Hogan book Hogan himself never wrote packed with the insights the great champion passed on to John Schlee in a fascinating mentor disciple relationship and that Schlee in turn bequeathed to Tom Bertrand We ll probably never have anything like this again Hogan s gone Schlee s gone but thank goodness we ve got Tom Bertrand to preserve the nuggets of pure golfing gold that the Master dug up out of the dirt of ten thousand practice tees and a thousand tournaments The Secret of Hogan s Swing demonstrates that the vein of wisdom left by the peerless champion still yields up precious ore not just in the technical aspects of the golf swing Hogan s concepts are not only absolutely modern but even quite radical but in his insights into the psychological and mental aspects of the game His concept of the moving wall is worth the price of the book alone A must read for every serious student of the game Steven Pressfield author of The Legend of Bagger Vance **The Fundamentals of Quitting Golf** David Divot,2004-07 The Fundamentals of Quitting Golf offers permanent relief or perhaps just a chuckle to golf sufferers who swear they are going to quit the game often using very colorful language As explained by author David Divot your mind is cluttered with excuses for your poor play lack of lessons bad courses old clubs new clubs and on and on Quitting cold turkey does not work because subconsciously you want to believe this nonsense But with Divot s ten year course of treatment you eventually admit that there is no excuse for your game Explore techniques to control your anger and depression Then ponder why you would put that monumental achievement at risk by trying to golf Discover that having confidence in your game is the surest way to shatter your confidence Consider why golf magazines constantly offer new tips for curing the same problems that were supposedly cured by the tips offered in previous issues Find out how to heighten your disappointment by pretending you have some control over where your ball will go You may not cure your golf affliction with The Fundamentals of Quitting Golf but at least you ll have a good laugh trying **Golf's Top Secret: Technique for a Longer Ball** Carl Barrett,2008-10 Why Purchase Golf s Top Secret Golf s Top Secret has isolated the common denominator for a good golf swing It has been determined by a leading college mathematics professor that a ball struck under the Golf s Top Secret program has a three times greater chance of going toward your intended target There is no other program that corrects your driver putting irons and chipping all in one program Golf s Top Secret does it all The driving range is not the answer Golf s Top Secret developer and program is If you work the program for just six months and go back to your pro he or she will be shocked at what you can do All they will have left to do is help with your posture and set up When you employ Golf s Top Secret program and developer you too can play great golf **The Poetics of Golf** Andy Brumer,2007-01-01 Many golfers would agree with Andy Brumer that there is poetry in the game of golf And Brumer is not the first to insist that there is more to the game than the superstars swing gurus and high tech equipment that dominate talk of the game today In this series of essays Brumer one of the most insightful writers on golf considers the game from unexpected and often surprising angles At once contemplative and compelling The Poetics of Golf explores the links between golf and life by way of art and literature philosophy and psychology In portraits of various players including Tiger Woods Jack Nicklaus Annika Sorenstam

and Arnold Palmer among others Brumer teases out the truths that their games can tell us not just about golf but about character and courage And he also offers an unconventional yet enlightening look at the intricacies of the golf swing course architecture and golfing equipment Finally his book reveals to us in its content and also in its wide ranging often lyrical style that golf is by no means only a game *Mind Over Golf* Richard H. and solitary personality provoke wonder and devotion among thousands of golfers worldwide who attempt to unlock Hogan's secret code of how to swing a golf club and strike a golf ball. Hogan himself has fueled this intrigue mainly because he openly declared that he had a secret one that he never publicly revealed. Many top professionals have speculated on what they thought Hogan's secret might be, but until now those speculations were not supported by any revelations from Hogan himself. Now author Larry Miller, who was mentored by Tommy Bolt, who in turn was one of Hogan's protégés, shares Hogan's secret as he learned it. This secret fundamental, which Miller breaks down into two aspects and explains with the aid of full color photography and illustrations, will help the average golfer implement Hogan's teachings to benefit his or her game. *The*

Golf Secret Henry Arthur Murray, 1976 **More Golf Secrets** H. A. Murry, 1975 **Breakthrough in Golf** Curtis Elliott, 2005 All golfers want to improve their swings. Yet the sheer complexity of golf instruction is a huge barrier to learning. But you can learn the Secret Breakthrough In Golf is based upon the timeless swing wisdom of the greatest ball striker in history, Ben Hogan. But the book introduces a fresh way of thinking about the Secret. Once you learn it using a method we call Hip to Hip, you will see your swing improve in a very steady way. For the first time in your life, you will actually know what your golf swing is doing. And you will be able to figure out your golf swing all by yourself. We guarantee it. *More Golf Secrets* H. A. Murray M. D., H. A. Murray, 2010 As a golf professional of more years experience than I care to remember, I have no hesitation in saying that Dr. Murray's second golf book does indeed warrant the title *More Golf Secrets*. The author has given the reader the benefit of his long experience of the game by approaching the subject in this book in the same analytical manner as he did the swing and golf fallacies in *The Golf Secret*. I have never seen the grip and the stance so perfectly and completely described. Ball spin and its effects are fascinating and instructive. Putting the stymie and the chip shot, the all important short game, are admirably described with a view to rolling three shots into two. Shots from the rough, uneven lies, and bunker shots are made to appear almost desirable for the pleasure they give, and the mathematics of them are intriguing and convincing. Wind and rain no longer seem to matter. The skillful analyses of the various golf factors provide much information that is entirely new. This book is a must for every golfer, duffer or pro. Algy Easterbrook, Golf Professional

Finally, the Golf Swing's Simple Secret J. F. Tamayo, 2010-05 Every weekend golfer should read this great book. CAMILO VILLEGAS Multiple time PGA Tour winner Have you ever wondered why the average handicap on the USGA has barely improved in the last 20 years? The answer is very simple: a) The Golf Swing is very difficult to understand and to perform. b) The average weekend golfer would love to improve but doesn't have the time or the interest to spend long hours practicing. After studying the golf swing for over 25 years, JF Tamayo has developed a revolutionary method, proved for the weekend golfer of any level, to significantly improve distance and accuracy from day one based on three main principles: 1. FOCUS ON CHANGES THAT MOST POSITIVELY AFFECT RESULTS. Opposite to the traditional methods, this book will only ask you to make changes in the most relevant parts of the swing needed to hit solid and consistent shots: the backswing and

the transition between the backswing and the downswing 2 LEARN HOW TO DEVELOP AN EASY REPEATABLE AND SOLID BACKSWING One of the biggest breakthroughs of the method was the development of a unique and much easier way to consistently make a solidly sound backswing that will look similar to the new Tiger Woods one plane backswing but much simpler to learn to do and to repeat 3 LEARN HOW TO CREATE LAG Being able to increase lag during the downswing is one of the major differences between the amateur s golf swing versus a professional s and probably one of the most misunderstood concepts of golf In this book you will easily learn how to lag the club like the pros dramatically improving your clubhead speed ball striking ability and distance This incredible and simple method will instantly take your game to a higher level while you will be helping others since 50% of the profits obtained from this project will be donated to charity Authors J F TAMAYO 143 Photographs by J Jaeckel

Ben Hogan's Magical Device Ted Hunt, 2009-05-26 In 1954 Ben Hogan stated in the serialized lessons he wrote for Life magazine that he had a secret He challenged the world to find it by stating It is easy to see if I tell you where to look He then wrote his legendary instructional book Five Lessons and created a remarkable golf swing puzzle but somehow one important piece of information was missing Golf expert after golf expert have attempted to define this secret over the years serving to compile a rather lengthy list of what they think the secret is but never quite explaining how it s done Enter Ben Hogan s Magical Device a revealing book which intends to finally explain in universally understandable terms that long lost secret to Hogan s swing As a lifelong golfer with 50 years of experience two degrees in Physical Education and a Doctorate in History author Ted Hunt became determined to track down Hogan s secret himself He reviewed most of the literature concerning Hogan and interviewed many professionals including Jack Nicklaus and the result of his research produced a clearer understanding of the source of the confusion concerning Hogan s secret An hypothesis was conceived and tested and Hunt was pleased to discover that his analysis stood up to critical examination But perhaps more importantly his golf responded with more accuracy and lower scores which included shooting his age 79 several times within weeks of embracing the secret Complete with 100 photos illustrations and a foreword by movie star Sean Connery Ben Hogan s Magical Device gives an easy to follow explanation of Hogan s secret where it comes from and the foundations which support its successful execution Interspersed throughout the text are stories from professional acquaintances who spoke with Hunt about their times with Mr Hogan
