Elements In Old Testament Theology:

Elements of Old Testament Theology Claus Westermann, 1982 Old Testament Theology Ben C. Ollenburger, 2004 In this extensively revised and updated edition of The Flowering of Old Testament Theology Professor Ollenburger provides help for beginning theological students who are frequently overwhelmed by the proliferation of volumes dealing with Old Testament theology to say nothing of the variety of approaches used in these works This textbook has been re issued with a new title Old Testament Theology Flowering and Future Selected essays include key theological statements of Otto Eissfeldt Walther Eichrodt Theodorus C Vriezen George E Wright Gerhard von Rad Walther Zimmerli John L McKenzie Ronald E Clements Walter C Kaiser Jr Samuel L Terrien Claus Westermann Brevard S Childs Rolf Knierim Horst D Preuss Walter Brueggemann Paul R House Bernhard W Anderson Erhard S Gerstenberger Hartmut Gese Phyllis Trible Jon D Levenson John H Sailhamer Gunther H Wittenberg James Barr R W L Moberly and Mark G Brett An appendix contains Johann P Gabler s 1787 seminal essay on biblical theology An extensive bibliography and indexes of authorities and Scripture references **Elements of Old Testament Theology** Claus Westermann, 1978 conclude the volume Publisher Theology Paul R. House, 2012-11-30 Paul R House provides a comprehensive theology of the Old Testament carefully exploring each Old Testament book thematically summarizing its content and showing its theological significance within the whole of the Old Testament canon Student friendly and useful to a wide audience this impressive work has proved a Old Testament Theology Robin Routledge, 2020-05-21 Numerous useful books on Old Testament profitable read for many theology are now available However they often give too much information or too little Some can seem large and daunting to the ordinary student or pastor and because of their layout information may be hard to access Others take a more introductory approach and do not deal with many of the theological issues and questions that the Old Testament raises Robin Routledge's aim is to bridge this gap He provides a substantial overview of the central issues and themes in Old Testament theology in the main body of the text with more detailed discussion and references for further reading in the footnotes His purpose is to examine the theological significance of the various texts in their wider canonical context noting unity and coherence within the Old Testament and to some extent between the Old and New Testaments whilst also being aware of diversity A brief outline of the relationship between exeges is and biblical theology within the overall task of interpreting and applying biblical material is given in the first chapter His hope as a Christian minister is that while this volume has grown out of a teaching context and is intended for students it will also be of benefit to others who want to take the theological content of the Old Testament seriously and to apply its message to the life and ministry of the church today The Priestly Element in the Old Testament William Rainey Harper,1905 The Old Testament Between Theology and History Niels Peter Lemche, 2008-01-01 From its inception at the time of the Enlightenment until the mid twentieth century the historical critical method constituted the dominant paradigm in Old Testament studies In this magisterial overview Niels Peter Lemche surveys

the development of the historical critical method and the way it changed the scholarly perception of the Old Testament In part 1 he describes the rise and influence of historical critical approaches while in part 2 he traces their decline and fall Then in part 3 he discusses the identity of the authors of the Old Testament based on the content of the literature they wrote demonstrating that the collapse of history does not preclude critical study Part 4 investigates the theological consequences of this collapse and surveys Old Testament and biblical theology in its various manifestations in the twentieth century An appendix includes a history of Palestine from the Stone Age to modern times constructed without recourse to the Old Testament Theology Frederick C. Prussner,1985-01-01 Looks at theological writings from the Reformation to the present offers profiles of important scholars and discusses neo orthodoxy the impact of archaeology and the church

Old Testament Theology Preuss, Horst Dietrich Preuss, 1995-01-01 In this work a part of the Old Testament Library series Horst Preuss provides a comprehensive analysis of the theology of the Old Testament He focuses on a detailed assessment of Israel's responses to God's acts of election and covenant with them as a people The Old Testament Library provides fresh and authoritative treatments of important aspects of Old Testament study through commentaries and general surveys The contributors are scholars of international standing Old Testament Theology Walter Brueggemann, Patrick D. Miller, 1992-02-01 Through these essays Brueggemann addresses the necessity for thinking about the shape and structure of Old Testament theology and the impact such thinking can have on the large issues of contemporary life The Old Testament is seen to be something that has intelligible and significant connections to all sorts of things in this world Patrick D Miller Jr

Reconstructing Old Testament Theology Walter Brueggemann, 2005-06-15 In this informative and keen look at contemporary trends in Old Testament theology Perdue builds on his earlier volume The Collapse of History 1994 He investigates how a variety of perspectives and methodologies have impacted how the Old Testament is read in the twenty first century including literary criticism rhetorical criticism feminist womanist and mujerista theologies liberation theology Jewish theology postmodernism and postcolonialism Perdue provides a sensitive reading of the aims of these approaches as well as providing critique and setting them in their various cultural contexts In his conclusion the author provides a look at the future and how these various voices and approaches will continue to impact how we carry out Old Testament theology

New Testament Theology and Ethics Ben Witherington III,2016-03-21 In the second volume of his two volume comprehensive overview of the theological and ethical thought world of the New Testament Ben Witherington III focuses on the collective witness of New Testament writers the convergences and divergences of their theological and ethical thought

Covenant: A Vital Element of Reformed

Theology, 2021-11-29 Covenant A Vital Element of Reformed Theology provides a multi disciplinary reflection on the theme of the covenant from historical biblical theological and systematic theological perspectives The interaction between exegesis

and dogmatics in the volume reveals the potential and relevance of this biblical motif It proves to be vital in building bridges between God's revelation in the past and the actual question of how to live with him today An Old Testament Theology Bruce K. Waltke, 2011-04-19 The Old Testament is more than a religious history of the nation of Israel It is more than a portrait gallery of heroes of the faith It is even more than a theological and prophetic backdrop to the New Testament Beyond these the Old Testament is inspired revelation of the very nature character and works of God As renowned Old Testament scholar Bruce Waltke writes in the preface of this book the Old Testament's every sentence is fraught with theology worthy of reflection This book is the result of decades of reflection informed by an extensive knowledge of the Hebrew language the best of critical scholarship a deep understanding of both the content and spirit of the Old Testament and a thoroughly evangelical conviction Taking a narrative chronological approach to the text Waltke employs rhetorical criticism to illuminate the theologies of the biblical narrators Through careful study he shows that the unifying theme of the Old Testament is the breaking in of the kingdom of God This theme helps the reader better understand not only the Old Testament but also the New Testament the continuity of the entire Bible and ultimately God himself The Task of Old Testament Theology Rolf P. Knierim, 1995 This prodigious Testament Theology Heinrich Ewald, 1888 work offers a broad selection of essays that present Knierim's distinct method for the discipline of Old Testament studies One subject deals with the implications of his method for New Testament studies **The Concept of Biblical Theology** James Barr, 2009-12-01 A major overview and provocative analysis from a premier Old Testament scholar Biblical Theology Carey Walsh, Mark W. Elliott, 2016-08-03 This book offers two things in particular first these are papers that have been commented on and re worked in the context of a set of lively sessions from International SBL conferences from 2012 to 2014 Amsterdam St Andrews Vienna Second they offer an insight into the origins of the discipline as one which became conscious of itself in the early modern era and the turn to history and the analysis of texts to offer something exegetical and synthetic The fresh wind that the enterprise received in the latter part of the twentieth century is the focus of the second part of the volume which describes the recent activity up to the present state of the question. The third part takes a step further to anticipate the way forward for the discipline in an era where canon but also Scripture and theology seem to be alien terms and where other ideologies are advanced in the name of neutrality Biblical Theology will aim to be true to the evidence of the text it will not always see clearly but it will rely on the best of biblical criticism and theological discernment to help it That is the spirit with which this present volume is imbued
