The central focus of the book is feminism's engagement with psychoanalysis and postmodernism and its aim of deconstructing the borders between art and craft and theory and practice. Feminist politics in the art world are also investigated through discussion of the negotiations of feminist curators' responses to feminist exhibitions, issues surrounding pornography, and the censorship of women's work and the role of feminist teaching on fine art and design degree courses. The book covers a variety of art work including installation work, painting, textiles, and photography.

Genocide Denials and the Law Ludovic Hennebel, Thomas Hochmann, 2011. In *Genocide Denials and the Law* Ludovic Hennebel and Thomas Hochmann offer a thorough study of the relationship between law and genocide denial from the perspectives of specialists from six countries. This controversial topic provokes strong international reactions involving emotion caused by denial along with concerns about freedom of speech. The authors offer an in-depth study of the various legal issues raised by the denial of crimes against humanity, presenting arguments both in favor of and in opposition to prohibition of this expression. They do not adopt a pro or contra position but include chapters written by proponents and opponents of a legal prohibition on genocide denial. Hennebel and Hochmann fill a void in academic publications by comparatively examining this issue with a collection of original essays. They tackle this diverse topic comprehensively, addressing not only the theoretical and philosophical aspects of denial but also the specific problems faced by judges who implement anti-denial laws. *Genocide Denials and the Law* will provoke discussion of many theoretical questions regarding free speech, including the relationship between freedom of expression and truth, hate, memory, and history.

Canadian Journal of Philosophy, 2003 **Would the Real First Amendment Please Stand Up?**, *Antisemitism in North America* Steven K. Baum, Neil J. Kressel, Florette Cohen, Steven Leonard Jacobs, 2016-01-27. In *Antisemitism in North America*, the editors have brought together an impressive array of scholars from diverse disciplines and political orientations to assess the condition of the Jews in the United States, Canada, Mexico, and the Caribbean. The contributors do not always agree with each other but they offer perspectives of why the Jewish experience in North America has neither been free from antisemitism nor ever so unwelcoming and dangerous as the countries from which they came. Contributors examine antisemitism in culture, politics, religion, law, and higher education.
