available online through Veterinary Consult **True Story, I Swear It - Maybe** Harvey Cappel,2013-08 For as far back as I can remember I have told stories I can take nearly any situation or event and make a funny story of it Life is too short to miss out on the fun part Also for many years I have been writing articles and short stories for various newsletters newspapers and even national magazines some paid but most for free I enjoy writing to entertain to inform and to educate I have a different view of the world than the average person and not afraid of sharing it I have for many years wanted to write a book but thought that anything I would have to say would be out of date before I finished the book And then one day not too long ago I had an epiphany life stories humor fun philosophy and basic life lessons don t go out of date So I wrote this book The book is a collection of family stories tall tales a few reprints of previously published newspaper articles a little fun philosophy and a technical issue or two Except for a very few of the stories as noted in the stories all are original works of mine The contents are as you will notice printed and listed simply alphabetically I thought this random arrangement would minimize the potential for one to lose interest and fall asleep reading various versions of the same thing My intent in writing this book was not just to make some extra cash but to put down in writing in a more permanent form some of my life s experiences crazy ideas and a little technical correctness for family friends and a few others to enjoy Please enjoy **Farmer's Weekly** ,1923
