

Crime, Refugees and Politics In Sweden

An Econometric Analysis *

Abstract

The aftermath of the recent refugee crisis in Europe has been debated to a great extent across the globe. Yet, little statistical analysis has been done to uncover the impacts of refugee inflows on crime and voting behavior. In this paper, two topics on the effects of the refugee crisis are investigated. We ask: How did the recent increase of refugee inflows affect crime rates and voting behavior in Sweden? The results suggest that the sudden surge of refugees in Sweden caused an increase in crime rates and swayed the voting behavior in favor of Sweden Democrats.

keywords: Swedish politics, immigration, crime, panel data

Econometric Analysis Of Crime In Sweden:

Econometric Analysis of Crime in Sweden Perry Shapiro, 1986 *World Criminal Justice Systems* Richard J. Terrill, 2010-04-07 This comparative text provides an understanding of major foreign criminal justice systems by discussing and comparing the systems of six of the world's more industrialized countries: England, France, Sweden, Russia, China, and Japan, each representative of a different type of legal system, as well as a chapter on Islamic law that uses Saudi Arabia, Iran, and Turkey as main examples. Political, historical, organizational, procedural, and critical issues confronting the justice systems are explained and analyzed. Each chapter contains material on government, police, judiciary, law, corrections, juvenile justice, and other critical issues. Each chapter introduces a country and then covers concepts to know: government, police, judiciary, law, corrections, and juvenile justice. *Thugs and Thieves* Joanne Savage, Kevin H. Wozniak, 2016 *Thugs and Thieves* argues that understanding the differential etiology of violence constitutes a fundamental chasm in the empirical literature. The authors address the important unanswered question of why some individuals commit violent offenses while others restrict themselves to nonviolent ones. **The International Crime Drop** A. Tseloni, G. Farrell, 2012-11-14 Drawing on new studies from major European countries and Australia, this exciting collection extends the ongoing debate on falling crime rates from the perspective of criminal opportunity or routine activity theory. It analyses the effect of post WW2 crime booms which triggered a universal improvement in security across the Western world. **Handbook on Crime and Inequality** Stephen Farrall, Susan McVie, 2025-01-09 In this Handbook, Stephen Farrall and Susan McVie bring together a diverse array of leading experts to examine the relationship between different aspects of crime and inequality. They employ a variety of geographical and individual lenses and use case studies from the Global North and South. Social Control of the Drinking Driver Michael D. Laurence, John R. Snortum, Franklin E. Zimring, 1988-02-29 *Social Control of the Drinking Driver* lays the groundwork for a much needed integration of methods, principles, and priorities. Law, criminology, biology, psychology, sociology, economics, public policy: the disciplines concerned with the problem of drinking and driving are many and varied, and research crosses national boundaries as well. Drawing on fourteen specialists and surveying the situations in nine countries, this book presents a comprehensive statement of current knowledge about drunken driving and its control. Back cover. *Economic studies (Göteborg, Sweden)*, 2001 *Combating Organised Crime* Council of Europe. Octopus Programme, 2004-01-01 This publication contains a number of best practice studies on effective measures to combat organised crime, corruption, and money laundering which have been prepared by the Council of Europe between 1998 and 2003. Topics covered include witness protection, reversing the burden of proof, confiscating the proceeds of crime, interception of communication, and intrusive surveillance, crime analysis, cross border co-operation, provisions on membership in criminal organisations, co-operation against trafficking in human beings, and preventive legal measures against organised crime. The term Octopus is the name of a technical co-operation programme against corruption and organised crime initiated by the Council of Europe in
