Good Daughter:

Good Daughter Jasmin Darznik, 2025-05-01 We were a world of two my mother and I until I started turning into an American girl That s when she began telling me about The Good Daughter It became a taunt a warning an omen Jasmin Darznik came to America from Iran when she was only three years old and she grew up knowing very little about her family s history When she was in her early twenties on a day shortly following her father s death Jasmin was helping her mother move a photograph fell from a stack of old letters The girl pictured was her mother She was wearing a wedding veil and at her side stood a man whom Jasmin had never seen before At first Jasmin s mother Lili refused to speak about the photograph and Jasmin returned to her own home frustrated and confused But a few months later she received from her mother the first of ten cassette tapes that would bring to light the wrenching hidden story of her family s true origins in Iran Lili s marriage at thirteen her troubled history of abuse and neglect and a daughter she was forced to abandon in order to escape that life The final tape revealed that Jasmin s sister Sara The Good Daughter was still living in Iran In this sweeping poignant and beautifully written memoir Jasmin weaves the stories of three generations of Iranian women into a unique tale of one family s struggle for freedom and understanding The result is an enchanting and unforgettable story of secrets betrayal and the unbreakable mother daughter bond

African American Daughters and Elderly Mothers Sharon Hines Smith,2021-12-12 First published in 1998 The death of an elderly person and its impact on an adult child is considered so

normal that it has attracted scant attention This study attempts to fill that gap by examining a specific slice of a specific ethnic group and looking at the meaning of elderly mothers deaths for their adult African American daughters from the perspective of those daughters The Daughter's Way Tanis MacDonald,2012-09-01 The Daughter s Way investigates negotiations of female subjectivity in twentieth century Canadian women s elegies with a special emphasis on the father s death as a literary and political watershed The book examines the work of Dorothy Livesay P K Page Jay Macpherson Margaret Atwood Kristjana Gunnars Lola Lemire Tostevin Anne Carson and Erin Mour as elegiac daughteronomies literary artifacts of mourning that grow from the poets investigation into the function and limitations of elegiac convention Some poets treat the father as a metaphor for socio political power while others explore more personal iterations of loss but all the poets in The Daughter s Way seek to redefine daughterly duty in a contemporary context by challenging elegiac tradition through questions of genre and gender Beginning with psychoanalytical theories of filiation inheritance and mourning as they are complicated by feminist challenges to theories of kinship and citizenship The Daughter s Way debates the efficacy of the literary work of mourning in twentieth century Canadian poetry By investigating the way a daughter s filial piety performs and sometimes reconfigures such work and situating melancholia as a creative force in women s elegies the book considers how elegies inquire into the rhetoric of mourning as it is complicated by father daughter kinship *The Bijou* ,1829

W. Bamberg,Anna De Fina,Deborah Schiffrin,2007 The different traditions that have inspired the contributors to this volume can be divided along three different orientations one that is rooted predominantly in sociolinguistics a second that is ethnomethodologically informed and a third that came in the wake of narrative interview research All three share a commitment to view self and identity not as essential properties of the person but as constituted in discursive practices and particularly in narrative Moreover since self and identity are held to be phenomena that are contextually and continually generated they are defined and viewed in the plural as selves and identities In the attempt of moving closer toward a process oriented approach to the formation of selves and identities this volume sets the stage for future discussions of the role of narrative and discourse in this generation process and for how a close analysis of these processes can advance an understanding of the world around us and within this world of identities and selves Never Marry a Woman with Big Feet Mineke Schipper,Wilhelmina Janneke Josepha Schipper,2003-01-01 In this study the author analyses similarities differences and contradictions in the cultural norms about gender expressed in proverbs she has found in oral and written sources from over 150 countries Grouping the proverbs into categories as the female body love sex childbirth and the female power the author examines shared patterns in ideas about women and how men see them New Feminism in China Jiaran Zheng,2016-03-25 This book is based on rich empirical data and findings
