Goldhagen Und Die Deutsche Linke Oder Die Gegenwart Des Holocaust Antifa Edition:

The German Historians Fred Kautz, 2003 In 1997 Daniel Goldhagen published his groundbreaking international bestseller entitled *Hitler's Willing Executioners* which he believed would lay to rest many myths about the Holocaust that Germans were ignorant of the mass destruction of Jews that the killers were all SS men and that those who slaughtered Jews did so reluctantly Drawing on a wealth of unused archival materials principally the testimony of the killers themselves Goldhagen took his readers into the killing fields where Germans voluntarily hunted Jews like animals tortured them and then posed cheerfully for snapshots with their victims From mobile killing units to the camps to the death marches Goldhagen showed how ordinary Germans nurtured in a society where Jews were seen as evil and dangerous willingly followed their beliefs to their logical conclusion An explosive work exhaustively documented and richly researched it offered irrefutable proof that should have forced a fundamental revision in our thinking and recording of events but instead of seeing this work as a chance to seriously re evaluate what happened in Germany the influential German historians angrily rejected it with accusations of a lack of scholarship to a reaction against its popularity This investigative work deals with that historical bias and the resulting complicity Fred Kautz could not understand why leading professional German historians refused to take up the gauntlet thrown by Goldhagen *The German Historians* is the result of his attempt to get to the bottom of this mystery First he presents an overview of Goldhagen's work then he subjects the public and private utterances and the written reviews of three prominent German historians Hans Mommsen Hans Ulrich Wehler and Eberhard Jackel to a very close examination and finally he draws some conclusions and warnings about how we record history Fred Kautz Ph D is currently a freelance historical researcher in Darmstadt Germany Year Book, 1999 *Die Holocaust-Forschung im Sperrfeuer der Flakhelfer* Fred Kautz, 2002 **Gold-hagen [sic] und die "Hürnen Sewfriedte"** Fred Kautz, 1998 Contends that the condemnation of Goldhagen by leading German Holocaust historians as emotional and unscholarly stems from their own use of scholarship as a defense mechanism Socialized in the Nazi period they cannot accept German responsibility for the Holocaust which Goldhagen bases on the voluntary participation of ordinary Germans in the killing of Jews Perpetrators and victims disappear from their view they concentrate on impersonal processes They flee to scholarship in order not to face the concrete reality of the Holocaust which can be adequately described only as Goldhagen describes it with the help of literary methods involving emotion and imagination **Goldhagens unwillige Kirche** Michael F. Feldkamp, 2003 Refutes Daniel J Goldhagen's allegation in *A Moral Reckoning* The Role of the Catholic Church in the Holocaust and its Unfulfilled Duty of Repair 2002 as well as the allegations of Rolf Hochhuth John Cornwell and others that Pius XII collaborated with the Nazis by maintaining silence about the Holocaust when a strong public protest might have saved many Jewish lives Accuses Goldhagen of selectivity distortion and outright falsification of the facts of poor scholarship and of failure to understand the situation which made such protest impossible Contends that many in the Church did save Jews under instructions from the Pope and that the

Church has since done much to correct former injustice to the Jews and to express contrition

Goldhagen und die deutsche Linke ,1997 A book written by eight authors some of them affiliated with various left wing organizations before 1989 which emerged from discussions held by them following the publication of Goldhagen s book States that the left wing press in Germany reacted to Goldhagen s book and its supposed allegation of collective guilt with similar arguments as the moderate and right wing press though it defended the working class rather than all the Germans Nazism was a capitalist plot against labor and labor solidly opposed it Shows that in fact the workers and their parties were also antisemitic and pro Nazi Goldhagen s chief merit was to show that the individual was free to decide how to act despite social pressure However he did not recognize the vital role of biological antisemitism as the basis of German identity and unity and though he correctly linked forced labor with the Nazis image of Jews as unproductive parasites he did not see that they were wiping out the Jews as the representatives of abstract capital in favor of a utopia of blood soil and labor Nazism was an anti capitalist not a capitalist revolution Antisemitism is still rife on both the Right and the Left German liberals appreciation for Goldhagen and their willingness to deal with the memory of the Holocaust is due to a feeling of discontinuity between then and now the blacker Germany s past crimes the brighter the new Germany
