the cosmos our planet and each other We follow as van Heemstra s cosmic awareness expands and she finds herself feeling simultaneously lighter and more grounded Compared with the complexity of the universe daily life on Earth begins to seem more manageable while understanding the improbability of our collective existence gives her new patience and tenderness for her neighbors The grand rhythms of light years and eons become a source of restoration and relief a comforting necessary reminder to slow down and zoom out Contemplating the solace a cosmic perspective offers in our chaotic divided world In Light Years There s No Hurry is a moving meditation on what it is to be human amid the vastness of the universe
