*Freedom in the World* Adrian Karatnycky, 2001-06-20 Freedom House's survey of freedom is the most systematic most comprehensive and most reliable survey of the individual's status in the world's political systems *Freedom in the World* provides an invaluable baseline in assessing the significance of world events Robert L Bartley Editor of The Wall Street Journal *Freedom in the World* is an institutional effort by Freedom House to monitor the progress and decline of political rights and civil liberties in 192 nations and 17 related and disputed territories These year end reviews of freedom began in 1955 when they were called the Balance Sheet of Freedom and still later the Annual Survey of the Progress of Freedom This program was expanded in the early 1970s and has been issued in a more developed context as a yearbook since 1978 Since 1989 the Survey project has been a year long effort produced by regional experts consultants and human rights specialists It derives its information from a wide range of sources Most valued of these are the many human rights activists journalists editors and political figures who keep the world informed of the human rights situation in their own countries Throughout the year Freedom House personnel regularly conduct fact finding missions to gain in depth knowledge of the vast political transformations affecting our world These investigations make every effort to meet a cross section of political parties and associations human rights monitors religious figures representatives of both the private sector and trade union movement academics and journalists *Freedom in the World* is now the standard reference work for measuring progress or the lack thereof in the process of regime democratization Adrian Karatnycky has directed the annual survey of political rights for Freedom House where he has served as president for the past decade This year's survey team includes Martin Edwin Andersen Kristen Guida Aili Piano Arch Puddington Leonard R Sussman Edward R McMahon Cindy Shiner Amy Wong Amanda Schnetzer Charles Graybow Kendra Zaharescu Gordon Bardos and Michael Goldfarb Vital Signs 2002 Janet N. Abramovitz, Worldwatch Institute, 2002 Focuses on the social economic and environmental trends that determine the health of people and the planet Covers mainly the 1990s **The Spirit of Democracy** Larry Diamond, 2024-07-02 A neatly structured survey examines the prospects for universal democracy A refreshingly evenhanded overview of democracy's global prospects Kirkus Reviews Meticulous and gleaned from his experience Diamond is at his best when he recounts how ordinary people affect the democratic process The New York Times Book Review In 1974 nearly three quarters of all countries were dictatorships today more than half are democracies Yet recent efforts to promote democracy have stumbled and many democratic governments are faltering In this sweeping vision for advancing freedom around the world Larry Diamond a renowned sociologist at the Hoover Institution at Stanford University and coeditor of the Journal of Democracy examines how democracy progresses He demonstrates that the desire for democracy runs deep even in very poor countries and why seemingly entrenched regimes like Iran and China could become democracies within a generation Diamond urges the United States to vigorously support good governance and free civic organizations Only then will the spirit of democracy

be secured Diamond is eloquent in arguing that despite the recent blunders of American democracy promoters there is still a role for the international community in helping societies that are struggling to be free Foreign Affairs **The End of Nostalgia** Diana Villiers Negroponte, 2013-06-12 Today's Mexico is strongly determined to become a full player in the globalizing international economy It has increased its manufacturing output in areas such as automobiles and electronics and both corporate and government sectors would like to take greater strides toward being a full global player But do the underlying institutional and cultural elements exist to support such an economic effort In *The End of Nostalgia* editor Diana Villiers Negroponte and colleagues from both sides of the Rio Grande examine the path that Mexico will likely take in the near future It remains a land in transition from a one party political system steeped in a colonial Spanish past toward a modern liberal democracy with open markets What steps are necessary for this proud nation to continue its momentum toward effective participation in a highly competitive world Contributors Armando Chacón is the research director at the Mexican Institute for Competitiveness Arturo Franco has worked with Cementos de Mexico CEMEX and the World Bank He was a Global Leadership fellow at the World Economic Forum on Latin America 2008-11 Eduardo Guerrero is a partner at Lant Consultores in Mexico City where he works on security assessment He joined the Secretaría de Gobernación in December 2012 Andrés Rozental holds the permanent rank of Eminent Ambassador of Mexico He is president of Rozental Asociados and is a nonresident senior fellow at the Brookings Institution Christopher Wilson is an associate at the Mexico Institute of the Woodrow Wilson International Center for Scholars Duncan Wood is a member of the Mexican National Research System and editorial adviser to Reforma newspaper Since January 2013 he has been the director of the Mexico Institute at the Woodrow Wilson International Center for Scholars *Christianity, Islam and Liberal Democracy* Robert Alfred Dowd, 2015 Based on research conducted in Nigeria and other parts of sub-Saharan Africa *Christianity Islam and Liberal Democracy* argues that Christian and Islamic religious communities become more conducive to actions and attitudes conducive to and compatible with liberal democracy in religiously diverse and integrated settings than in religiously homogeneous or diverse but segregated settings *The Democracy Advantage* Morton Halperin, Joe Siegle, Michael Weinstein, 2009-12-16 Reviewing 40 years of hard empirical data from China and India to Chile and Iraq the authors show that poor democracies beat poor autocracies in every economic measure In addition the authors offer dramatic evidence that democracies are less likely to fight each other and that terrorists more often find safe haven in authoritarian countries such as Egypt Saudi Arabia and Pakistan **The Democracy Advantage** Morton H. Halperin, Joseph T. Siegle, Michael M. *Decentralization in Asia and Latin America* Paul J. Smoke, Eduardo J. Gómez, George E. Peterson, 2006-11-28 Public sector decentralization has emerged prominently in many Asian and Latin American countries as a strategy to promote development and political reform Results in both cases have been mixed Despite broad similarities in intent and outcome contextual differences between the regions have led to striking differences in the way decentralization has been structured and implemented This volume takes an atypically historical and interdisciplinary perspective on decentralization highlighting how fiscal and political forces together have been shaping its evolution in the two regions Political Disaffection in

Contemporary Democracies Mariano Torcal, José Ramón Montero, 2006-04-18 Citizens of many democracies are becoming more critical of basic political institutions and detached and disaffected from politics in general This is a new comparative analysis of this trend that focuses on major democracies throughout Latin America Asia and Central Europe It brings together leading scholars to address three key areas of the current debate the conceptual discussion surrounding political disaffection the factors causing voters to turn away from politics the actual consequences for democracy This is a highly relevant topic as representative democracies are coming to face new developments It deals with the reasons and consequences of the so called democratic deficit in a systematic way that enables the reader to develop a well rounded sense of the area and its main debates This book is an invaluable resource for all students of political science sociology cultural studies and comparative politics **The Limits of Democratization** Tatu Vanhanen, 2009 *Between Cosmopolitan Ideals*

*and State Sovereignty* R. Tinnevelt, G. Verschraegen, 2006-10-26 *Between Cosmopolitan Ideals and State Sovereignty* explores how philosophers and political theorists have recast principles of justice and human rights in the light of challenges posed by globalization It discusses ethical issues that arise at a global level and considers whether human rights and sovereignty can ever be reconciled **State of the World, 2003** Gary T. Gardner, Chris Bright, Worldwatch Institute, 2003

In this 2003 edition the Worldwatch Institute's award winning research team provides concerned citizens and national leaders with comprehensive analysis of global environmental problems together with detailed descriptions of practical innovative solutions Culture and Politics Jan-Erik Lane, Svante Ersson, 2016-05-13 *Culture and Politics* provides a comprehensive introduction to the enduring phenomenon of culture and its impact on contemporary society and politics Combining a substantial theoretical overview with intricate comparative empirical research it assesses the complex interplay of ethnicity religion history and values on macro and micro level outcomes Striking a judicious balance between the use of global data on the topic and their selection of six key in depth country studies the book draws extensively on statistical material and hard data rather than the literary evidence usual in studies of this kind This second edition of a well established text has been expanded and fully updated in line with new events More student friendly this volume now contains useful references for further reading and new material on ethnicity and religion Readers will find that the values section is now

more lucid This clearly structured book's stringent approach to the topic and its readable accessible style make this book one that no serious scholar or student of political culture should be without *The Origin of Electoral Systems in the Postwar Era* Krister Lundell, 2009-09-10 This book explores and presents the influence of contextual factors on the choice of electoral systems for parliamentary elections in both democracies and non democracies around the world Taking a macroscopic approach the author focuses on structural explanations with an emphasis on general patterns rather than country specific explanations Drawn from a wealth of data the book presents the frequency of the adoption of each electoral formula and system in the postwar era and is followed by a theoretical elaboration of electoral system choice The author then draws on rational cultural historical and institutional theories which are systematically analyzed by means of sophisticated bivariate and multivariate techniques Lundell demonstrates that few electoral systems have been chosen from rational considerations and the impact of the cultural and historical setting is tremendous colonial legacy regional influence and temporal trends largely explain the cross national variation in electoral systems This book will be of interest to students and scholars of political science electoral politics and comparative politics Russia and Europe Kjell Engelbrekt, Bertil Nygren, 2014-03-18 Russian European political relations have always been problematic and one of the main reasons for this is the different perspectives on even the very basic notions and concepts of political life With a worldwide recession the problems as well as the opportunities in Russian European relations are magnified While most works on Russian European Russian American and Russian West relations focus on current policies and explain them from a standard set of explanatory variables this book penetrates deeper into the structural and ideational differences that tend to bring about misperceptions miscalculations misinterpretations and misdeeds in this two directional relationship It applies a very broad conceptual framework to analyse differences that are as relevant for Europe and the EU as it is to Russia's immediate neighbours and while doing so identifies the key factors that will dominate Russia EU ties in the next decade **Human Values and Social Change**, 2003-02-01 This book presents findings based on a unique source of insight into the role of human values the World Values Survey and the European Values Survey covering 78 societies containing over 80 per cent of the world's population The findings reveal large and coherent cross national differences in what people want out of life Four waves of surveys from 1981 to 1999 2001 reveal the impact of changing values on societal phenomena Evidence from eleven Islamic societies demonstrates that a distinctive Islamic culture exists but the democratic ideal is endorsed overwhelmingly Other analyses examine Gender Equality and Democracy Corruption and Democracy Social Capital in Vietnam the Clash of Civilization political satisfaction in global perspective Trust in International Governance and Israeli and South African values **Sacred and Secular** Pippa Norris, Ronald Inglehart, 2004-09-20 Seminal thinkers of the nineteenth century Auguste Comte Herbert Spencer Emile Durkheim Max Weber Karl Marx and Sigmund Freud all predicted that religion would gradually fade in importance and cease to be significant with the emergence of industrial society The belief that religion was dying became the conventional wisdom

in the social sciences during most of the twentieth century During the last decade however the secularization thesis has experienced the most sustained challenge in its long history The traditional secularization thesis needs updating Religion has not disappeared and is unlikely to do so Nevertheless the concept of secularization captures an important part of what is going on This book develops a theory of secularization and existential security Sacred and Secular is essential reading for anyone interested in comparative religion sociology public opinion political behavior political development social psychology international relations and cultural change      *Democratization* Tatu Vanhanen,2004-02-24 This book examines the relationship between indicators of resource distribution and democratization in the group of 170 countries with data ranging from the 1850s to the present day Vanhanen constructs a compelling argument concluding that the emergence of democracy is closely linked to resource distribution      **Poor Relief** HEATH. HENDERSON,Heath Henderson,2025 It is widely believed that distributing cash to people in poverty is the best way to help them while avoiding paternalism Heath Henderson pushes back arguing that a markets know best model is itself paternalistic and displaces better interventions Instead people in poverty need the democratic power to coordinate solutions for themselves
