French Warship Series Hitler La Flotte Francaise Toulon 194044:

The Cyrano Fleet Charles Koburger, 1989-03-07 The first and only scholarly book in English about the French Navy during the reign of the Vichy government The Cyrano Fleet is a revisionist study presenting the French version of the events of 1940 through 1942 Captain Koburger s use of French sources has allowed him to put forth evidence that contradicts and often corrects our understanding of this complex period of French maritime history In particular he attacks the Anglo American conception of the Vichy navy as fascist His findings shed new light on the often strained relations between NATO and the French armed forces This carefully researched book will interest students and scholars of twentieth century history political science foreign affairs and military studies It is now half a century since the Allies the Grand Alliance of the Second World War managed one way or another to destroy France s Navy This Navy had been first an important ally then a neutral force and finally the instrument of its own destruction It is now about time that we re examined the record and finally took steps to set it straight So writes Captain Koburger in the introduction to The Cyrano Fleet a book that all these years later sets the record straight about the Vichy French Navy

Sink the French David W. Wragg, 2007 The victorious German Blitzkrieg assault on Holland Belgium and Northern France placed Anglo French relations under huge strain The Vichy surrender raised real British fears that the Germans would force the French Fleet the fourth largest in the world to turn against their former ally while in fact their orders were to scuttle in the event of the Germans attempting to seize them At War With Our Ally examines the background to the fall of France and its consequences most particularly the way the French Navy was dealt with It studies the confused situation that the chaos of devastating defeat created including the rise of a relatively junior French general Charles de Gaulle who was smuggled out of France by the RAF on the night of 16 17 June Elsewhere French ships were boarded and seized by the British and at Oran their Fleet was bombarded by the Royal Navy There were numerous other incidents with French aircraft bombing Gibraltar
