Going To War In World War Two:

Broadway Goes to War Robert L. McLaughlin, Sally E. Parry, 2021-06-08 The American theater was not ignorant of the developments brought on by World War II and actively addressed and debated timely controversial topics for the duration of the war including neutrality and isolationism racism and genocide and heroism and battle fatigue Productions such as *Watch on the Rhine* 1941 *The Moon is Down* 1942 *Tomorrow the World* 1943 and *A Bell for Adano* 1944 encouraged public discussion of the war's impact on daily life and raised critical questions about the conflict well before other forms of popular media American drama of the 1940s is frequently overlooked but the plays performed during this eventful decade provide a picture of the rich and complex experience of living in the United States during the war years McLaughlin and Parry's work fills a significant gap in the history of theater and popular culture showing that American society was more divided and less idealistic than the received histories of the WWII home front and the entertainment industry recognize **Serbia and the Serbs in World War Two** Sabrina P. Ramet, 2011-10-31 A valuable and objective reassessment of the role of Serbia and Serbs in WWII Today Serbian textbooks praise the Chetniks of Draža Mihailović and make excuses for the collaboration of Milan Nedić's regime with the Axis However this new evaluation shows the more complex and controversial nature of the political alliances during the period World War II Dispatch, 1993 Political Science For Dummies Marcus A. Stadelmann, 2020-07-27 Expand your political science knowledge with a book that explains concepts in a way anyone can understand The global political climate is dynamic at times even volatile To understand this evolving landscape it's important to learn more about how countries are governed *Political Science For Dummies* explores the questions that political scientists examine such as how our leaders make decisions who shapes political policy and why countries go to war The book is the perfect course supplement for students taking college level introductory political science courses *Political Science For Dummies* is a guide that makes political science concepts easier to grasp Get a better understanding of political ideologies institutions policies processes and behavior Explore topics such as class government diplomacy law strategy and war Learn the specialized vocabulary within the field of political science Help prepare for a range of careers from policy analyst to legislative assistant Political science crosses into many other areas of study such as sociology economics history anthropology international relations law statistics and public policy Those who want to understand the implications of changing political economies or how governing bodies work can look to *Political Science For Dummies* It's the book that cuts through the jargon as it focuses on issues that interest readers World War Two at Sea Philip Kaplan, 2014-02-19 This wide ranging naval history features rare wartime battleship images combined with thrilling first person accounts from servicemen During the Second World War big gun battleships represented the ultimate power of the world's greatest navies In this book veteran battleship crew members describe their unforgettable experiences aboard these iconic vessels Here are the vivid recollections of a Royal Navy officer at Jutland tales of the loss of the German warship *Scharnhorst* in the arctic combat

experience inside a sixteen inch gun turret aboard an Iowa class battleship during the Gulf War and many others Included too is the story of the great German battleship Bismarck which sank the pride of the British fleet the story of HMS Hood and that of the USS Missouri on whose deck the final surrender document of the Second World War was signed The text is combined with a compelling selection of historic images representing the era of the great battleships from the early years through the First and Second World Wars Korea Vietnam the Gulf War and the preservation of a handful of these vessels as museum pieces today

Remembering Asia's World War Two Mark R. Frost, Daniel Schumacher, Edward Vickers, 2019-03-27 Over the past four decades East and Southeast Asia have seen a proliferation of heritage sites and remembrance practices which commemorate the region's bloody conflicts of the period 1931-45 **Remembering Asia's World War Two** examines the origins, dynamics and repercussions of this regional war memory boom The book analyzes the politics of war commemoration in contemporary East and Southeast Asia Featuring contributions from leading international scholars the chapters span China, Japan, Malaysia, Hong Kong and Singapore covering topics such as the commemoration of the Japanese military's comfort women system, forms of dark tourism or commemorative pilgrimages e.g. veterans' tours to wartime battlefields and the establishment and evolution of various war-related heritage sites and museums Case studies reveal the distinctive trajectories of new and newly discovered forms of remembrance within and across national boundaries They highlight the growing influence of non-state actors over representations of conflict and occupation as well as the increasingly interconnected and transnational character of memory making Taken together the studies collected here demonstrate that across much of Asia the public commemoration of the wars of 1931-45 has begun to shift from portraying them as a series of national conflicts with distinctive local meanings to commemorating the conflict as a common pan-Asian or even global experience Focusing on non-textual vehicles for public commemoration and considering both the local and international dimensions of war commemoration within **Remembering Asia's World War Two** will be a crucial reference for students and scholars of History, Memory Studies and Heritage Studies as well as all those interested in the history, politics and culture of contemporary Asia

United States Army in World War II., 1963 **Reporting World War II** G. Kurt Piehler, Ingo Trauschweizer, 2023-04-25 This set of essays offers new insights into the journalistic process and the pressures American front-line reporters experienced covering World War II Transmitting stories through cable or couriers remained expensive and often required the cooperation of foreign governments and the American armed forces Initially reporters from a neutral America documented the early victories by Nazi Germany and the Soviet invasion of Finland Not all journalists strove for objectivity During her time reporting from Ireland Helen Kirkpatrick remained a fierce critic of that country's neutrality Once the United States joined the fight after the Japanese attack on Pearl Harbor American journalists supported the struggle against the Axis powers but this volume will show that reporters even when members of the army sponsored newspaper Stars and Stripes were not mere ciphers of the official line African American reporters Roi Ottley and Ollie

Stewart worked to bolster the morale of Black GIs and undermined the institutional racism endemic to the American war effort. Women front line reporters are given their due in this volume examining the struggles to overcome gender bias by describing triumphs of Thelma Mabel Bonney, Iris Carpenter, Lee Carson and Anne Stringer. The line between public relations and journalism could be a fine one as reflected by the U.S. Marine Corps creating its own network of Marine correspondents who reported on the Pacific island campaigns and had their work published by American media outlets. Despite the pressures of censorship, the best American reporters strove for accuracy in reporting the facts even when dependent on official communiqués issued by the military. Many wartime reporters even when covering major turning points sought to embrace a reporting style that recorded the experiences of average soldiers. Often associated with Ernie Pyle and Bill Mauldin, the embrace of the human interest story served as one of the enduring legacies of the conflict. Despite the importance of American war reporting in shaping perceptions of the war on the home front as well as shaping the historical narrative of the conflict, this work underscores how there is more to learn. Readers will gain from this work a new appreciation of the contribution of American journalists in writing the first version of history of the global struggle against Nazi Germany, imperial Japan and fascist Italy.

The Ghost Army of World War II Rick Beyer, Elizabeth Sayles, 2023-10-10. A riveting tale told through personal accounts and sketches along the way, ultimately a story of success against great odds. I enjoyed it enormously. Tom Brokaw. The first book to tell the full story of how a traveling road show of artists wielding imagination, paint and bravado saved thousands of American lives, now updated with new material. In the summer of 1944, a handpicked group of young GIs, artists, designers, architects and sound engineers, including such future luminaries as Bill Blass, Ellsworth Kelly, Arthur Singer, Victor Dowd, Art Kane and Jack Masey, landed in France to conduct a secret mission. From Normandy to the Rhine, the 1,100 men of the 23rd Headquarters Special Troops, known as the Ghost Army, conjured up phony convoys, phantom divisions and make-believe headquarters to fool the enemy about the strength and location of American units. Every move they made was top secret and their story was hushed up for decades after the war's end. Hundreds of color and black and white photographs, along with maps, official memos and letters, accompany Rick Beyer and Elizabeth Sayles's meticulous research and interviews with many of the soldiers, weaving a compelling narrative of how an unlikely team carried out amazing battlefield deceptions that saved thousands of American lives and helped open the way for the final drive to Germany. The stunning art created between missions also offers a glimpse of life behind the lines during World War II. This updated edition includes a new afterword by co-author Rick Beyer, never before seen additional images. The successful campaign to have the unit awarded a Congressional Gold Medal. History and WWII enthusiasts will find *The Ghost Army of World War II* an essential addition to their library.

Billboard, 1998-10-31. In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital events brand. Content and data licensing platform. entertainment issues and trends **World's War Events** Francis Joseph Reynolds, Allen Leon Churchill, 1919 European Culture in Diversity Krystyna Kujawińska Courtney, Evan Williams, 2011-08-08 This collection of articles devoted to Europe was born from the urgent need to present the specificity of European culture both its unity and diversity and at the same time create a stimulating dialogue about European culture and its complexities European culture considered as all inherited beliefs and values behind social action has been treated in the past as a complex phenomenon of superior value as the result of a common past among European nations the permeation of various cultural elements between cultures and their absorption in different contexts In the past the process of shaping European identity was often fierce and dramatic influenced by the events taking place within but also outside European borders Now it has undergone various transformations as a result of new political economic and cultural challenges For this reason the authors and editors of this volume place emphasis on diachronic perspectives their approaches often consider local European issues against a global background *The Cambridge History of American Literature: Volume 7, Prose Writing, 1940-1990* Sacvan Bercovitch, Cyrus R. K. Patell, 1994 Volume VII of the Cambridge History of American Literature examines a broad range of American literature of the past half century revealing complex relations to changes in society Christopher Bigsby discusses American dramatists from Tennessee Williams to August Wilson showing how innovations in theatre anticipated a world of emerging countercultures and provided America with an alternative view of contemporary life Morris Dickstein describes the condition of rebellion in fiction from 1940 to 1970 linking writers as diverse as James Baldwin and John Updike John Burt examines writers of the American South describing the tensions between modernization and continued entanglements with the past Wendy Steiner examines the postmodern fictions since 1970 and shows how the questioning of artistic assumptions has broadened the canon of American literature Finally Cyrus Patell highlights the voices of Native American Asian American Chicano gay and lesbian writers often marginalized but here discussed within and against a broad set of national traditions Of Love and War Angela Wanhalla, 2023 Between 1942 and 1945 more than two million servicemen occupied the southern Pacific theater the majority of whom were Americans in service with the U S Army Navy Air Force and Marines During the occupation American servicemen married approximately 1 800 women from New Zealand and the island Pacific creating legal bonds through marriage and through children Additionally American servicemen fathered an estimated four thousand nonmarital children with Indigenous women in the South Pacific Command Area In *Of Love and War* Angela Wanhalla details the intimate relationships forged during wartime between women and U S servicemen stationed in the South Pacific traces the fate of wartime marriages and addresses consequences for the women and children left behind Paying particular attention to the experiences of women in New Zealand and in the island Pacific including Tonga Fiji Samoa and the Cook Islands *Of Love and War* aims to illuminate the impact of global war on these women their families and Pacific societies Wanhalla argues that Pacific war brides are an important though largely neglected cohort whose experiences of U S

military occupation expand our understanding of global war By examining the effects of American law on the marital opportunities of couples their ability to reunite in the immediate postwar years and the citizenship status of any children born of wartime relationships Wanhalla makes a significant contribution to a flourishing scholarship concerned with the intersections between race gender sexuality and militarization in the World War II era *The Heart that Has Truly Loved* Lorraine Vines, Michael Oakey, 2009 The memoirs and life of Lorraine Halse Vines 1918 to 2007 including childhood and school days pre war England Germany and America university and hospital study the RAAF and Jervis Bay civilian life family and career adventures with husband Bob final notes by daughter Kathi and funeral service German Military Vehicles of World War II Jean-Denis G.G. Lepage, 2014-11-18 This volume presents a cross section of the most common transport vehicles produced and used by the German army Tanks plus auxiliary vehicles such as cars motorcycles vans ambulances trucks and tractors made it possible for the troops to keep moving These lightly armored or unarmored vehicles aka soft skins operated behind the front lines maintaining supply lines connecting armies with their home bases and ultimately determining the outcome of battle Beginning with the development of military vehicles in the early 1930s this volume discusses the ways in which this new technology influenced and to some extent facilitated Hitler's program of rearmament Nomenclature standard equipment camouflage and the combat roles of the various vehicles are thoroughly examined Individual vehicle types are arranged and discussed by the following classifications cars and motorcycles trucks and tractors half tracks and wheeled combat vehicles Accompanied by well researched detailed line drawings each section deals with a number of individual vehicles describing their design manufacture and specific use Going to War in World War Two Moira Butterfield, 2001 Surveys the armed forces and battles of the Second World War including the Battle of Britain D Day and the war in the Pacific covering such topics as recruiting uniforms and gear naval and aerial battles the home front and prisoners of war Library of Congress Subject Headings Library of Congress, 2010 **Blonde Indian** Ernestine Hayes, 2015-05-15 In the spring the bear returns to the forest the glacier returns to its source and the salmon returns to the fresh water where it was spawned Drawing on the special relationship that the Native people of southeastern Alaska have always had with nature Blonde Indian is a story about returning Told in eloquent layers that blend Native stories and metaphor with social and spiritual journeys this enchanting memoir traces the author's life from her difficult childhood growing up in the Tlingit community through her adulthood during which she lived for some time in Seattle and San Francisco and eventually to her return home Neither fully Native American nor Euro American Hayes encounters a unique sense of alienation from both her Native community and the dominant culture We witness her struggles alongside other Tlingit men and women many of whom never left their Native community but wrestle with their own challenges including unemployment prejudice alcoholism and poverty The author's personal journey the symbolic stories of contemporary Natives and the tales and legends that have circulated among the Tlingit people for centuries are all woven together making Blonde

Indian much more than the story of one woman's life Filled with anecdotes descriptions and histories that are unique to the Tlingit community this book is a document of cultural heritage a tribute to the Alaskan landscape and a moving testament to how going back in nature and in life allows movement forward
