afford to play at the area's private clubs and as part of the expansion of parks and recreation facilities in the nation's capital. Initially built between 1918 and 1939, the three courses hosted numerous tournaments, Presidents of the United States, renowned American golfers, as well as countless local citizens. The golf courses also played a role in the city's Civil Rights movement, the National Park Service's position against segregation, and the integration of the city's recreational facilities between 1941 and 1954. The National Park Service will use these studies as critical planning tools for the ongoing management, interpretation, and public use of the golf courses.
