**Theological Education** Siobhán Garrigan,Todd Eric Johnson,2010-01-01 What is the place of corporate worship in theological education Certainly it is not unexpected to have ministry students attending seminary chapel but what are the expectations for the students who attend chapel Is it to form their liturgical sensibilities into conformity with a particular worship tradition or style Or is it to provide a safe place to try things that one would be reluctant to experiment with in congregational worship Although common worship for ministry students is almost a given in all theological schools there are few common understandings about it goals and purposes Common Worship in Theological Education is the first book to address the theological pedagogical and political issues involved in the planning and execution of seminary chapel It offers voices from across the theological and ecumenical spectrum about chapel as well as involving multiple disciplines in the conversation This volume provides the first comprehensive survey of the worship issues at stake in seminary education today The essays in this collection provide the foundation for a productive conversation within a seminary faculty or among colleagues within a theological discipline This volume makes the case that the chapel ought to have a seat at the table when the education mission of a theological school is being discussed So pull up a chair and prepare for a fascinating conversation
