Naval Aviation News ,1988-07      *The Marine Corps Gazette* ,1981      Free Trade in the Bermuda Triangle-- and Other Tales of Counterglobalization Brett Neilson,2004 An alternative approach to mapping the world offers a new way to contest capitalism and globalization Shangri La the Bermuda Triangle Transylvania the Golden Triangle far flung in popular conception these anomalous places nonetheless occupy the same mysterious zone a mythography of unruly cartographic practices And because this mythography becomes associated with a particular area of the earth s surface it may well suggest an alternative means of mapping the world dissociated from the dominant geographical paradigms of nation state economic region and the global local marketing nexus Large scale nonnational geographical spaces that find their genesis in popular feeling mystery and belief these four sites provide Brett Neilson with the basis not only for rethinking the current global reorganization of space and time but also for questioning the dominant narrative by which globalization marks the victory of capitalism Free Trade in the Bermuda Triangle moves between analysis of popular fantasies and engagement with on the ground realities weaving together topics as diverse as airplane disasters off the U S Atlantic coast the global drug trade vampire culture in postsocialist Europe and the search for utopia in Chinese occupied Tibet The study of globalization is largely a solemn affair occupied with increasing economic polarities environmental degradation and global insecurity Free Trade in the Bermuda Triangle maintains a critical focus on these sobering issues but at the same time asks how popular pleasure and enjoyment can create viable alternatives to the current global order Neilson takes seriously the proposition that capitalism must be contested at its own level of generality finding provisional grounds for resistance in nonlocal transnational spaces that embody quotidian hopes desires and anxieties By studying the real and imagined dimensions of these popular geographies his book seeks resources for social betterment in the fallen mythologies of the contemporary postutopian world

Convictions of the Heart John L. Holgerson,2021-05-24 Don t write about ideas Write about convictions of the heart Leonard Cohen John Holgerson s Convictions of the Heart leans in to the muses of place and memory Many of the poems written in and often about time spent on the Greek Island of Hydra are infused with languor matched with a sensual aliveness Holgerson is at his best when gathering the fine details of the senses into scenes that make us want to sit in a certain taverna beneath an arbor or traverse a particular solitary path where we may stumble on the ghost of Leonard Cohen Other poems reach across decades reminding us that then and now are married forever strong and fragile as the small and resolute red apple stem Auguries come from odd places wistfulness is allowed some loves last MIRIAM O NEAL author of The Body
