Andrew Zimbalist, Howard J. Sherman

Economic Institutions Compared:

Economic Institutions Compared Peter John de la Fosse Wiles, 1977
D., 1986 *Economic Institutions Compared* P. J. Wiles, 1993-01-01 **Internationalisation and Economic Institutions** Mark Thatcher, 2007-07-19 This book examines when how and why internationalisation affects national economic institutions It confronts questions at the heart of debates in political economy and comparative politics What does internationalisation of markets mean Who are its carriers in domestic arenas Through which mechanisms does it affect decisions about national institutional reform What are institutional outcomes in the face of internationalisation The book responds to its questions by looking at key economic institutions in five strategic sectors securities trading telecommunications electricity airlines and postal services It compares across four countries that represent different varieties of capitalism namely Britain France Germany and Italy over the period between 1965 and 2005 Thus it combines cross national historical and cross sectoral comparisons The author distinguishes technological and economic forms of internationalisation from policy forms notably decisions in powerful overseas nations and supranational regulation He argues that contrary to expectations the first was met with institutional inertia In contrast policy forms of internationalisation namely reforms in the US and European Union regulation played significant roles in undermining long standing national institutions The book explores the mechanisms whereby policy forms of internationalisation were influential by looking at the strategies coalitions and resources of key actors in national arenas It also shows that institutional outcomes were surprising all four countries albeit through different routes adopted increasingly similar reforms of economic institutions privatisation the ending of monopolies and delegation to independent regulatory agencies The book rejects the view that technological and economic forms of internationalisation drive institutional change It suggests that policy forms of internationalisation are more important because they become part of domestic decision making and aid the reform of well established national institutions *Economic Behavior and Institutions* Þráinn Eggertsson, 1990-06-29 This book is a comprehensive survey of neoinstitutional economics which integrates different economic theories *Comparison of Economic Systems* Alexander Eckstein, 2023-07-28 Comparison of Economic Systems Theoretical and Methodological Approaches offers a profound exploration of the analytical frameworks and methodologies that define the field of comparative economics Emerging from a University of Michigan research conference the book charts the evolution of comparative economic systems as a discipline initially focused on evaluating grand isms like capitalism and socialism It shifts the focus toward a nuanced understanding of the traits institutions and decision making mechanisms that influence economic behavior and performance across different systems By examining theoretical models such as those proposed by Koopmans Montias and Hurwicz the volume highlights the interplay of variables like property relations incentive structures and resource allocation methods within mixed economic systems The book seeks to bridge ideological labels with empirical data fostering a more sophisticated analysis of economic systems in

practice This collection is not just an academic critique of economic ideologies but also a practical guide to comparing performance metrics like growth efficiency and stability across national economies It delves into contemporary challenges including decision making in large bureaucracies the role of public versus private ownership and the impact of technological advancement on economic organization With contributions from leading economists and case studies such as Bergson s work on the Soviet Union and the United States the book underscores the necessity of interdisciplinary approaches to refine the methodologies of comparative economics It is an essential resource for economists and policy analysts seeking to understand the complexities of economic systems and their implications for global development This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1971

Comparing Economic Systems Andrew Zimbalist, Howard J. Sherman, 2014-05-12 Comparing Economic Systems A Political Economic Approach presents a political economic approach to the analysis and comparison of different types of economic systems Full integrated political economic case studies of several representative countries including Japan Sweden and France are given This book consists of six parts and begins with an overview of some definitions of the main kinds of political and economic systems theoretical arguments from various points of view about how political and economic systems relate to each other and the criteria for evaluating different political economic systems The next section considers three essentially market capitalist systems Japan Sweden and France The Soviet Union a centrally planned allegedly socialist economy is examined next More specifically Soviet development from 1917 to 1928 and from 1928 to the present is discussed Central planning in developing countries such as China and Cuba is also explored Finally the theory of market socialism is analyzed citing the cases of Hungary and Yugoslavia This monograph will be of value to politicians economists and economic policymakers

The Routledge Handbook of Comparative Economic Systems Bruno Dallago, Sara Casagrande, 2022-12-19 The Routledge Handbook of Comparative Economic Systems examines the institutional bases of economies and the different ways in which economic activity can function be organized and governed It examines the complexity of this academic and research field assessing the place of comparative economic studies within economics paying due attention to future perspectives and presenting critically important questions analytical methods and relative approaches This complements the recent revival of the systemic view of economic governance which was accelerated by the COVID 19 pandemic and likely even more the renewed East West clash epitomized by the Russian invasion of Ukraine and the West s reaction to it The Handbook is divided into five parts Each part deals with an issue of relevance for the discipline The first and second parts look at the subject content and approach of the discipline and its comparative method The third part looks at the idiosyncratic nature of different economic systems and their constituent elements The fourth part considers the

outcomes that different economic systems generate and how these outcomes change following the evolution and transformation of economic systems The last part takes stock and looks ahead at the challenges from a theoretical and applied perspective and the exogenous and endogenous factors promoting the advancement of the discipline including the interaction between and competition among varied approaches and opposing paradigms The Handbook brings together leading international contributors to reflect on the relevant debates and case or country studies provides a balanced overview of the results achieved and current knowledge as well as evolving issues and new fields of research The book provides researchers students and analysts with a complete critical and forward looking presentation and analysis of the content development challenges and perspectives of comparative economic studies Chapters 4 and 22 of this book are available for free in PDF format as Open Access from the individual product page at www.routledge.com Chapter 4 has been made available under a Creative Commons Attribution 4.0 license and Chapter 22 has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

The Oxford Handbook of Business Ethics George G. Brenkert, Tom L. Beauchamp, 2012-04-19 The Oxford Handbook of Business Ethics is a comprehensive treatment of the field of business ethics as seen from a philosophical approach The volume consists of 24 essays that survey the field of business ethics in a broad and accessible manner covering all major topics about the relationship between ethical theory and business ethics

Comparative Economics John-Michael Montias, 2023-04-28 First published in 1994 The reasons methods and outcomes of system change in general and in Russia and Eastern Europe in particular are analyzed using the analytical apparatus developed in the monograph

The Palgrave Handbook of Comparative Economics Elodie Douarin, Oleh Havrylyshyn, 2021-02-13 This book aims to define comparative economics and to illustrate the breadth and depth of its contribution It starts with an historiography of the field arguing for a continued legacy of comparative economic systems which compared socialism and capitalism a field which some argued should have been replaced by institutional economics after the fall of the Berlin Wall The process of transition to market capitalism is reviewed and itself exemplifies a new combination of comparative analysis with a focus on institutional development Going beyond chapters broadening the application of comparative analysis and applying it to new issues and approaches including the role and definition of institutions subjective wellbeing inequality populism demography and novel methodologies Overall comparative economics has evolved in the past 30 years and remains a powerful approach for analyzing important issues

Sharing Ownership in the Workplace Raymond Russell, 1985-01-01 Employee ownership is the fastest growing organizational trend in American business Instances of workers buying out closing plants unions granting wage concessions in exchange for an employer's

stock and corporations using employee stock ownership as a defense against takeovers are occurring more frequently But is the movement toward employee ownership a significant new trend or a repetition of past mistakes *Sharing Ownership in the Workplace* traces the history of employee ownership in the United States and Western Europe to its incipency in the nineteenth century The findings are disturbing labor owned business tend to revert to conventional organizational structure This book examines this phenomenon an understanding of which is crucial for assessing the prospects of the emerging generation of employee owned firms It presents three contemporary case studies of businesses that have been employee owned for generations scavenger firms taxi cooperatives and professional group practices to determine what causes them to fail and what makes for successful labor controlled operations Throughout Russell integrates various ideological perspectives on worker owned organizations citing theorists as diverse as Karl Marx Max Weber Sidney and Beatrice Webb Louis Kelso and Peter Drucker Special attention is paid to the processes that lead to employee ownership cause it to spread and either to endure or to degenerate over time Comparing Pluralist Democracies Mattei Dogan,2019-03-06 This book is an outcome of the international conference held in July 1985 at Berlin It discusses the issues related to the legitimacy of the political regime The book also discusses crises of legitimacy in democracy focusing on the current crisis of the welfare state

Monthly Labor Review ,1977 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews *The Political Economy of Business Ethics in East Asia* Ingyu Oh,Gil Sung Park,2016-09-28 *The Political Economy of Business Ethics in East Asia A Historical and Comparative Perspective* deals with modes of ethical persuasion in both public and private sectors of the national economy in East Asia from the periods of the fourteenth century to the modern era Authors in this volume ask how and why governments in pre modern Joseon Korea modern Korea and modern Japan used moral persuasion of different kinds in designing national economic institutions Case studies demonstrate that the concept of modes of exchange first developed by John Lie 1992 provides a more convincing explanation on the evolution of pre modern and modern economic institutions compared with Marx s modes of production as historically specific social relations or Smith s free market as a terminal stage of human economic development The pre modern and modern cases presented in this volume reveal that different modes of exchange have coexisted throughout human history Furthermore business ethics or corporate social responsibility is not a purely European economic ideology because manorial market entrepreneurial and mercantilist moral persuasions had widely been used by state rulers and policymakers in East Asia for their programs of advancing dissimilar modes of exchange In a similar vein the domination of the market and entrepreneurial modes in the twenty first century world is also complemented by other competing modes of change such as state welfarism public sector economies and protectionism Compares Chinese Japanese and Korean business ethics from a comparative and historical context Explores recent theoretical approaches to capitalist development in modern history in non Western regions Discusses the theoretical usefulness of new institutionalism modes of exchange and

neoclassical discussions of business ethics Evaluates historical texts in their own languages in its attempt to compare Chinese Japanese and Korean business ethics in the pre modern and modern times **Comparing Communism, Capitalism, Socialism, and Democracy** Raghav Pillai,2025-02-20 Comparing Communism Capitalism Socialism and Democracy navigates the intricate tapestry of global governance and economic systems This enlightening book dissects four fundamental ideologies that have shaped human history Going beyond surface level definitions it delves into the historical evolution key principles and distinctions that define each ideology Whether you are a seasoned scholar curious student or an individual seeking a profound understanding of the world s socio political landscape this book provides a roadmap to unravel communism capitalism socialism and democracy Uncover the roots of each ideology tracing their origins from pivotal historical moments Explore the economic paradigms understanding how they shape wealth distribution production and resource allocation Examine governance models from centralized planning to democratic governance and their impact on citizen participation and political stability Delve into societal dimensions evaluating how these ideologies foster inclusivity address disparities and preserve cultural identity Analyze the contemporary relevance of each ideology considering their adaptability to global challenges and their impact on international relations Comparing Communism Capitalism Socialism and Democracy serves as an indispensable guide for anyone seeking clarity in political and economic ideologies It offers a reader friendly yet comprehensive exploration equipping individuals with knowledge to critically engage with diverse ideologies shaping our global society **Democratic Justice and the Social Contract** Albert Weale,2013-08-15 The book offers a novel and original synthesis of work in modern political theory and in political science and political economy to offer a theory of democratic justice considering society as a social contract Value and Justification Gerald F. Gaus,1990-07-27 Rational moral action can neither be seen as a way of maximising personal values nor derived from reason independent of them is this study s assertion It contends that commitment to the moral point of view is presupposed by value systems Rational moral action can neither be seen as a way of maximising personal values nor derived from reason independent of them is this study s assertion It contends that commitment to the moral point of view is presupposed by value systems Handbook of the Economics and Political Economy of Transition Paul Hare, Gerard Turley,2013-05-02 Transition from central planning to a market economy involving large scale institutional change and reforms at all levels is often described as the greatest social science experiment in modern times As more than two decades have passed since the fall of the Berlin Wall and the collapse of the Soviet Union it is now an excellent time to take stock of how the transition process has turned out for the economies that have moved on from socialism and the command economy This new handbook assembles a team of leading experts many of whom were closely involved in the transition process as policymakers and policy advisors to explore the major themes that have characterized the transition process After identifying the nature of initial conditions and the strengths and weaknesses of institutions the varying paths and reforms countries have taken are fully analyzed from the

shock therapy privatization or gradualism of the early years to the burning issues of the present including global integration and sustainable growth Topics covered include the socialist system pre transition economic reforms institutions the political economy of transition performance and growth enterprise restructuring and people and transition The country coverage is also extensive from the former socialist countries of the USSR and the satellite states of Central and Eastern Europe to the Asian countries of China Vietnam and others The rise of China as a key actor in the drama is chronicled along with the emergence of a new more confident oil rich Russia The comparative prosperity of the Central European countries such as Poland and the Czech Republic is contrasted with the mixed fortunes of the former USSR where some countries are stagnating while others boom This Handbook of the Economics and Political Economy of Transition is the definitive guide to this new order of things in the former Communist world

When people should go to the ebook stores, search introduction by shop, shelf by shelf, it is essentially problematic. This is why we offer the ebook compilations in this website. It will no question ease you to look guide **Economic Institutions Compared** as you such as.

By searching the title, publisher, or authors of guide you essentially want, you can discover them rapidly.
