Golden Years Of Wigan:

Golden Years of Wigan True North Holdings, 1998-12-01 *The Golden Age of Probation* Roger Statham, 2014-09-24

The Golden Age of Probation is the first book on probation by those practitioners who became its leaders. A comprehensive account exploring culture, values and tensions. It looks at the dynamics of probation, supervision and political dimensions including the shift to a market driven form of public service. A lively and challenging collection of writings by those at the very heart of the Probation Service for 50 years. Complete with descriptions of life at all levels of what has been described as the jewel in the crown of criminal justice. Moral and other challenges are presented alongside those of standing up to government Ministers whose aspirations for political immortality have led to profound tensions. The book describes how tough talk and market strategies have undermined 100 years of devoted public service and ideas about how best to help change the lives of some of the most marginalised people in society. Equality, race and social deprivation are amongst the issues explored as the ethos of probation and its deeply rooted values are laid bare in a book that deals with highs and lows, hazards, innovation, hopes, aims and the international influence of an organization whose original mission not always popular was to advise, assist and befriend those otherwise heading for prison and a life of crime. Colourful and highly readable. The Golden Age of Probation takes the reader on a journey through England and Wales, exposing social disadvantage, unrest and increasingly London centric policies. It records first hand what life was like for those at the sharp end during an era of extensive progress, development and change. From the book: The price of the semi privatised probation estate is that probation has lost its umbilical cord with the courts, the police, the prosecution service and our partners in local authorities. It will be difficult for the courts in particular to understand the transforming rehabilitation agenda when services for low and medium risk offenders will be carried out by an origami of commissioned enterprises whose experience for the most part is in the private sector of running prisons, mostly in the USA and whose staff may not necessarily have the qualifications to properly assess and supervise known offenders. John Harding CBE Chapter 10. Although the restructure made the service vulnerable to later changes through the 2000 Act, it did achieve better consistency, reduced costs, in due course more women at the top and a national programme of assessment and interventions that was internationally ground breaking. The mistake in my view was to abandon this direction later that decade, combine with the Prison Service under the banner of offender management and sacrifice the national probation influence that had been gained. Because of the nature of the caseload with most offenders on community orders, we have always had more joint work with police and local authorities than with the Prison Service. Personalities and some bad judgements however got in the way. Mary Anne McFarlane Chapter 14. For the last three decades probation, just like health and education, has been caught up in the dynamics and mechanisms of creating pseudo pseudo markets to deliver public services. The underlying philosophy might appear to be simply to get the cost of these things off the government's balance sheet, but the structures created to do this are not transparent enough for a real

assessment to be made of the true financial costs At the same time organizational targets and protocols have helped stifle initiative and even the capacity to care Roger Statham Chapter 18 Bill Brewster,2014-01-14 Drawing on in depth interviews with DJs critics musicians recording executives and others two music journalists traces the definitive role of the disc jockey as a primary factor in the evolution of popular music tracing the the dramatic influence of DJs on music over the past forty years and profiling some of the most important DJs in the business Original 30 000 first printing **Authenticity and Belonging in the Northern Soul Scene** Sarah Raine,2020-06-29 This book which builds on a three year immersive ethnographic study argues that what scene participants do and say within the northern soul scene constitutes a claim to belong For younger members making claims to belong is problematic in a scene where dominant notions of authenticity held by insiders are rooted in a particular past the places people events and soundscapes of particular venues during the 1970s In order to engage with this past young men and women participate in a range of discursive practices This book argues that these practices and the ways they intersect and deviate from dominant notions of authenticity represent shared and individual negotiations of the true soulie In doing so it reveals the rich experiences of the younger generation of this multigenerational music scene and the ways they establish a claim to belong to a scene first formed before they were born

The Resurrection Men Paul Rees,2011-04-01 Wales were written off as no hopers at the start of the 2008 Six Nations They had failed to reach the World Cup quarter finals the previous October and had reacted by appointing their 13th coach in 19 years New Zealander Warren Gatland On the opening weekend success appeared unlikely when they trailed World Cup

finalists England at Twickenham by ten points at half time Their second half comeback to earn their first victory at the ground for 20 years set them on their way and there was no looking back In a blistering campaign they set a new Six Nations record by conceding just two tries in their five matches The Resurrection Men looks back over the glorious 2008 tournament but also examines the reasons why the foundations laid by Gatland look more secure than those established by Mike Ruddock before his controversial departure from the role less than a year after the side s last Grand Slam triumph in 2005 Wales imploded after Ruddock left winning only one match in each of the 2006 and 2007 campaigns His successor Gareth Jenkins asked to be judged on the team s performance in the World Cup And he was sacked hours after the defeat to Fiji which meant that for the third time in five tournaments Wales failed to make the knock out stage Little more than a week later Welsh Rugby Union officials boarded a plane to New Zealand to meet Gatland and other candidates for head coach Just two minutes into the meeting they were ready to offer him the job He promised them that if Wales won at Twickenham on the opening weekend the slam would be on They did and it was *The Story of Northern Soul* David Nowell,2012-05-01 What began as an underground 60s Mod scene in unlicensed no frills clubs in the North West of England became a youth craze that has long surpassed all others The Northern Soul scene has confounded its critics by surviving and growing into an adult dance phenomenon whose followers share a passion for the music of Black America unrivalled anywhere else in the world The Story of Northern Soul takes the first ever in depth look at the culture the music the artists and the people frequenting the all night venues which are synonymous with the British Soul Scene Packed with memorabilia and anecdotes from the Twisted Wheel in Manchester to the mighty Wigan Casino The Story of Northern Soul is the definitive history of a dance scene that refuses to die **Twenty Football Towns** Steve Leach,2020-08-06 In our world of global superstar footballers it s easy to forget the grassroots of a sport where loyalty to a hometown club is often rock solid and counts for everything Even as local communities come under threat football fandom still pulls us together But why is this What is the special magic that connects towns and teams For many of us the local club offers it all passion hope heartache drama And a sense of belonging The town where we grew up and all the places we ve lived are the bedrock of our lives and memories of seeing the local team play are inextricably intertwined with our sense of place and identity Steve Leach spends a year visiting the twenty towns and clubs that are special to him He celebrates the distinctiveness of these places the fascinating differences between Lincoln and Leyton Barrow and Birmingham Macclesfield and Morecambe towns and teams that may not be glamorous but they are unique and more importantly they are home **The Age of Steel** ,1901 At the George Geoffrey Moorhouse,2013-09-19 At the George Geoffrey Moorhouse s testament to a lifelong love of rugby league was shortlisted for the inaugural William Hill Sports Book of the Year award in 1989 The very soul of rugby league a sport that has been called the toughest in the world lives within the pages of *At the George* From first acquaintance some seasons ago I believed it to be the finest book ever penned on the thirteen a side game Today the book remains as fresh as ever and as firmly placed on its pedestal It is a
