Geerken, 2025-05-07 For a long time the Banda Islands were the only place on earth where the nutmeg would grow The spice was transported along the arduous Silk Road to Europe growing ever dearer as it travelled and when the nutmeg was also touted as a panacea against the plague it became for a while more valuable than gold Some of the European powers began a race to find the Spice Islands They wanted a share in the lucrative trade The Portuguese were the first Europeans to reach the Spice Islands followed by the Spanish and the English The last to arrive were the Dutch and their arrival triggered conquest wars and ruthless murder While the Portuguese Spanish and English simply wanted to trade with the Bandanese the Dutch aimed to take possession of the islands Out of sheer avarice they committed the first genocide in modern history there Today the Bandas are inhabited almost entirely by the descendants of the slaves brought to the islands by the Dutch The book contains many exciting and largely unknown stories about this tiny archipelago for example that one of the islands was once exchanged for Manhattan or that properties on the island of Banda Neira were once the most expensive real estate in the world This fascinating book documents the history of the Banda Islands and the colonisation of Indonesia It describes world shattering events and shows how a little nut altered the course of world history Fields of Gold: A steampunk

adventure novel featuring strong, smart women Shelley Adina, 2020-04-02 If a wedding won't stop a war what will Gloria Meriwether Astor's belief in doing the right thing has carried her across the world and through dangers that would have felled a lesser woman She believed that if she married the dashing Captain Fremont she could approach the Viceroy of the Royal Kingdom of Spain and the Californias with impunity She could convince the prince to stop the war their fathers began and then she could return to Philadelphia with her husband her conscience clear at last Sadly belief and reality are two different things The prince agrees to her proposal on one condition that she annul her marriage and become his wife instead Every woman has a threshold she will not cross Gloria has come to love her riverboat captain and the price of peace is simply too high But when the evil stalking the pleasant gardens of San Luis Obispo de Tolosa claims its victim the time for belief is over and the time to act daringly outrageously is at hand Do the witches hold the key to a way out of this trap All Gloria has to do is take up the crown of roses and play for the highest stakes All she has to do is become the iron dragon and start a war of her own I love the rose rebellion the power of women who aren't just going to be silent All of this comes with some excellent writing including a really really epic battle scene that was awesomely well done Fangs for the Fantasy on Fields of Gold Fields of Gold is the twelfth novel in the Magnificent Devices steampunk cozy fantasy series While Books 9-12 can be

Schwebel,Jocelyn Van Tuyl,2021-08-23 The oldest and most prestigious children s literature award the Newbery Medal has since 1922 been granted annually by the American Library Association to the children s book it deems most distinguished Medal books enjoy an outsized influence on American children s literature figuring perennially on publishers lists on library and bookstore shelves and in school curricula As such they offer a compelling window into the history of US children s literature and publishing as well as into changing societal attitudes about which books are best for America s schoolchildren Yet literary scholars have disproportionately ignored the Medal winners in their research This volume provides a critically and historically grounded scholarly analysis of representative but understudied Newbery Medal books from the 1920s through the 2010s interrogating the disjunction between the books omnipresence and influence on the one hand and the critical silence surrounding them on the other Dust Off the Gold Medal makes a case for closing these scholarly gaps by revealing neglected texts insights into the politics of children s literature prizing and by demonstrating how neglected titles illuminate critical debates currently central to the field of children s literature In particular the essays shed light on the hidden elements of diversity apparent in the neglected Newbery canon while illustrating how the books respond sometimes in quite subtle ways to contemporaneous concerns around race class gender disability nationalism and globalism
