Gold An Illustrated History:

Gold An Illustrated History V. Buranelli, 1979 *Gold And Silver In The West* Tom H. Watkins, 1971 **Gold** Vincent Buranelli, 1981 **The Gold Crusades** Douglas Fetherling, George Fetherling, 1997-01-01 Among the hordes of starry eyed argonauts who flocked to the California gold rush of 1849 was an Australian named Edward Hargraves He left America empty handed only to find gold in his own backyard The result was the great Australian rush of the 1850s which also attracted participants from around the world A South African named P J Marais was one of them Marais too returned home in defeat only to set in motion the diamond and gold rushes that transformed southern Africa And so it went Most previous historians of the gold rushes have tended to view them as acts of spontaneous nationalism Each country likes to see its own gold rush as the one that either shaped those that followed or epitomized all the rest In *The Gold Crusades A Social History of Gold Rushes 1849 1929* Douglas Fetherling takes a different approach Fetherling argues that the gold rushes in the United States Canada Australia New Zealand and South Africa shared the same causes and results the same characters and characteristics He posits that they were in fact a single discontinuous event an expression of the British imperial experience and nineteenth century liberalism He does so with dash and style and with a sharp eye for the telling anecdote the out of the way document and the bold connection between seemingly unrelated disciplines Originally published by Macmillan of Canada 1988 *Dye's Coin Encyclopædia: A Complete Illustrated History of the Coins of the World* John S. Dye, 2024-01-26 Reprint of the original first published in 1883 *Illustrated History of the United States Mint*, 1888 **Illustrated History of the United States Mint** George Greenlief Evans, 1894 **An Illustrated History of the State of Washington** Harvey Kimball Hines, 1893 **The Illustrated History of the British Empire in India and the East, from the Earliest Times to the Suppression of the Sepoy Mutiny in 1859** E. H. Nolan, 1859 **The Cambridge Illustrated History of the British Empire** P. J. Marshall, 2001-08-02 Up to World War II and beyond the British ruled over a vast empire Modern western attitudes towards the imperial past tend either towards nostalgia for British power or revulsion at what seem to be the abuses of that power The Cambridge Illustrated History of the British Empire adopts neither of these approaches It aims to create historical understanding about the British empire on the assumption that such understanding is important for any informed appreciation of the modern world Through striking illustration and a text written by leading experts this book examines the experience of colonialism in North America India Africa Australia and the Caribbean as well as the impact of the empire on Britain itself Emphasis is placed on social and cultural history including slavery trade religion art and the movement of ideas How did the British rule their empire Who benefited economically from the empire And who lost *An Illustrated History of Stevens, Ferry, Okanogan and Chelan Counties, State of Washington*, 1904 **Illustrated History of Furniture** Frederick Litchfield, 1903 *Illustrated History of Plumas, Lassen & Sierra Counties*, 1882 *Cassell's Illustrated History of England*, 1857 **John Cassell's Illustrated History of England** John Frederick Smith, 1862

Illustrated History of the Bible John Kitto, 1909 The illustrated history of the British empire in India and the East ... to the suppression of the Sepoy mutiny in 1859. With a continuation [by another author] to the end of 1878 Edward Henry Nolan, 1878 **The Cambridge Illustrated History of the Middle Ages** Robert Fossier, 1986 This is the second volume of one of the finest general introductions to the medieval world of recent times first published in French by Armand Colin Volume II begins at the turn of the millennium and covers the extraordinary rebirth of Europe in terms of demographic expansion agrarian settlement and organisation the establishment of towns and villages the ascendancy of the feudal system the appearance of formal states and kingdoms and the dramatic controlling ascendancy of the western Church In the east despite the external appearance of grandeur the Islamic countries were being torn apart by mutual rivalry while the Byzantine empire lost massive border territories through political and economic incompetence Full coverage is given to both east and west and their artistic heritage is displayed lavishly in many of the colour plates A comprehensive bibliography is also included **John Cassell's illustrated history of England. The text, to the reign of Edward i by J.F. Smith; and from that period by W. Howitt** Cassell, Ltd, 1865 **The Illustrated History of the British Empire in India and the East, from the Earliest Times to the Suppression of the Sepoy Mutiny in 1859** Edward Henry Nolan, 1878
