Elephant Winter:

Elephant Winter Kim Echlin, 2009-03-03 Intimate sensual and language loving every line gives off light heat scent The prose is transparent elegiac The end comes too soon Elephant Winter is enormously engaging unusual enough to catch the popular imagination and well and wisely enough written to endure Quill Quire Sophie Walker is back from Africa to nurse her dying mother Her mother's Ontario farm borders on Safari a tacky tourist spot now deserted for the winter From her mother's window Sophie sees not cows or horses but a group of Indian elephants playing gracefully in the snow Elephant Winter is a novel about the forms of intimacy from the turbulent love between a mother and daughter to the fulfilling bond between Sophie and the elephants *The nature park guide for Addo Elephant National Park (South Africa)* , 2025-09-26

Antarctic Journal of the United States , 1988 *The Cowboy and His Elephant* Malcolm Macpherson, 2007-04-01 In the late 1980s a female baby elephant was born into a herd that lived on the plains of southern Africa Her mother has carried her for two years and normally she would have nursed her for five more But the close knit family of wild elephants was to face a predator for which it was no match humans In a cull her family was slaughtered in a few moments Only the newborn female's life was spared Terrified and bewildered the young elephant was transported to America to be sold There she met the person who was to change her life forever Bob Norris is a cowboy with an enormous empathy for animals that overwhelms his other emotions He was raised with a pet bear and as a boy decided to become a real cowboy He saw his dream come true in Colorado on one of the larger horse and cattle ranches in America Handsome as a movie star he became the Marlboro Man and appeared on TV and on billboards around the world But with the passing of years and with his own family grown up he felt the need for something that he could not name When she came into his life by happenstance the hurt vulnerable little elephant tapped the fullness of Bob's empathy and an incredible bond between the most unlikely of friends was forged Bob adopted the baby orphan elephant named Amy and patiently set about helping her recover from the trauma of her ordeal He had never seen a real African elephant up close except in zoos He was a horseman and breeder of champion quarter horses But through close observation gentle training humor and endless perseverance Bob gradually coaxed Amy into overcoming her mistrust of humans and indeed her fear of the world The little elephant became a hand on Bob's ranch tending to simple chores riding the fences and shadowing Bob on his horse She developed a winning personality and a strong character and became a beloved member of the Norris family and partner to the ranch hands But Bob knew from the start that the ultimate goal was for Amy to regain her confidence and her independence even if it were possible to go back to the savannahs of Africa This is the true story of how Amy and Bob came together No one who reads *The Cowboy and His Elephant* can fail to be moved by such a simple tale of unlikely love **On the Zoological Position of Texas** Edward Drinker Cope, 1880
