M. S. Subagunarajan,2022-11-10 The Dravida Munnetra Kazhagam DMK has been singular in heralding and establishing a firm regional polity among the Indian states after the Indian Union was inaugurated as a republic Academic scholarship has often treated the DMK as a Tamil nationalist or ethno nationalist formation without conceptual clarity or critical insight Rule of the Commoner demonstrates with persuasive evidence that the DMK appealed to a federalist and not nationalist imagination The DMK s combining of the non Brahmin Dravidian identity and allegiance to Tamil language led to a counter hegemonic formation of the plebes and left populism Drawing on Ernesto Laclau the book argues that the DMK achieved the construction of a people as Dravidian Tamil with Tamil being the empty signifier of the social whole Brahmin vs non Brahmin divide functioning as the internal frontier leading to the formations of the political It elaborates the conceptual scheme under the three rubrics of Ideation Imagination and Mobilization      *Genealogies of Orientalism* Edmund Burke,David Prochaska,2008-07-01 Orientalism as explored by Edward Said in 1978 was a far more complex phenomenon than many suspected being homogenous along the lines of neither culture nor time Instead it is deeply embedded in the collective reimaginings that were and are nationalism The dozen essays in Genealogies of Orientalism argue that the critique of orientalism far from being exhausted must develop further To do so however a historical turn must be made and the ways in which modernity

itself is theorized and historicized must be rethought According to Joan W Scott author of *The Politics of the Veil* the essays in this collection develop a remarkable perspective on Edward Said's Orientalism placing it in a long historical context of critiques of colonial representations and deepening our understanding of the very meaning of modernity Looking beyond the usual geography of colonial theory this work broadens the focus from the Middle East and India to other Asian societies By exploring orientalism in literary and artistic representations of colonial subjects the authors illuminate the multifaceted ways in which modern cultures have drawn on orientalist images and indigenous self representations It is in this complex cross cultural collision that the overlapping of orientalism and nationalism can be found

**Politics of Religion and Nationalism** Ferran Requejo, Klaus-Jürgen Nagel, 2014-12-17 There are numerous examples of how religion and nationalism intertwine In some cases a common religion is the fundamental marker of a nation's identity whereas in others secular nationalism tries to hold together people of different religious beliefs This book examines the link between religion and nationalism in contemporary polities By exploring case studies on India Russia Israel Canada Chechnya Bosnia Herzegovina Belgium Northern Ireland Scotland Sri Lanka Catalonia and the Basque Country it seeks to understand the relationship between these two key societal forms of diversity and assess the interaction between religious and
