Davis,2009-05-15 We live in an age of obsession Not only are we hopelessly devoted to our work strangely addicted to our favorite television shows and desperately impassioned about our cars we admire obsession in others we demand that lovers be infatuated with one another in films we respond to the passion of single minded musicians we cheer on driven athletes To be obsessive is to be American to be obsessive is to be modern But obsession is not only a phenomenon of modern existence it is a medical category both a pathology and a goal Behind this

paradox lies a fascinating history which Lennard J Davis tells in *Obsession* Beginning with the roots of the disease in demonic possession and its secular successors Davis traces the evolution of obsessive behavior from a social and religious fact of life into a medical and psychiatric problem From obsessive aspects of professional specialization to obsessive compulsive disorder and nymphomania no variety of obsession eludes Davis s graceful analysis **Desire** Susan Cheever,2009-10-06 We ve all felt the giddy flutter of excitement when our new lover walks into the room Waited by the phone changed our plans But are we in love or is there something darker at work In *Desire* Where Sex Meets Addiction Susan Cheever explores the shifting boundaries between the feelings of passion and addiction desire and need and she raises provocative and important questions about who we love and why Elegantly written and thoughtfully composed Cheever s book combines unsparing and intimate memoir interviews and stories hard science and psychology to explore the difference between falling in love and falling prey to an addiction Part one defines what addiction is and how it works the obsession the betrays the broken promises to oneself and others Part two explores the possible causes of addiction is it nature or nurture a permanent condition or a temporary derangement Part three considers what we can do about it including a provocative suggestion about how we describe and treat addiction and a look at the importance of community and storytelling In the end there are no easy answers A straight look about some crooked feelings *Desire* shows us the difference between the addiction that cripples our emotions and healthy empowering love that enhances our lives **Magnificent Obsession** Lloyd C. Douglas,2021-11-09 In *Magnificent Obsession* Lloyd C Douglas presents a gripping narrative that weaves together themes of love redemption and spiritual awakening The novel set in the early 20th century employs a straightforward yet evocative literary style that enhances its profound philosophical inquiries Douglas explores the dichotomy between materialism and altruism creating a rich tapestry of characters whose lives intertwine within a framework of divine providence and the transformative power of selfless love Engaging the reader s emotional and moral senses the novel invites contemplation on the meaning of purpose and sacrifice Lloyd C Douglas a former minister and a keen observer of human behavior draws upon his theological background to inform the moral dimensions of the narrative His experiences navigating the complexities of faith and humanity profoundly influenced his writing *Magnificent Obsession* reflects Douglas s belief in the capacity for personal transformation and the interplay of love and duty serving as a spiritual mirror to his own convictions and values I enthusiastically recommend *Magnificent Obsession* to readers seeking a thought provoking and uplifting story that transcends time This novel not only entertains but also challenges the reader to reflect on their priorities and the impact of their actions on the lives of others Douglas s masterful storytelling and insightful themes will resonate with anyone exploring the depths of human experience **Conquering Vocab** Novall Khan,2009-06 *Conquering Vocab* utilizes research in the cognitive sciences to provide the GRE test taker with the most efficient and effective way to learn vocabulary This method involves reading hundreds of vocabulary words in absurd but humorous contexts within one dozen short stories Each short
