

JOHNSTON

FREUD

THOMAS JOHNSTON
FREUD
& POLITICAL THOUGHT

An evaluation of Freud's most important political ideas, showing their relationship with his psychology, tracing their development, and demonstrating their unity.

Freud Political Thought

Terence Ball, Richard Bellamy

Freud Political Thought:

Freud Paul Roazen, Sigmund Freud had broad ambitions about what psychoanalysis could add to human thought But Freud's own writings have rarely been assessed within the perspective of political philosophy Political theorists will find in the school Freud established a rich storehouse of ideas For us to link up with what Freud was saying means to join in the great conversation about what the ends of the just society should be as well as what a fully developed person might be like Written more than twenty years ago the central interpretive theses found in Freud Political and Social Thought still ring true In his new introduction to this classic text Paul Roazen contends that today from the point of view of intellectual history Freud looms as a subject in an even larger way than he did back in the 1960s His thinking has impinged for good or ill on how we think about character and the nature of human impulses Privacy itself has been affected so much so that political candidates now feel free to use intimate material from private life for manipulative public purposes Yet after all this time political scientists remain reluctant to entertain the need to explore the psychological dimension of all political events Without reducing politics to psychoanalysis or inflating psychological categories to embrace all of politics Roazen provides an introductory look at the field of psychoanalysis By bringing together the different disciplines of psychology and politics he breaks through parochialism Roazen is no advocate for psychoanalysis but believes that analysts have as much to learn from social science as the other way around This volume is proof that at its best political theory has to be inherently interdisciplinary As such this volume will be of interest to intellectual historians psychoanalysts and political theorists

Liberation and Its Limits Jeffrey B. Abramson, 1986 **Freud and Political Thought** Thomas E. Johnston, 1965 **A History of Western Political Thought** J. S. McClelland, Dr J S McClelland, 2005-07-15 A History of Western Political Thought is an energetic and lucid account of the most important political thinkers and the enduring themes of the last two and a half millennia Written with students of the history of political thought in mind the book traces the development of political thought from Ancient Greece to the late twentieth century focuses on individual thinkers and texts includes 40 biographies of key political thinkers offers original views of theorists and highlights those which may have been unjustly neglected develops the wider themes of political thought and the relations between thinkers over time **Late Capitalist Freud in Literary, Cultural, and Political Theory** Maria-Daniella Dick, Robbie McLaughlan, 2020-07-16 Late Capitalist Freud in Literary Cultural and Political Theory proposes that late Freudian theory has had an historical influence on the configuration of contemporary life and is central to the construction of twenty first century capitalism This book investigates how we continue to live in the Freudian century turning its attentions to specific crisis points within neoliberalism the rise of figures like Trump the development of social media as a new superego force the economics that underpin the wellness and self care industries as well as the contemporary consumption of popular culture to maintain the continued historical importance of Freudian thought in all its dimensions Drawing on psychoanalytic theory literary theory cultural studies and

political theory this book assesses the contribution that an historical and theoretical consideration of the late Freud can make to analyzing certain aspects of late capital **Encyclopedia of Political Thought** Garrett Ward Sheldon,2001 Presents articles on concepts issues and notable persons related to politics and political science throughout history Freud and Political Thought Thomas JOHNSTON (Assistant Professor at Eastern New Mexico University.),Sigmund Freud,1965

Meditations on Modern Political Thought Jean Bethke Elshtain,2010-11-01 Routledge Handbook of Psychoanalytic Political Theory Yannis Stavrakakis,2019-09-05 The emerging field of psychoanalytic political theory has now reached a stage

in its development and rapid evolution that deserves to be registered systematically defined and critically evaluated This Handbook provides the first reference volume which showcases the current state of psychoanalytic political theory maps the genealogy of its development identifies its conceptual and methodological resources and highlights its analytical innovations as well as its critical promise The Handbook consists of 35 chapters offering original comprehensive and critical reviews of this field of study The chapters are divided into five thematic sections Figures discusses the work of major psychoanalytic theorists who have influenced considerably the development of psychoanalytic political theory Traditions genealogically recounts and critically reassesses the many attempts throughout the 20th century of experimenting with the articulation between psychoanalysis and political theory in a consistent way Concepts asks what are the concepts that psychoanalysis offers for appropriation by political theory Themes presents concrete examples of the ways in which psychoanalytic political theory can be productively applied in the analysis of racism gender nationalism consumerism etc Challenges Controversies captures the ways in which psychoanalytic political theory can lead the way towards theoretical and analytical innovation in many disciplinary fields dealing with cutting edge issues The Routledge Handbook of Psychoanalytic Political Theory will serve as scholarly reference volume for all students and researchers studying political theory psychoanalysis and the history of ideas *Karl Marx's Social and Political Thought* Bob Jessop, Russell Wheatley, 1999 The Oxford Handbook of Political Theory John S. Dryzek, Bonnie Honig, Anne Phillips, 2006 Oxford Handbooks of Political Science are the essential guide to the state of political science today With engaging contributions from 51 major international scholars the Oxford Handbook of Political Theory provides the key point of reference for anyone working in political theory and beyond **Political Realism, Freud, and Human Nature in International Relations** R. Schuett, 2010-05-24 This book provides an important reappraisal of the concept of human nature in contemporary realist international political theory Developing a Freudian philosophical anthropology for political realism he argues for the careful resurrection of the concept of human nature in the wider study of international relations Political Theory Mr. Rohit Manglik, 2023-09-11 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels **Freud and the Politics of Psychoanalysis**, Freud and the Politics of Psychoanalysis is a sympathetic critique of Freud's work tracing its political content and context from his early writings on hysteria to his late essays on civilization and religion Brunner's central claim is that politics is a pervasive and essential component of all of Freud's discourse since Freud viewed both the psyche and society primarily as constellations of power and domination Brunner shows that when read politically Freud's discourse can be seen to unite mechanics and meaning into a plausible fruitful and internally consistent theory of the mind therapy family and society Part one deals with the medical and political background of Freud's work It explains how Freud postulated mental principles that were the same

for all races and nations The second part is concerned with the logic and language of Freud's theory of the mind Brunner also details how Freud introduced dynamics of dominance and subjugation into the very core of the psyche Part three addresses dynamics of power in the clinical setting which Freud forged out of a curious blend of authoritarian and liberal elements Brunner focuses on how this setting creates an arena for verbal politics He also examines various social factors that influenced the therapeutic practice of psychoanalysis such as class gender and education Part four explores Freud's analysis of the family and large scale social institutions Though Brunner is critical of the authoritarian bias in Freud's social theory he suggests that it provides a useful vocabulary to unmask hidden psychological aspects of domination and subjection This is an essential book for those interested in the history of ideas and psychoanalysis Jos Brunner is Senior Lecturer at the Buchmann Faculty of Law and the Cohn Institute for the History and Philosophy of Science and Ideas both at Tel Aviv University Born in Zurich Switzerland he has been living in Israel for most of the last three decades He is author of numerous publications on the history and politics of psychoanalysis and contemporary political theory *Encyclopedia of Political Theory* Mark Bevir,2010-03-18 Looking at the roots of contemporary political theory this three volume set examines the global landscape of all the key theories and the theorists behind them and provides concise to the point definitions of key concepts ideas schools and figures The Image of China in Western Social and Political Thought D. Jones,2001-10-16 David Martin Jones examines how China has been portrayed in European and subsequently North American social and political thought and what if anything this depiction tells us about the character of this thought Such a question immediately evokes the spectre of orientalism and subsequent chapters explore whether the identification of an orientalist project invalidates the knowledge claims of European and North American social and political thought as it evolved from the eighteenth to the twentieth century The Cambridge History of Twentieth-Century Political Thought Terence Ball,Richard Bellamy,2003-08-14 Table of contents
