Freedom Tree:

Freedom's Tree Kenneth Lippincott, 2014-12-12 Have you ever desired to escape and live simply Have you ever fantasized about moving to a small town Having spent half of my forty three year career as a high school principal and volunteer pastor in small towns and counties with less than five thousand people I learned that bliss was superficial No matter how positive people resisted change especially with a newcomer serving as the agent of change Kinfolk mattered more than issues To survive newcomers walked a fine line and had to learn who controlled and who was related to whom Relationships mattered more than issues Good versus evil became obvious In Freedom's Tree Rock Creek Valley resembled Canaanite cities with heavily fortified bulwarks Interstate highway construction had decimated the economy and school reorganization altered valley culture Perceived as invaders newcomers arrived in Rock Creek at God's direction while a murderer escaped detection and residents presumed another's guilt *Flying-Fox in a Freedom Tree* Albert Wendt, 1999-09-01 This early collection of eight short stories and a novella is vintage Wendt Stories convey the unease of traditional island community caught up in the rapid changes of the modern world Wendt writes with enviable directness and with deep feeling comedy and tragedy are often hard to distinguish as his characters struggle to come to terms with their changing world Under the Freedom Tree Susan VanHecke, 2014-01-07 Taut free verse tells the little known story of the first contraband camp of the Civil War seen by some historians as the beginning of the end of slavery in America One night in 1861 three escaped slaves made their way from the Confederate line to a Union held fort The runaways were declared contraband of war and granted protection As word spread thousands of runaway slaves poured into the fort seeking their freedom These contrabands made a home for themselves building the first African American community in the country In 1863 they bore witness to one of the first readings of the Emancipation Proclamation in the South beneath the sheltering branches of the tree now known as Emancipation Oak Art of Buying Freedom Yogi, 2000-06-11 The art of buying freedom is a timeless fable that shows the simple path to freedom Written in a question and answer format this book breathes with the soul and propels the heart to buy freedom The book teaches the concept of wise work invest spend enjoy through a detailed conversation between a freedom guide and a freedom seeker *Albert Wendt and Pacific Literature* Paul Sharrad, 2003-11-08 Albert Wendt is the leading writer and exponent of Pacific literature His work is consistently different in style politically challenging and ranges across essays plays poems stories and novels two of which have been filmed This book is the first full length study of his work There is an introduction to Pacific literature as a whole and Wendt's Samoan background Chapters offer readings of all Wendt's major texts in chronological sequence relating them to his essays to literary movements of the time and to key motifs from Polynesian culture There is an extensive bibliography of works by and about Wendt Liberty and Freedom David Hackett Fischer, 2005 The bestselling author of Washington's Crossing and Albion's Seed offers a strikingly original history of America's founding principles Fischer examines liberty and freedom not as

philosophical or political abstractions but as folkways and popular beliefs deeply embedded in American culture 400 illustrations 250 in full color **Freedom Fables** Rokeya Sakhawat Hossain, Kalyani Dutta, 2022-07-22 From Rokeya Sakhawat Hossain 1880 1932 the writer of the feminist utopian fantasy *Sultana's Dream* come these tales of gumptious wit describing the twists and turns of India's two hundred year relationship with the imperial British *Freedom Fables* begins with the two eponymous fables both compact in form but temporally vast The first story *Muktiphala* translated in this volume as *The Freedom Tree* traces the rise of and divisions within India's Congress party *Gyanphal* or *The Tree of Knowledge* the second fable begins in the Garden of Eden and moves swiftly to an idealised *Kanakadwipa* where a trading company beguiles the prosperous country and proceeds to ruin it Throughout both the fantastic floats easily over mere facts Adam and Eve the Almighty djinns Paris demons and Mayavi magicians these classic characters play decisive intriguing roles These major political satires are accompanied in this edition by six essays and two poems which the intrepid Hossain wrote over a period of seventeen years Interwoven through her writings are ideals that endure even today education and emancipation for women dignity for those living in the subcontinent and freedom from colonial rule and influence **Price of Freedom** Merrill Phillips, 2013-09-25 *Price of Freedom* was written to honor those who gave their lives protecting the freedoms we hold so dear That they may be remembered for the sacrifices they made so that we of today might live in a freedom loving country

Revelation (Paideia: Commentaries on the New Testament) Sigve K. Tonstad, 2019-11-05 This practical commentary on *Revelation* is conversant with contemporary scholarship draws on ancient backgrounds and attends to the theological nature of the text Sigve Tonstad an expert in the early Jewish context of the New Testament offers a nonretributive reading of *Revelation* and addresses the issue of divine violence *Paideia* commentaries explore how New Testament texts form Christian readers by attending to the ancient narrative and rhetorical strategies the text employs showing how the text shapes moral habits and making judicious use of photos and sidebars in a reader friendly format **For a Philosophy of Freedom and Strife** Günter Figal, 1998-01-01 This first book length work of the prominent German philosopher Gunter Figal to appear in English offers a radical defense of metaphysical philosophy in the era of postmodern thought For Figal metaphysics does not represent an anachronistic and pernicious mode of thought that ought to be overcome but rather is a type of thinking that proceeds from a recognition of the necessary coherence of everything with its opposite It is this agonistic relationship of opposites that Figal following Heraclitus terms *strife* Rather than regarding the conflict of opposites as necessarily resulting in the dissolution of meaning and sense as many contemporary thinkers maintain Figal contends that sense and meaning can only come into existence metaphysically that is to say as a consequence of *strife* And the context within which *strife* occurs is freedom Using these concepts of *strife* and freedom Figal proposes new and provocative readings of Plato Hegel Nietzsche and Kierkegaard as well as of some of the most controversial figures of twentieth century philosophy **Postcolonial Theory and Crisis** Paulo de Medeiros, Sandra Ponzanesi, 2024-04-01 In the millennial transition

the prefix post had come to signify more and more not just the realisation of a coming after but also of the impossibility of not seeing the present as still very much working through the wounds of the past Yet with the appearance of pseudo concepts such as post truth after an equally imaginary death of History the logic of the post itself always already under questioning may appear to have outlived its usefulness How to make sense of postcolonial theory in Europe in the present One way might be to renew its significance as world conflicts have entered a new post imperial phase with the return of ideologies of empire in various parts of the world The essays in this volume address those questions at both a conceptual theoretical level and through the analysis of specific case studies In the Introduction Paulo de Medeiros and Sandra Ponzanesi review the main questions outlined above in relation to the current debates in the Humanities from their respective disciplinary perspectives The volume is organised in four sections each containing four chapters Even though all the chapters present a reflection on Postcolonial Theory and Crisis some focus more specifically on aspects of the crisis in a global perspective such as humanitarian crisis and the role of mediatization of conflicts to issues related to human rights refugees migrancy environmental crisis to questions of memory and postmemory as well as the critique of art and utopian thought
