Diamond at Your Rock Bottom Bolu Oladini, 2024-10-15 *Diamond at Your Rock Bottom: Turning Adversity into Triumph* In this transformative debut, Dr. Bolu Oladini, a dynamic pharmaceutical executive and serial entrepreneur, extends a compelling invitation to young adults in their 20s and 30s. Drawing from a rich tapestry of wisdom that blends stoicism, Zen, modern psychology, and Christianity, Dr. Oladini guides readers through a comprehensive framework to use personal and professional adversity as stepping stones to self-transformation through post-traumatic growth. His unique approach encourages readers who have gone through traumatic experiences to use the aftermath of the crisis to reassess and recreate themselves into the best version of themselves: a diamond. Dr. Oladini employs the powerful metaphor of a diamond crafted under pressure from rough coal to illustrate the potential for beauty and success from life's hardest moments. This book will flip your perspective, revealing that rock bottom is not a pit of despair but a launching pad for finding your true potential. The journey laid out in *Diamond at Your Rock Bottom* is not about merely surviving challenges but transforming them into catalysts for profound personal growth. His unique model breaks down the path to post-traumatic growth. Dr. Oladini's book takes readers on a journey with his methodical framework that includes insightful and often counterintuitive ideas in chapters discussing failure, acceptance, identity, values, habits, relationships, intuition, and courage. With a wide variety of stories and examples to drive home his points, Oladini shows us the common threads in people and companies who are able to overcome and transcend adversity. As he states in the first chapter, "The pressure that will form your diamond is your journey of self-discovery, personal growth, and spiritual awakening after reaching rock bottom." Similar to how coal can turn into a diamond after undergoing thousands of pounds of pressure, this book is a guide to show the reader how to create and uncover their own diamond. Readers will leave with a sense of renewed hope, energy, and insight. Go to www.boluoladini.com today to find out more and get your copy. Dr. Bolu Oladini is a pharmacist by training and a

God, Tsar, and People Daniel B. Rowland, 2020-11-15 God Tsar and People brings together in one volume essays written over a period of fifty years using a wide variety of evidence texts icons architecture and ritual to reveal how early modern Russians 1450-1700 imagined their rapidly changing political world This volume presents a more nuanced picture of Russian political thought during the two centuries before Peter the Great came to power than is typically available The state was expanding at a dizzying rate and atop Russia's traditional political structure sat a ruler who supposedly reflected God's will The problem facing Russians was that actual rulers seldom or never exhibited the required perfection Daniel Rowland argues that this contradictory set of ideas was far less autocratic in both theory and practice than modern stereotypes would have us believe In comparing and contrasting Russian history with that of Western European states Rowland is also questioning the notion that Russia has always been and always viewed itself as an authoritarian country God Tsar and People explores how the Russian state in this period kept its vast lands and diverse subjects united in a common view of a Christian polity defending its long frontier against powerful enemies from the East and from the West
