Freedom In Internment Under Japanese Rule In Singapore 1942-1945:

Freedom in Internment Tyler Thompson, 1985 *The Internment of Western Civilians under the Japanese 1941-1945* Bernice Archer, 2004-08-02 Bernice Archer's comparative study of the experiences of the Western civilians interned by the Japanese in mixed family camps and sexually segregated camps in the Far East combines a wide variety of conventional and unconventional source material. This includes contemporary War Foreign and Colonial Office papers, diaries, letters, camp newspapers and artefacts, post-war medical, engineering and educational reports, biographies, autobiographies, memoirs and over fifty oral interviews with ex-internees. Using contemporary personal accounts, the shock of the Japanese victories and the devastating experience of capture are highlighted. This book also covers wider issues such as the role of women in war, gender and war children and war colonial culture, oral history and war and memory.

Cultural Heritage and Prisoners of War Gilly Carr, Harold Mytum, 2012-04-27 This book focuses on the numerous examples of creativity produced by POWs and civilian internees during their captivity, including paintings, cartoons, craftwork, needlework, acting, musical compositions, magazine and newspaper articles, wood carving and recycled Red Cross tins turned into plates, mugs and makeshift stoves, all of which have previously received little attention. The authors of this volume show the wide potential of such items to inform us about the daily life and struggle for survival behind barbed wire. Previously dismissed as items which could only serve to illustrate POW memoirs and diaries, this book argues for a central role of all items of creativity in helping us to understand the true experience of life in captivity. The international authors draw upon a rich seam of material from their own case studies of POW and civilian internment camps across the world to offer a range of interpretations of this diverse and extraordinary material.

Singapore John Curtis Perry, 2017 In *Singapore Unlikely Power* John Curtis Perry provides an evenhanded and authoritative history of the island nation that ranges from its Malay origins to the present day. Singapore development has been aided by its greatest natural blessing, a natural deepwater port shielded by mountain ranges from oceanic storms and which sits along one of the most strategic straits in the world, cementing the island's place as a major shipping entrepot throughout modern history.

Singapore National Bibliography, 1991 **A Bibliography of the Malayan Campaign and the Japanese Period in West Malaysia, Singapore, and Borneo, 1941-1945** Justin J. Corfield, 2001 If there was an honour roll of bibliographies of the Malayan campaign and the Japanese occupation of Malaya, Singapore and Borneo, this work would come close to the top of the list. With over 4,000 entries, it is a formidable collection and there is no doubt that Justin Corfield's efforts will be valuable to scholars working on this important aspect of military as well as Malayan and Singapore history. Corfield has compiled a virtual treasure trove of hitherto seemingly untouched material in the form of original diaries and other unpublished personal accounts, including material not only in English and Dutch but also in Malay and Chinese. Three indices greatly facilitate the looking up of entries.
