Political Parties and the 1982 General Election in Indonesia Leo Suryadinata, 1982 This paper examines the Indonesian political parties and the problems and prospects with reference to the 1982 general election

The White Book on the 1992 General Election in Indonesia, 2010-02 On November 18 1992 a delegation representing Badan Perlindungan Hak Hak Politik Rakyat dalam Menghadapi Pemilihan Umum 1992 BPHPR Body for the Protection of the People's Political Rights Facing the 1992 General Election presented a White Book on the election to the People's Representative Assembly MPR The delegation members were received by Prof Dr Achmad Amiruddin the Deputy Chairman of the MPR who was quoted as valuing their opinion but who refused to be engaged in dialogue on the issues raised in the White Book As far as is known nothing more became of that document until now Most of it is presented here in translation The White Book contains not only a detailed accounting of infractions and fraud that occurred during the campaign and election process but also a fundamental critique of the system of popular representation under the New Order of which general elections are only a part This critique arises in the first instance from the discrepancy between New Order laws regulations and rhetoric on the one hand and actual practices on the other But it also arises from a deeper some would say idealistic vision of popular democracy in Indonesia including the role of political parties elections and the rule of law In this vision some basic human rights including the political right to abstain in elections are inviolate The White Book while presenting a fundamental critique of general elections in the New Order political system also documents numerous infractions that occurred in the conduct or actual practice of the 1992 election This in itself must have been a difficult task Still remaining is a comparison of 1992 against the conduct of previous elections The question intrigues serious students of

Indonesian politics overall how did the conduct of the 1992 election measure up against previous New Order elections It seems fair to conclude that in 1992 there was less overt intervention by the Armed Forces in favor of Golkar than in previous elections and that the 1992 election was implemented in a more neutral fashion at both the upper or central and the provincial levels But there was little change at the lower levels where numerous violations and manipulations occurred in such aspects as the distribution of summonses needed to vote the presence of party witnesses at polling places attention paid to witnesses complaints meaningful participation of party representatives in committees PPS and KPPS and the initial compilation of the votes

Elections in Indonesia Hans Antlov, Sven Cederroth, 2021-03-24 It has sometimes been argued that many Indonesians had little sympathy with western notions of elections being events for the contesting and transfer of power and that they rather supported the New Order's use of festivals of democracy elections as occasions at which the mass of ordinary Indonesians were given the opportunity to celebrate the country's achievements under the rule of its New Order leadership as well as legitimize the continued rule of these leaders But the need to stage manage these elections as New Order triumphs finally undid the regime With chapters describing the last New Order election and the first free election in the post Suharto era this volume makes an important contribution to our understanding of the demise of the New Order and the directions being taken by the emerging regime

Islam and the State in Indonesia Bahtiar Effendy, 2003 This book explains the relationship between Islam and the state and politics in contemporary Indonesia President Soeharto's departure from office in May 1998 brought tremendous and far reaching impacts to Indonesia's political landscape At least 181 new political parties came into being a sizeable portion of which use Islam as their symbol and ideological basis

"Public Religion" and the Pancasila-based State of Indonesia Benyamin Fleming Intan, 2006 Public Religion and the Pancasila Based State of Indonesia An Ethical and Sociological Analysis analyzes the public role of religion in Indonesian society from the pre independence period to the end of Suharto's New Order government It offers constructive suggestions regarding how Indonesian religion can play a significant role within the framework of Pancasila Indonesia's national ideology Based on a Christian Muslim dialogue it is only within the realm of civil society that Indonesian religion will be able to promote the ideas of democracy tolerance and human rights in Indonesian public affairs In short far from being anti pluralist Indonesian religion evolves as a liberating force in the life of society nation and state

Historical Dictionary of Indonesia Audrey Kahin, 2015-10-29 A wide flung archipelago lying between the Pacific and Indian Oceans Indonesia is the world's most populous Islamic country For over two thousand years it was a crossroads on the major trading route between China and India but it was not brought together into a single entity until the Dutch extended their rule throughout the Netherlands East Indies in the early part of the 20th century Declaring its independence from the Dutch in 1945 the Republic of Indonesia was

ruled by only two regimes over the next half century Throughout the years the country has continued to be dogged by an inefficient bureaucracy and by perpetual problems of corruption However since 2004 Indonesia has successfully carried out four direct elections for president together with an equal number of elections for legislative bodies at all levels of government and has finally in 2014 elected a president with no ties to either the military or to the previous authoritarian power structure This third edition of Historical Dictionary of Indonesia contains a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 900 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Indonesia

The Institutionalisation of Political Parties in Post-authoritarian Indonesia Ulla Fionna, 2025-10-01 The Institutionalisation of Political Parties in Post authoritarian Indonesia From the Grass roots Up provides detailed examination of how much the local party branches of Partai Golkar Partai Demokrasi Indonesia Perjuangan Partai Amanat Nasional and Partai Keadilan Sejahtera in Malang East Java have institutionalized since the end of New Order era 1966 1998 Based on extensive fieldwork and observation this book provides a new bottom up perspective on how activities administration and membership of each party has changed and why some parties have more developed organizational prowess and stronger institutional base than others

Translations on South and East Asia, *Indonesian Electoral Behaviour* Aris Ananta, Evi Nurvidya Arifin, Leo Suryadinata, 2004 In Indonesia's plural society ethnicity and religion are considered as independent variables to explain electoral behaviour Many writers use qualitative methods to relate political party performance in terms of ethnicity and religion This book questions these assumptions by looking at data on the 1999 election and the 2000 population census
