Local Government Administration in Small Town America James C. Clinger,Donna M. Handley,Wendy L. Eaton,2023-10-12 In government administration and leadership rural community leaders face unique challenges in delivering public services including but not limited to education health care and public safety Meanwhile residents who live in smaller and more isolated rural settings often face greater difficulties accessing provisions and services or commuting to work among other economic development challenges These factors may affect a community s resiliency to and recovery from shocks such as the COVID 19 pandemic Local Government Administration in Small Town America devotes some overdue scholarly attention to the governance and administration of public programs in small towns and rural

communities in the United States The chapter contributors to this volume analyze some of the unique challenges rural communities face as well as the policy tools that their governments employ to address them The book explores ways that small town governments collaborate with one another the state and the federal government and examines how local government officials use knowledge of people and place to improve policy performance The chapters are designed to provide cases and strategies for students and practitioners in public administration to use in a small town environment while also considering a community s distinctive social and political culture which determines how local political leaders and government practitioners might respond to demands and challenges they face Local Government Administration in Small Town America is an essential resource for undergraduate and graduate students studying local government as well as for rural practitioners navigating evolving challenges unique to their communities
