1986 Masters John Boyette, 2013-03-05 At the age of forty six Jack Nicklaus was considered by some to be done as a championship golfer Entering the 1986 Masters most folks had written off the Golden Bear But the winner of a record seventeen professional majors wasn't done yet After a slow start Nicklaus got in the hunt during the weekend and he played the final nine holes in a 6 under par 30 He roared past a who's who of top golfers that day to win his sixth Masters title a record that still exists Most experts agree that it was the most thrilling day of tournament golf ever played Upon the twenty fifth anniversary of arguably the most exciting Masters in history THE 1986 MASTERS is nearly a hole by hole account written by a veteran sports journalist who was there Illustrated with more than fifty exclusive photographs of the tournament from the award winning team at the Augusta Chronicle it takes you right onto the course with the golfers Author John Boyette includes commentary from interviews with the key figures connected to the 1986 Masters From Nicklaus's wife and son to CBS announcers to the players themselves Greg Norman Tom Kite Bernhard Langer Sandy Lyle Seve Ballesteros and many more an amazing chorus of voices that helps tell this remarkable story And the voice of Jack Nicklaus shines as well in an interview provided exclusively for the book A thoroughly absorbing narrative about one of golf's greatest moments created by one of golf's greatest figures THE 1986 MASTERS is a must read for any golf fan Mental Training for High

School, and College Golfers Jim Kerley, 2011 The first thing to remember about this program it is not just a book but a complete course in mind training To take this course the person must have an open mind and a huge desire for success Without desire to be the best you can be in the game of golf this course is not for you This course teaches the basic principles over and over with exercises in every chapter This is not only a course but a player's diary of their goals practice techniques on course mental goals during competition Every player that completes this course will automatically cut 8 to 10 strokes off their game It is a must you follow each chapter and the exercises for success This course will repeat until each player understands The course teaches a player who they really are controls anger develops honesty trust and confidence Why

spend thousand of dollars on equipment and lessons before we train the mind first We are teaching backwards the principles of true golf Yes there are a lot of great golfers coming up but each one is understanding the mental side first starting with Tiger Woods at a very early age The competition is greater courses are longer and thousands of young golfers coming on the scene Why wait this is the first and only mental training complete course Remember this is not just a book Time to take charge of your game now Consider the price of a golf lesson This course is much more valuable at the same price You will not be disappointed
