West,2023-06-19 This work demonstrates that not everything that Disney touched turned to gold In its first 100 years the company had major successes that transformed filmmaking and culture but it also had its share of unfinished projects unmet expectations and box office misses Some works failed but nevertheless led to other more stunning and lucrative ones others shed light on periods when the Disney Company was struggling to establish or re establish its brand In addition many Disney properties popular in their time but lost to modern audiences emerge as forgotten gems By exploring the studio s missteps this book provides a more complex portrayal of the history of the company than one would gain from a simple recounting of its many hits With essays by writers from across the globe it also asserts that what endures or is forgotten varies from person to person place to place or generation to generation What one dismisses someone else recalls with deep fondness as a magical Disney memory **The Encyclopedia of Lawmen, Outlaws, and Gunfighters** Leon Claire Metz,2002 Standoffs

saloons and sunsets spring to mind when one envisions the rough and tumble early days of the American frontier **Larger Than Life** Ferenc Morton Szasz,2006 Larger than Life offers eleven essays that touch on New Mexico s history through its people places and events **Ferenc Morton Szasz: A Celebration and Selected Writings** Mark T. Banker,2018-09-17

Ferenc Morton Szasz was a lifelong student who became a professor of history at the University of New Mexico. As a one year appointment at the Albuquerque campus evolved into a forty year career, Szasz glimpsed the predictable unpredictability that he would eventually discern as one of history's most enduring and elusive traits. The connections and consequences along the way forged a truly exceptional life and career. A master of the United States history survey, Szasz enthralled and inspired tens of thousands of students with energy, enthusiasm, provocative insights, and good will. Ambitious undergraduates regularly vied with graduate students for coveted seats in his upper level courses where he offered insights into World War II, American religious history, and popular culture. Szasz's interests, he insisted, were the ideas of the people and how they shift over time. In an era when historical scholarship became increasingly specialized, he pursued an eclectic array of research interests and challenged his doctoral students to do the same. The ten selections of Szasz's writings that are the primary content of this volume balance insights into history's great moments with attention to events and details often overlooked by more conventional historians. Szasz's crisp, accessible prose reveals both the unique and universal in the human experience and offers heartfelt glimpses into humanity's paradoxical promises and perils. Back cover *Elfego Baca in Life and Legend* Margaret Schmidt Hacker, Larry D. Ball, Jerry D. Thompson, 1992. After being captured by Comanches, Parker spent 15 years with them and then was recaptured by the Texas Rangers. **Murder on the White Sands** Corey Recko, 2007. The evidence pointed at three men, former deputies William McNew, James Gililand, and Oliver Lee. These three men, however, were very close with powerful ex-judge, lawyer, and politician Albert B. Fall. It was even said by some that Fall was the mastermind behind the plot to kill Fountain. Forced to wait two years for a change in the political landscape, Garrett finally presented his evidence to the court and secured indictments against the three suspects. The trial took place in the secluded town of Hillsboro. The murders of the Fountains became an afterthought as the accused men, defended by their attorney Fall, pleaded innocence. Missing witnesses plagued the prosecution, and armed supporters of the defendants who packed the courtroom intimidated others. The verdict: not guilty. **100 Hispanics You Should Know** Iván A. Castro, 2006-12-30. Meet 100 Hispanics from around the world and throughout history who have lived amazing lives. This guide covers well-known celebrities such as actress Rita Moreno, activist César Chavez, and musician Pablo Casals, as well as more obscure individuals such as Ellen Ochoa, inventor and first Hispanic female astronaut, Agustín Lara, a renowned Mexican composer, and José Capablanca, one of the greatest chess players of all times. Many of these individuals have made significant contributions to science, literature, politics, and other fields of human endeavour. Some more notorious but equally fascinating characters are included as well. Brief biographical sketches are accompanied by bibliographies of resources where readers can find more information. Grades 6-12. **Borders of Violence and Justice** Brian D. Behnken, 2022-10-07. Brian Behnken offers a sweeping examination of the interactions between Mexican origin people and law enforcement, both legally codified police agencies and extralegal justice, across the U.S. Southwest, especially Arizona, California, New Mexico, and Texas, from the 1830s.

to the 1930s Representing a broad colonial regime police agencies and extralegal groups policed and controlled Mexican origin people to maintain state and racial power in the region treating Mexicans and Mexican Americans as a foreign population that they deemed suspect and undesirable White Americans justified these perceptions and the acts of violence that they spawned with racist assumptions about the criminality of Mexican origin people but Behnken details the many ways Mexicans and Mexican Americans responded to violence including the formation of self defense groups and advocacy organizations Others became police officers vowing to protect Mexican origin people from within the ranks of law enforcement Mexican Americans also pushed state and territorial governments to professionalize law enforcement to halt abuse The long history of the border region between the United States and Mexico has been one marked by periodic violence but Behnken shows us in unsparing detail how Mexicans and Mexican Americans refused to stand idly by in the face of relentless assault
