Gold Fever Steve Boggan,2015-04-16 Gold For centuries people have been entranced by the riches it promises thousands have gone wild in their search for it and surely there will be many more After the Financial Crisis the price of gold reached peaks never seen in history All over the world particularly in the United States people with no experience of prospecting began shopping for shovels pickaxes gold pans tents generators and all manner of equipment they had no idea how to use And off they went mining In 2013 Steve Boggan decided he wanted a piece of the action flying to San Francisco to join the 21st century s gold rush in a quest to understand the allure of the metal and maybe find some for himself too Meeting a selection of colourful characters dreaming of striking it rich he gets a crash course in small scale prospecting while learning about the history and economics of gold He also takes us back in time to the original gold rush two centuries ago tracing the path of the first intrepid 49ers who trekked thousands of miles risking death for the chance of unimaginable wealth Written with Boggan s characteristic charm Gold Fever is a hugely entertaining travelogue and a moving insight into a key period in the creation of modern America Gold Fever Steve Boggan,2016 **Gold Fever** Raymond Charles Rensi,Harold David Williams,1988 In 1828 the lure of gold brought thousands of hopeful fortune hunters to the north Georgia mountains Towns banks even a mint sprang up and the gold rush was on This publication describes the excitement conflict success and disappointment of Georgia s gold rush **Rush for Riches** J. S. Holliday,1999 Traces the history of the California Gold Rush from 1849 through 1884 when a court decision forced the shut down of the hydraulic mining operations bringing decades of careless freedom to an end *The Georgia Gold Rush* David Williams,2023-02-08 The definitive story of Georgia s role in the first U S gold rush In the 1820s a series of gold strikes from Virginia to Alabama caused such excitement that thousands of miners poured into the region This southern gold rush the first in U S history reached Georgia with the discovery of the Dahlonega Gold Belt in 1829 The Georgia gold fields however lay in and around Cherokee territory In 1830 the State of Georgia extended its authority over the area and two years later the land was raffled off in a lottery Although they resisted this land grab through the courts the Cherokees were eventually driven west along the Trail of Tears into what is today northeastern Oklahoma The gold rush era survived the Cherokees in Georgia by only a few years The early 1840s saw a dramatic decline in the fortunes of the southern gold region When word of a new gold strike in California reached the miners they wasted no time in following the banished Indians westward In fact many Georgia twenty niners became some of the first California forty niners Georgia s gold rush is now almost two centuries past but the gold fever continues Many residents still pan for gold and every October during Gold Rush Days hundreds of latter day prospectors

relive the excitement of Georgia's great antebellum gold rush as they throng to the small mountain town of Dahlonega
