Freedom Of Expression In Islam:

Freedom of Expression in Islam Mohammad Hashim Kamali, 1997 Freedom of Expression in Islam is informative not only on the subject of the possibilities of freedom of expression within Islam but also on the cultural tradition of Islam and its guidelines on social behaviour Distinguished by its clarity and readability this book is not only essential reading for anyone interested in Islamic law in Muslim society or in issues of comparative jurisprudence but is also an important contribution to the current debate concerning the definition and limits of the principle of free speech Suitable for undergraduate and post graduate courses in Islamic Studies Comparative Jurisprudence and Political Theory The Rule of Law, Freedom of Expression and Islamic Law Hossein Esmaeili, Irmgard Marboe, Javaid Rehman, 2017-12-14 The importance of the rule of law is universally recognised and of fundamental value for most societies Establishing and promoting the rule of law in the Muslim world particularly in the Middle East North Africa and Central Asia has become a pressing but complicated issue These states have Muslim majority populations and the religion of Islam has an important role in the traditional structures of their societies While the Muslim world is taking gradual steps towards the establishment of rule of law systems most Muslim majority countries may not yet have effective legal systems with independent judiciaries which would allow the state and institutions to be controlled by an effective rule of law system One important aspect of the rule of law is freedom of expression Given the sensitivity of Muslim societies in relation to their sacred beliefs freedom of expression as an international human rights issue has raised some controversial cases This book drawing on both International and Islamic Law explores the rule of law and freedom of expression and its practical application in the Muslim world **Freedom of Speech and Islam** Erich Kolig, 2016-04-15 Freedom of speech and expression is considered in the West a high public good and an important social value underpinned by legislative and ethical norms Its importance is not shared to the same extent by conservative and devout Muslims who read Islamic doctrines in ways seemingly incompatible with Western notions of freedom of speech Since the Salman Rushdie affair in the 1980s there has been growing recognition in the West that its cherished value of free speech and associated freedoms relating to arts the press and media literature academia critical satire etc episodically clash with conservative Islamic values that limit this freedom for the sake of holding religious issues sacrosanct Recent controversies such as the Danish cartoons the Charlie Hebdo affair Quran burnings and the internet film The Innocence of Muslims which have stirred violent reactions in the Muslim world have made the West aware of the fact that Muslims religious sensitivities have to be taken into account in exercising traditional Western freedoms of speech Featuring experts across a spectrum of fields within Islamic studies Freedom of Speech and Islam considers Islamic concepts of blasphemy apostasy and heresy and their applicability in the modern world *Freedom of Expression in Islam* Muhammad Khalid Masud, Kari Vogt, Lena Larsen, Christian Moe, 2021-01-28 In Muslim countries apostasy and blasphemy laws are defended on the grounds that they are based on Islamic Shari'a and intended to protect religion But blasphemy and

apostasy laws can be used both to suppress thought and debate and to harass religious minorities both inside and outside Islam This book comprising contributions from Muslim scholars experts and activists critically and constructively engages with the theological historical and legal reasoning behind the most restrictive state laws around the world to open up new ways of thinking The book focuses on the struggle within Muslim societies in Iran Egypt Pakistan and Indonesia where blasphemy and apostasy laws serve powerful groups to silence dissent and stifle critical thought The first part of the book covers the development of the law in shifting historical circumstances and surveys the interpretations of Qur'anic verses that seem to affirm freedom of religion The second part examines the present politics and practices of prosecuting alleged blasphemers and or apostates in Muslim countries The third part looks to the future and where reforms of the law could be possible Debates on Islam and freedom of expression are often cast in polarizing terms of rights versus religion East versus West This volume avoids such approaches by bringing together a diverse group of Muslim scholars and activists with the knowledge commitment and courage to contest repressive interpretations of religion and provide a resource for reclaiming the human rights to freedom of expression and belief

Freedom of Expression in the Marketplace of Ideas Douglas M. Fraligh, Joseph S. Tuman, 2010-05-19 A comprehensive guide to effective participation in the public debate about our most indispensable right freedom of expression Encouraging readers to think critically about freedom of speech and expression and the diverse critical perspectives that challenge the existing state of the law this text provides a comprehensive analysis of the historical and legal contexts of the First Amendment from its early foundations all the way to censorship on the Internet Throughout the book authors Douglas M Fraligh and Joseph S Tuman use the Marketplace of Ideas metaphor to help readers visualize a world where the exchange of ideas is relatively unrestrained and self monitored The text provides students with the opportunity to read significant excerpts of landmark decisions and to think critically about the issues and controversies raised in these cases Students will appreciate the treatment of contemporary issues including free speech in a post 9 11 world free expression in cyberspace and First Amendment rights on college campuses Features Demystifies free speech law encouraging readers to grapple with the complexities of significant ethical and legal issues Sparks student interest in big picture issues while simultaneously covering important foundational material including incitement fighting words true threats obscenity indecency child pornography hate speech time place and manner restrictions symbolic expression restrictions on the Internet and terrorism Includes significant excerpts from landmark freedom of expression cases including concurring or dissenting opinions where applicable to help students become active learners of free expression rights Offers critical analysis and alternative perspectives on free expression doctrines to demonstrate that existing doctrine is not necessarily ideal or immutable Includes a global perspective on free expression including a chapter on international and comparative perspectives that helps students see how the values of different cultures influence judicial decisions

Freedom of religion is a subject which has throughout human history been a source of profound disagreements and conflict In the modern era religious based intolerance continues to provide lacerative and tormenting concern to the possibility of congenial human relationships As the present study examines religions have been relied upon to perpetuate discrimination and inequalities and to victimise minorities to the point of forcible assimilation and genocide The study provides an overview

of the complexities inherent in the freedom of religion within international law and an analysis of the cultural religious relativist debate in contemporary human rights law As many of the chapters examine Islamic State practices have been a major source of concern In the backdrop of the events of 11 September 2001 a considerable focus of this volume is upon the Muslim world either through the emergent State practices and existing constitutional structures within Muslim majority States or through Islamic diasporic communities resident in Europe and North America

Crisis of Islamic Civilization Ali A. Allawi, 2009-04-28 Islam as a religion is central to the lives of over a billion people but its outer expression as a distinctive civilization has been undergoing a monumental crisis Buffeted by powerful adverse currents Islamic civilization today is a shadow of its former self The most disturbing and possibly fatal of these currents the imperial expansion of the West into Muslim lands and the blast of modernity that accompanied it are now compounded by a third giant wave globalization These forces have increasingly tested Islam and Islamic civilization for validity adaptability and the ability to hold on to the loyalty of Muslims says Ali A Allawi in his provocative new book While the faith has proved resilient in the face of these challenges other aspects of Islamic civilization have atrophied or died Allawi contends and Islamic civilization is now undergoing its last crisis The book explores how Islamic civilization began to unravel under colonial rule as its institutions laws and economies were often replaced by inadequate modern equivalents Allawi also examines the backlash expressed through the increasing religiosity of Muslim societies and the spectacular rise of political Islam and its terrorist offshoots Assessing the status of each of the building blocks of Islamic civilization the author concludes that Islamic civilization cannot survive without the vital spirituality that underpinned it in the past He identifies a key set of principles for moving forward principles that will surprise some and anger others yet clearly must be considered
