Golden Opportunities Secrets Of Greater Health Wealth Happiness:

Self Help: Law of Attraction: Secrets to Manifest Health, Wealth, Love and Abundance Through Manifesting and Affirmations Elizabeth Bernstein, Gabrielle Gilbert, 2018-10-08 Did you know you could be successful and live your dream life today Let me tell you a secret The main reason why I wrote this book is to give everyone these critical pieces of information that are often missing but absolutely necessary for successful manifestation with the Law of Attraction And make no mistake about it The Law of Attraction absolutely works especially with the missing pieces you will find here If you have listened to my other books you know that I am a firm believer in the fact that the Law of Attraction always responds to persistent committed action It does so because it is a spiritual law that responds to human belief in the same way that the laws of nature respond to all who use them And being a spiritual law it works for everyone in the same way no matter how young or old a person is or how rich or poor Daily committed action is the single factor that will determine your success with the Law of Attraction whether you choose to manifest financial abundance a satisfying career or the love of your life And you won't have to wait for a long time You will notice your manifestation abilities remarkably accelerate and improve within just a few days Over the coming weeks these strategies will have a cumulative impact on your thinking habits Imagine having an unstoppable mindset to attract what you want Download your copy today *Health Wealth and Happiness* Lee Black, 2023-04-01 Here is where I am supposed to say something to inspire you to read the book but the truth is that there is a person who would be more inspirational that person is your future self I can only say that right now is like the moment when a person hiking in the desert runs across a shiny object from a distance In that first moment they may think it is just something they have seen before like a worthless piece of scrap metal or a shiny rock and they may even consider ignoring it and moving on It is only when they decide to go closer and to examine what they have found that they begin to understand how great that decision was The shiny object turns out to be a rare solid gold lamp and further examination reveals that inside of the lamp is an ancient treasure map showing the location to multiple precious treasures Your future self would tell you that this moment when you decided to examine this book is when you made one of the best and most important decisions in your life The writings here are the end result of a life long quest for life's treasures Early in life I spent decades searching for something of great value but I never found it I wanted to find a book with the complete answers about how to get the most desired things in life I could not find what I was searching for in the schools or universities I attended I never found all the answers from any book professor religious leader business person political leader philosopher or scientist And in the end I only found many small bits and pieces of a much larger puzzle I wished for something with all the pieces put together Then I decided to put all the pieces together and to actually write the book I never found This is THE book This book does the seemingly impossible it actually contains the complete information on how to acquire the most desired things in life for everyone in every stage of life **The Golden Book Magazine** ,1925 **Popular Mechanics** ,1917-01 Popular Mechanics
