Resources in Education ,2000-10 **The Mexico Competitiveness Report 2009** , **Research in Education** ,1974 School, Family, and Community Partnerships, Student Economy Edition Joyce Epstein, 2018-10-03 This book encourages more professors of education sociology psychology and related fields to prepare the next generation of education professionals to understand and implement programs and practices of family and community involvement to increase student success in school Education in the Structure of the Social and Investment Model of Economic Growth: Scenarios of Development and Mechanisms of Management Elena G. Popkova, 2024-08-12 The importance of the formation of a socially oriented market economy grew due to the adoption of the global goals in the sphere of sustainable development For practical implementation of this idea in the modern economic systems there s a necessity for a new social and investment model of economic growth The essence and the main difference of this model from the traditional model of economic growth are the sources of growth are social investments investments in humans and an increase in the population s quality of life

Canadiana ,1976 **Rethinking Value-Added Models in Education** Audrey Amrein-Beardsley, 2014-04-24 Since passage of the of No Child Left Behind Act in 2001 academic researchers econometricians and statisticians have been exploring various analytical methods of documenting students academic progress over time Known as value added models VAMs these methods are meant to measure the value a teacher or school adds to student learning from one year to the next To date however there is very little evidence to support the trustworthiness of these models What is becoming increasingly evident yet often ignored mainly by policymakers is that VAMs are 1 unreliable 2 invalid 3 nontransparent 4 unfair 5 fraught

with measurement errors and 6 being inappropriately used to make consequential decisions regarding such things as teacher pay retention and termination Unfortunately their unintended consequences are not fully recognized at this point either Given such the timeliness of this well researched and thoughtful book cannot be overstated This book sheds important light on the debate surrounding VAMs and thereby offers states and practitioners a highly important resource from which they can move forward in more research based ways
