French Studies in Honor of Philip A. Wadsworth Donald W. Tappan, William A. Mould, 1985 **French Studies in Honor of Philip A. Wadsworth** Donald W. Tappan, William A. Mould, 1985 Refiguring La Fontaine Anne Lynn Birberick, 1996 Reprint of an internationally praised collection of essays by a team of cutting edge La Fontaine scholars

French XX Bibliography Susquehanna University Press, 1991-09 This series of bibliographical references is one of the most important tools for research in modern and contemporary French literature No other bibliography represents the scholarly activities and publications of these fields as completely **Reading Between the Lines** Jean H. Duffy, 1998-01-01 This is the first extended analysis of Simon's novels examining the relationship between the work of the French Nobel prize winning novelist Claude Simon and that of a number of visual artists whose work he has used as stimuli in the production of his novels **Claude Simon** Jean H. Duffy, Alastair B. Duncan, 2002-01-01 This collection of essays celebrates the work of the French Nobel prize winning novelist Claude Simon Scholars reconsider the fifty years of Simon's fiction in the light of his large scale autobiographical novel *Le Jardin des Plantes* 1997 From a variety of perspectives postmodernist psychoanalytic aesthetic chapters reflect on the central paradox of Simon's work his writing and rewriting of an experience of war so disruptive and traumatic that words can never be adequate to communicate it **Reading Undercover** Anne L. Birberick, 1998-12 This study examines author audience relations in the works of the seventeenth century French poet Jean de La Fontaine Focusing on the Fables *Les Amours de Psyche et de Cupidon* and the *Contes* Anne L. Birberick explores how La Fontaine remains a largely subversive artist even while he seeks to establish himself within a conventional system of literary patronage Birberick offers an anatomy of readers as she shows how La Fontaine simultaneously appeals to multiple readers whose tastes range from the literal to the ironic from the orthodox to the heterodox To negotiate successfully between and among such diverse audiences the poet employs techniques of concealment and disclosure to foster an anticanonical public **The French Novel** Sharon Diane Nell, Bernadette C. Lintz, George Poe, 1995 **The Shape of Change**, 2021-11-01 In *The Shape of Change* Anne L. Birberick and Russell Ganim bring together essays by fourteen established scholars who dedicate their studies to David Rubin as they explore the ways in which artistic endeavor shapes and is shaped by literary memory The volume is divided into two sections The first section *Continuity and Discontinuity* offers essays by Jody Enders Timothy Reiss Twyla Meding Marie Odile Sweetser Robert Corum Jr and the editors themselves and considers the ways in which seventeenth century authors draw upon generic conventions or diverse artistic media to create works that reflect the aesthetic and moral values of their time The second section entitled *La Fontaine* focuses primarily on Jean de La Fontaine's masterpiece *Les Fables* Here the problem of imitation and innovation as it relates to genre influence and literary reputation is examined in essays by Jules Brody Richard Danner Judd Hubert Catherine Gris Michael Vincent Nicholas Cronk and Ralph Albanese Jr *The Shape of Change* serves as a fine scholarly contribution to the studies of French

seventeenth century literature and La Fontaine The essays are thoughtful as well as thought provoking and the volume s critical diversity is nicely balanced by its thematic coherence In its ability to stimulate new thinking this collection of essays will be of interest to both students and scholars of early modern France *Questions of Interpretation in La Princesse de Clèves* John Campbell,2023-12-14 People are so divided about La Princesse de Clèves they re ready to devour each other So reported Mme de Lafayette to whom his landmark of French fiction is traditionally attributed when it first appeared in 1678 Over three centuries the initial divisions have widened into large areas of critical disagreement Questions of interpretation in La Princesse de Clèves outlines the main areas of controversy and confronts the radically divergent critical responses that have been made with the witness of the text itself Without seeking to advance easy solutions it suggests plausible readings and possible approaches in the light of the evidence provided by language and ideas more uncertain and ambiguous than might at first appear Offering as it does a wide ranging review of recent critical opinion and providing the most comprehensive and up to date bibliographical tool at present available this important new work is an invaluable tool for all readers and students of this famous novel **Before Imagination** John D. Lyons,2005 A study of the practice of vivid self directed imagination in the optimistic spirit of the early modern French writers *Critical Perspectives on Léopold Sédar Senghor* Janice Spleth,1993 This collection of essays aims to highlight the importance that Senghor has had in bringing an African perspective about Africa to the West Topics covered include Senghor s ideology his poetic method and the influence of Western religion on his work *An Inimitable Example* Patrick Gerard Henry,1992 Madame de Lafayette s La Princesse de Cleves has since its publication in the late 17th century been subjected to moralistic evaluation that has chastened and maligned the heroine for over three hundred years The princess has been accused of implausible behaviour deep seated egoism irreligion obsessive concern with appearances suicidal tendencies psychological immaturity cowardice and general inauthenticity as a human being *Literature Criticism from 1400 to 1800* ,2006 *Rethinking Classicism* ,1990 *Australian Journal of French Studies* ,1998 *Exemplum* John D. Lyons,2014-07-14 Examples crucial links between discourse and society s view of reality have until now been largely neglected in literary criticism In the first book length study of the rhetoric of example John Lyons situates this figure by comparing it with more frequently studied tropes such as metaphor and synecdoche discusses meanings of the terms example and exemplum and proposes a set of descriptive concepts for the study of example in early modern literature Tracing its paradoxical nature back to Aristotle s Rhetoric Lyons shows how exemplary rhetoric is caught between often competing aims of persuasive general statement and accurate representation In French and Italian texts of the sixteenth and seventeenth centuries this dual task was rendered still more challenging by a transition to new sources of examples as the age of discovery brought increased emphasis on observation The writers of this period were aware of a crisis in exemplary rhetoric a situation in which serious questions were raised about how authors and audience would find a common ground in interpreting representative instances Lyons s focus on the

strategy of example leads to new readings of six major writers Machiavelli Marguerite de Navarre Montaigne Pascal Descartes and Marie de Lafayette Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 A Pact with Silence David Lee Rubin,1991 A Pact with Silence explores four fundamental issues genre moral viewpoint book structure and historical context in La Fontaine s Fables one of the most widely read and frequently translated works of French classical literature

Guide to French Poetry Explication Kathleen Coleman,1993 **Facets of a Princess** Michael G. Paulson,1998 A critical study of Madame de La Fayette s La Princess de Cleves Unlike previous studies of the 17th century novel this work does not limit its focus to a single critical approach but instead examines it from political historical extreme feminist and religious perspectives No index Annotation copyrighted by Book News Inc Portland OR
