foundation for modern art BOOK JACKET

The Routledge Hispanic Studies Companion to Nineteenth-Century Spain Elisa Martí-López, 2020-09-24 The Routledge Hispanic Studies Companion to Nineteenth Century Spain brings together an international team of expert contributors in this critical and innovative volume that redefines nineteenth century Spain in a multi national multi lingual and transnational way This interdisciplinary volume examines questions moving beyond the traditional concept of Spain as a singular homogenous entity to a new understanding of Spain as an unstable set of multipolar and multilinguistic relations that can be inscribed in different translational ways This invaluable resource will be of interest to advanced students and scholars in Hispanic Studies

Documenting Spain: Artists, Exhibition Culture, and the Modern Nation, 1929-1939, The news media have given us potent demonstrations of the ambiguity of ostensibly truthful representations of public events Jordana Mendelson uses this ambiguity as a framework for the study of Spanish visual culture from 1929 to 1939 a decade marked on the one hand by

dictatorship civil war and Franco's rise to power and on the other by a surge in the production of documentaries of various types from films and photographs to international exhibitions Mendelson begins with an examination of El Pueblo Español a model Spanish village featured at the 1929 International Exposition in Barcelona She then discusses Buñuel's and Dalí's documentary films relating them not only to French Surrealism but also to issues of rural tradition in the formation of regional and national identities Her highly original book concludes with a discussion of the 1937 Spanish Pavilion where Picasso's famed painting of the Fascist bombing of a Basque town Guernica was exhibited along with monumental photomurals by Josep Renau Based upon years of archival research Mendelson's book opens a new perspective on the cultural politics of a turbulent era in modern Spain It explores the little known yet rich intersection between avant garde artists and government institutions It shows as well the surprising extent to which Spanish modernity was fashioned through dialogue between the seemingly opposed fields of urban and rural fine art and mass culture Cincinnati Magazine, 1986-04 Cincinnati Magazine taps into the DNA of the city exploring shopping dining living and culture and giving readers a ringside seat on the issues shaping the region **Cincinnati Magazine**, 1986-04 Cincinnati Magazine taps into the DNA of the city exploring shopping dining living and culture and giving readers a ringside seat on the issues shaping the region
