The New York Times Index, 2003 [The Golden Age](#) John C. Wright, 2003-04-14 The Golden Age is Grand Space Opera a large scale SF adventure novel in the tradition of A E Van vogt and Roger Zelazny with perhaps a bit of Cordwainer Smith enriching the style It is an astounding story of super science a thrilling wonder story that recaptures the excitements of SF's golden age writers The Golden Age takes place 10 000 years in the future in our solar system an interplanetary utopian society filled with immortal humans Within the frame of a traditional tale the one rebel who is unhappy in utopia Wright spins an elaborate plot web filled with suspense and passion Phaethon of Radamanthus House is attending a glorious party at his family mansion to celebrate the thousand year anniversary of the High Transcendence There he meets first an old man who accuses him of being an impostor and then a being from Neptune who claims to be an old friend The Neptunian tells him that essential parts of his memory were removed and stored by the very government that Phaethon believes to be wholly honorable It shakes his faith He is an exile from himself And so Phaethon embarks upon a

quest across the transformed solar system Jupiter is now a second sun Mars and Venus terraformed humanity immortal among humans intelligent machines and bizarre life forms that are partly both to recover his memory and to learn what crime he planned that warranted such preemptive punishment His quest is to regain his true identity The Golden Age is one of the major ambitious SF novels of the year and the international launch of an important new writer in the genre At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied Books In Print 2004-2005 Ed Bowker Staff, Staff Bowker, Ed, 2004

Gold, Festivals, and Music in Southeast Brazil Barbara Alge, 2021-07-29 Gold Festivals and Music in Southeast Brazil Sounding Portugueseness is a study of the musical legacy of the eighteenth century Brazilian gold rush that integrates ethnographic research of the main genres of former mining communities in Brazil from liturgical music in the style of European art music to Afro Brazilian musical expressions Its content and structure are informed by Norbert Elias's idea of the civilizing process which is explored regarding its relevance in interpreting sociocultural processes and choreo musical expressions in the small town of Morro Vermelho The book's innovative feature is its focus on a little known area to non Brazilian scholars and its focus on the colonial and European heritage in Brazil Morro Vermelho's cultural traditions have received relatively limited attention The Catholic festival of Our Lady of Nazareth provides a setting for the documentation and analysis of the musical setting and is thus placed at the center of the discussion It leads through the vast writings on Brazilian identity and challenges the view on Brazilian ness as constructed in terms of the mixing of races Norbert Elias's concept of the civilizing process structures the book and is relevant for understanding the cultural sphere of the festival of Our Lady of Nazareth The book combines discourses of Portugueseness with historical sources and observations from fieldwork and community building in the virtual world The focus on the music to support social constructions of Portugueseness is supported with evidence from diverse data sources music literature and fieldwork recordings original interviews marketing materials and

historical narratives The combination of archival ethnographic and bibliographic research methods attempts a seamless narrative Its approach to fieldwork and frank reflections on the process and relevant issues help to contextualize the analyses and serve as useful advice for future researchers *A Companion to British Literature, Volume 4* Robert DeMaria, Jr., Heesok Chang, Samantha Zacher, 2013-12-13 *A Companion to British Literature Victorian and Twentieth Century Literature 1837 2000* *Kabbalah and Literature* Kitty Millet, 2024-01-11 Focuses on a range of Jewish and non Jewish writers to examine the intersection of Kabbalah the Jewish mystical tradition and secular Jewish literatures Kabbalah and Literature shows how the Jewish mystical tradition contributes to the renewal of literature in a modern global and increasingly disconnected age Kitty Millet explores Kabbalah s conceptual underpinnings aesthetic principles tenets and signifiers to demonstrate how literature s absorption of kabbalistic material has altered its ontology function and the tasks it sets for itself Reading writers from Europe and the Americas Kitty Millet maps how the kabbalist s desire to recover Eden transforms into a latent messianic drive only intuitable through text Thus it charts a journey of sorts a migration of Jewish mystical material embedded surreptitiously within text in order to shift ever so slightly at times the range of the literary to encompass an aesthetic vision not easily reducible to the literal the known the allegorical or even the philosophical In this way Kabbalah and Literature proposes a novel intuitive approach shifting focus away from the Jewish text s epistemological elements to embrace its secrets **Political Advancement and Religious Transcendence** Hui-Chi Lo, 2009 **The Phoenix Exultant** John C. Wright, 2007-04-01 And now The Phoenix Exultant a second epic novel of an heroic quest in a far future world of super science from an important new talent The Phoenix Exultant is a continuation of the story begun in The Golden Age and like it a grand space opera in the tradition of Jack Vance and Roger Zelazny with a touch of Cordwainer Smith style invention At the conclusion of the first book Phaethon of Radamanthus House was left an exile from his life of power and privilege Now he embarks upon a quest across the transformed solar system Jupiter is a second sun Mars and Venus terraformed humanity immortal among humans intelligent machines and bizarre life forms to recover his memory to regain his place in society and to move that society away from stagnation and toward the stars And most of all Phaethon s quest is to regain ownership of the magnificent starship the Phoenix Exultant the most wonderful ship ever built and to fly her to the stars It is an astounding story of super science a thrilling wonder story that recaptures the verve of SF s Golden Age writers The Phoenix Exultant is a suitably grand and stirring fulfillment of the promise shown in The Golden Age and confirms John C Wright as a major new talent in the field At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied **Un-Australian Fictions** Eleni Pavlides, 2014-08-11 Un Australian Fictions sets out to analyse a subset of Australian literary fictions published between 1988 and 2008 from the bicentenary of British settlement to the global financial crisis and into a new millennium During a new transnational era Australians faced sober and unsettling times Already accorded the status of national obsession issues of national identity were vigorously contested

Concepts such as the nation multiculturalism and globalisation became topics for heated discussion in the public sphere Australia's literary communities were not immune or isolated from these ongoing discussions The un Australian fictions which this book studies represent the challenges which these texts in their own unique way bring to the Australian national ethos and the national mythology which is predicated on traditions such as masculism a bush ethos the pre eminence of white colonial settlement connectedness to an imaginative European geography as well as an unbreakable tie to Britain As un Australian fictions these texts reflect the destabilisation of what were once certain spatial and psychic borders and orders of Australianness They affect as well as reflect the wider conversation that continues today about what being Australian means in a new millennium

The Oxford Handbook of Shakespeare's Poetry Jonathan Post, 2013-07-18 The Oxford Handbook of Shakespeare's Poetry contains thirty eight original essays written by leading Shakespeareans around the world Collectively these essays seek to return readers to a revived understanding of Shakespeare's verbal artistry in both the poems and the drama The volume understands poetry to be not just a formal category designating a particular literary genre but to be inclusive of the dramatic verse as well and of Shakespeare's influence as a poet on later generations of writers in English and beyond Focusing on a broad set of interpretive concerns the volume tackles general matters of Shakespeare's style earlier and later questions of influence from classical continental and native sources the importance of words line and rhyme to meaning the significance of songs and ballads in the drama the place of gender in the verse including the relationship of Shakespeare's poetry to the visual arts the different values attached to speaking Shakespeare in the theatre and the adaptation of Shakespearean verse as distinct from performance into other periods and languages The largest section with ten essays is devoted to the poems themselves the Sonnets plus A Lover's Complaint the narrative poems Venus and Adonis and The Rape of Lucrece and The Phoenix and the Turtle If the volume as a whole urges a renewed involvement in the complex matter of Shakespeare's poetry it does so as the individual essays testify by way of responding to critical trends and discoveries made during the last three decades

The Religion of Reality Didier Maleuvre, 2006 The book first argues that religious feeling persists in the secular western mind that it has taken refuge in the unlikeliest of camps indeed with the supposed debunker of religious creed the rationalist existential ego *Poetry and Revelation* Kevin Hart, 2017-04-20 Religious poetry has often been regarded as minor poetry and dismissed in large part because poetry is taken to require direct experience whereas religious poetry is taken to be based on faith that is on second or third hand experience The best methods of thinking about experience are given to us by phenomenology Poetry and Revelation is the first study of religious poetry through a phenomenological lens one that works with the distinction between manifestation in which everything is made manifest and revelation in which the mystery is re veiled as well as revealed Providing a phenomenological investigation of a wide range of religious poems some medieval some modern some written in English others written in European languages some from America some from Britain and some from Australia Kevin Hart provides a

unique new way of thinking about religious poetry and the nature of revelation itself **Orange Coast Magazine** ,1995-04
