

The background of the book cover is a surreal, cubist-style illustration. It depicts a dark, shadowy interior space. In the foreground, a dark, rectangular block sits on a dark surface. Behind it, a large, complex, multi-colored geometric structure, resembling a stylized face or a complex architectural element, is illuminated from above, casting a bright light. Freedom on the Altar William Norman Grigg, 1995 **The Beast on the East River** Nathan Tabor, 2006-10-29 A call to arms for Americans to assert and preserve our national sovereignty by stopping the globalist agenda of the United Nations Is the United Nations the benign force for good that so many proclaim Or is there a darker agenda at work behind the scenes Nathan Tabor reveals the sinister plan behind the glossy image of world cooperation painted by the UN and its defenders *The Beast on the East River* includes original research into key policy areas including population control education and the international criminal court And it offers practical steps that concerned American citizens can take before it s too late In his debut book rising conservative voice Nathan Tabor offers a frightening expos of the United Nations global power grab and its ruthless attempt to control US education law gun ownership taxation and reproductive rights We are already very nearly at the point of no return says Tabor and most Americans aren t even aware of the impending danger This book is a call to immediate action read its contents very carefully What you will discover may surprise and anger you His book provides a measured intellectual argument against allowing the corrupt collectivist internationalists of the UN and its many metastasized affiliates to undermine and eventually steal one of America s most precious possessions its sovereignty Henry Mark Holzer CBN The Christian Broadcasting Network *Globalizing Family Values* Doris Buss, 2003 With little fanfare and profound effect family values have gone global and the influence of the Christian Right is increasingly felt internationally This is the first comprehensive study of the Christian Right s global reach and its impact on international law and politics Doris Buss and Didi Herman explore tensions contradictions victories and defeats for the Christian Right s global project particularly in the United Nations The authors consult Christian Right materials from pamphlets to novels conduct interviews with people in the movement and provide a firsthand account of the World Congress of Families II in 1999 a key event in formulating Christian Right global policy and strategy The result is a detailed look at a new global player its campaigns against women s rights population policy and gay and lesbian rights its efforts to build an alliance of orthodox faiths with non Christians and the tensions and strains as it seeks to negotiate a role for conservative Christianity in a changing global order

Invoking the Beyond: Paul D. Collins, Phillip D. Collins, 2020-11-22 The Gnostic revival of the Enlightenment witnessed the erection of what could be called the Kantian Rift an epistemological barrier between external reality and the mind of the percipient Arbitrarily proclaimed by German philosopher Immanuel Kant this barrier rendered the world as a terra incognita Suddenly the world out there was deemed imperceptible and unknowable In addition to the outer world the cherished metaphysical certainties of antiquity the soul a transcendent order and God swiftly evaporated The way was paved for a new set of modern mythmakers who would populate the world out there with their own surrogates for the Divine Collectively these surrogates could be referred to as the Beyond because they epistemologically and ontologically overwhelm humanity In recent years the Beyond has been invoked by theoreticians literary figures intelligence circles and deep state operatives who

share some variant of a technocratic vision for the world In turn these mythmakers have either directly or indirectly served elitist interests that have been working toward the establishment of a global government and the creation of a New Man Their hegemony has been legitimized through the invocation of a wrathful earth goddess a technological Singularity a superweapon and extraterrestrial gods All of these are merely masks for the same counterfeit divinity the Beyond **The United Nations Exposed** Bill Jasper, William F. Jasper, 2001 *A Treasure Chest of Hidden History* Rusty Glover, 2013-09-16 As a high school history teacher for the past 25 years I have collected and read hundreds of books pertaining to my subjects taught On the completion of each book I would carefully take notes on the most interesting events quotes or interpretations that I felt would enhance instruction for my students After filling numerous notepads of information on over 800 books I contemplated a project of sharing my most interesting findings The result of this twenty plus year project is this book This book is divided into 16 chapters based on the various topics presented Some chapters contain a small amount of entries such as Nicknames Espionage or Labor while chapters on the Presidents or quotes will fill over thirty pages The first chapter puts emphasis on the role my home state of Alabama has played on the national scene One chapter is entitled Miscellaneous Odds and Ends due to the subject matter not fitting into any other classification [America's Engineered Decline](#) William Norman Grigg, 2004 [Endtime](#) , 1999 **International Family Law** , 1998 *Journal of the Senate of the United States of America* United States.
