G Thomas

Economic Development And Social Change United States Latin American Relations In The 1990s:

Economic Development and Social Change University of Miami. North-South Center, 1992 This work provides insights into broad political and social issues associated with free trade in the Western Hemisphere and recognises that economic development generates social changes that cannot be anticipated **Economic development and social change** Antonio Jorge (editor), 1992 **The United States and Latin America in the 1990s** Jonathan Hartlyn, Lars Schoultz, Augusto Varas, 2014-03-30 A comprehensive examination of both unresolved tensions in inter American relations and the specific problems facing U S and Latin American policymakers in the 1990s American Political Science Review These well integrated essays analyze the key issues in contemporary inter American relations very clearly The authors address their themes with subtlety and insight in this first overall assessment of North South relations in the Western Hemisphere during the post Cold War period Christopher Mitchell New York University A superb contribution At a time when U S Latin American relations face a critical turning point policymakers would benefit from a careful reading of this fine book Eduardo A Gamarra Florida International University *Handbook of Latin American Studies* Dolores Moyano Martin, P. Sue Mundell, 1997-12-01 Beginning with volume 41 1979 the University of Texas Press became the publisher of the Handbook of Latin American Studies the most comprehensive annual bibliography in the field Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of more than 130 specialists in various disciplines the Handbook alternates from year to year between social sciences and humanities The Handbook annotates works on Mexico Central America the Caribbean and the Guianas Spanish South America and Brazil as well as materials covering Latin America as a whole Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research underway in specialized areas The Handbook of Latin American Studies is the oldest continuing reference work in the field Dolores Moyano Martin of the Library of Congress Hispanic Division has been the editor since 1977 and P Sue Mundell has been assistant editor since 1994 The subject categories for Volume 55 are as follows Anthropology including Archaeology and Ethnology Economics Electronic Resources for the Social Sciences Geography Government and Politics International Relations Sociology **Economic Development and Social Change** University of Miami. North-South Center, 1992 This work provides insights into broad political and social issues associated with free trade in the Western Hemisphere and recognises that economic development generates social changes that cannot be anticipated Latin America And The Caribbean In The International System G. Pope Atkins, 2018-02-06 The fourth edition of this widely praised text has been thoroughly revised to reflect the evolving characteristics of the current international system that have had a dramatic effect on every aspect of international relations of Latin America and the Caribbean The original purpose of this book is unchanged It continues to provide a topically current and analytically integrated survey of the region's role in the world Still organized around the idea of Latin America and the Caribbean as a separate subsystem within the global international system the

discussion gives special emphasis to complex interstate and transnational structures and processes Within this framework Atkins analyzes the foreign policies of the Latin American states themselves and those of the United States and other countries toward Latin America and the Caribbean He also looks closely at the nature and role of transnational actors in the region such as the multinational corporations the Holy See Protestant Churches transnational political parties international labor nongovernmental organizations and others He gives special attention to Latin American participation in international institutions at all levels

Developing the Global South Paulos Milkias, 2010 For four decades the UN has attempted to foster development in the countries of the global south The book provides a synopsis of these efforts from the Brandt Commission Report to Boutros Boutros Ghali's Agenda for Development Prof Milkias presents opposing arguments in allotting responsibility for the growing gap between the North and the South and details the Millennium Development Goals and assesses their successes and failures so far He provides suggestions for closing the gap for removing the debt burden that is currently crushing the nations of the South and for relieving the poverty ignorance and disease that plague so much of humanity

Neighorly Adversaries Michael J. LaRosa, Frank O. Mora, 2007 Providing a balanced and interdisciplinary interpretation this comprehensive reader traces the troubled U S Latin American relationship from the beginning of the nineteenth century to the post 9 11 period Thoroughly revised and updated the second edition includes original essays on critical issues such as immigration and the environment In addition a new section helps students understand the most important themes and topics that unify and divide the United States and Latin American nations today The readings are framed by the editors opening chapter on the history of the relationship part introductions and abstracts for each selection Methodologically interdisciplinary yet comparative and historical in organization and structure this collection will benefit students and specialists of Latin America's complex historical social and political relationship with its northern neighbor

Encyclopedia of U.S. - Latin American Relations Thomas Leonard, Jurgen Buchenau, Kyle Longley, Graeme Mount, 2012-01-31 No previous work has covered the web of important players places and events that have shaped the history of the United States relations with its neighbors to the south From the Monroe Doctrine through today's tensions with Latin America's new leftist governments this history is rich in case studies of diplomatic economic and military cooperation and contentiousness Encyclopedia of U S Latin American Relations is a comprehensive three volume A to Z reference featuring more than 800 entries detailing the political economic and military interconnections between the United States and the countries of Latin America including Mexico and the nations in Central America the Caribbean and South America Entries cover Each country and its relationship with the United States Key politicians diplomats and revolutionaries in each country Wars conflicts and other events Policies and treaties Organizations central to the political and diplomatic history of the western hemisphere Key topics covered include Coups and terrorist organizations U S military interventions in the Caribbean Mexican American War The Cold War communism and dictators The war on drugs in Latin America Panama Canal

Embargo on Cuba Pan Americanism and Inter American conferences The role of commodities like coffee bananas copper and oil Big Stick and Good Neighbor policies Impact of religion in U S Latin American relations Neoliberal economic development model U S Presidents from John Quincy Adams to Barack Obama Latin American leaders from Simon Bolivar to Hugo Chavez With expansive coverage of more than 200 years of important and fascinating events this new work will serve as an important addition to the collections of academic public and school libraries serving students and researchers interested in U S history and diplomacy Latin American studies international relations and current events **Handbook of Latin**

American Studies, 1997 Contains scholarly evaluations of books and book chapters as well as conference papers and articles published worldwide in the field of Latin American studies Covers social sciences and the humanities in alternate years **The State And Capital In Chile** Eduardo Silva, 2019-07-11 Chile emerged from military rule in the 1990s as a

leader of free market economic reform and democratic stability and other countries now look to it for lessons in policy design sequencing and timing Explanations for economic change in Chile generally focus on strong authoritarianism under General Augusto Pinochet and the insulation of policymakers from the influence of social groups especially business and landowners In this book Eduardo Silva argues that such a view underplays the role of entrepreneurs and landowners in Chile s neoliberal transformation and hence their potential effect on economic reform elsewhere He shows how shifting coalitions of businesspeople and landowners with varying power resources influenced policy formulation and affected policy outcomes He then examines the consequences of coalitional shifts for Chile s transition to democracy arguing that the absence of a multiclass opposition that included capitalists facilitated a political transition based on the authoritarian constitution of 1980 and inhibited its alternative This situation helped to define the current style of consensual politics that with respect to the question of social equity has deepened a neoliberal model of welfare statism rather than advanced a social democratic one

Free Markets and Food Riots John K. Walton, David Seddon, 2011-08-10 This book describes and explains the extraordinary wave of popular protest that swept across the so called Third World and the countries of the former socialist bloc during the period from the late 1970s to the early 1990s in response to the mounting debt crisis and the austerity measures widely adopted as part of economic reform and adjustment Explores this general proposition in a cross national study of the austerity protests or the IMF Riots that have affected so many debtor nations since the mid 1970s Argues that modern austerity protests like the classical bread riots in eighteenth century Europe are political acts aimed at injustice but acts that are an integral part of the process of international economic and political restructuring Evaluates how modern food riots are most important for what they reveal about global economic transformation and its social and political consequences Provides a general framework drawing on comparative and historical material and then trace the cycle of uneven development debt neo liberal reform and protest in Latin America Africa Asia the Middle East and Eastern Europe Focusses on the role of women in structural adjustment and protest politics and the features of seemingly anomalous cases which

qualify the general argument **Latin America 2012** Robert T. Buckman, 2012 A comprehensive timely and entertaining account of the political cultural and economic dynamics of more than 30 discrete countries of the Western Hemisphere this book is updated each year providing students with the most recent information possible The information is presented in an objective balanced non ideological context allowing the readers to formulate their own opinions In addition to examining individual countries the book views Latin America as a mosaic region as a whole and emphasizes its growing influence on the world stage Besides providing accurate and timely information on the historical and political forces that have shaped each nation it also examines the leading cultural figures and forces from 18th century writers to 20th century composers and singing stars to 21st century filmmakers and actors Finally it describes the social and economic challenges that continue to afflict this exciting and emerging region **The Sources of Social Power: Volume 4, Globalizations, 1945-2011** Michael Mann, 2012 This third volume of Michael Mann s analytical history of social power begins with nineteenth century global empires and continues with a global history of the twentieth century up to 1945 Mann focuses on the interrelated development of capitalism nation states and empires Volume 3 discusses the Great Divergence between the fortunes of the West and the rest of the world the self destruction of European and Japanese power in two world wars the Great Depression the rise of American and Soviet power the rivalry between capitalism socialism and fascism and the triumph of a reformed and democratic capitalism from back cover of Volume 3 **Unravelling Gramsci** Adam David Morton, 2007-02-20 Powerful and clarifying The book s combination of careful argument and cogent illustration will make this a landmark volume in Gramscian studies John Agnew University of California Los Angeles and author of Hegemony The New Shape of Global Power Morton draws upon an impressive knowledge of Gramsci s writings to provide new insights into key processes in today s world order Anne Showstack Sassoon Emeritus Professor Kingston University and Visiting Professor Birkbeck College University of London Unravelling Gramsci makes extensive use of Antonio Gramsci s writings including his much overlooked pre prison journalism prison letters as well as his prison notebooks to provide a fresh approach to understanding his contemporary relevance in the current neoliberal world order Adam Morton examines in detail the themes of hegemony passive revolution and uneven development to provide a useful way of analysing the contemporary global political economy the project of neoliberalism processes of state formation and practices of resistance The book explores the theoretical and practical limitations of how Gramsci s ideas can be used today offering a broad insight into state formation and the international factors shaping hegemony within a capitalist framework Review of the North-South Center United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Western Hemisphere Affairs, 1994 Power of Development Jonathan Crush, 2005-07-22 Post colonial post modern and feminist critiques have challenged the ways we theorise and practice development Development is not just the conclusion of economic logic its histories reveal a legacy of contested power illuminating the contemporary battlefields of knowledge These essays explore the language of development

its rhetoric and meaning within different political and institutional contexts The contested ideas behind world development are explained with illustrative material sensitive to place and time chiefly drawn from Asia Africa and Latin America This book examines the power of development to imagine new worlds and to constantly reinvent itself as the solution to problems of national and global disorder Revolutionary Social Change in Colombia James J. Brittain, 2009-12-09 Although they are one of the most powerful military forces in Latin American history little is known about the Revolutionary Armed Forces of Colombia People's Army FARC EP This book explains why this political military movement came into existence and assesses whether the methods employed by the insurgency have the potential to free those marginalised in Colombia By evaluating the FARC EP's actions ideological construction and their theoretical placement the book gauges how this guerrilla movement relates to revolutionary theory and practice and through what tangible mechanisms if any they are creating a new Colombia

Neoliberalism, Interrupted Mark Goodale, Nancy Postero, 2013-05-29 In the 1980s and 1990s neoliberal forms of governance largely dominated Latin American political and social life Neoliberalism Interrupted examines the recent and diverse proliferation of responses to neoliberalism's hegemony In so doing this vanguard collection of case studies undermines the conventional dichotomies used to understand transformation in this region such as neoliberalism vs socialism right vs left indigenous vs mestizo and national vs transnational Deploying both ethnographic research and more synthetic reflections on meaning consequence and possibility the essays focus on the ways in which a range of unresolved contradictions interconnect various projects for change and resistance to change in Latin America Useful to students and scholars across disciplines this groundbreaking volume reorients how sociopolitical change has been understood and practiced in Latin America It also carries important lessons for other parts of the world with similar histories and structural conditions Power And Profits Ronald Cox, 2014-10-17 The cold war between the United States and the Soviet Union provided the context for U S policies toward Central America from the 1950s to the 1980s Nonetheless attitudes developed during the Cold War cannot explain the specific content of U S foreign policies toward the region Ronald W Cox argues that U S business interests have worked with policymakers to develop trade aid and investment policies toward Central America He reveals how the relationship between business groups and the state has been shaped by business competition national security considerations institutional structures and instability in the Central American countries Many see the state as autonomous and not influenced by business but Cox argues that business groups have been able to take advantage of specific international circumstances to promote economic policies thus increasing foreign investment At the same time division among business groups has affected foreign economic policies This book is a provocative analysis of interest to scholars of international political economy American foreign policy comparative politics and business government relations
