Thompson,1997 **Roster of Soldiers, Sailors, and Marines of the War of 1812, the Mexican War, and the War of the Rebellion, Residing in Nebraska, June 1, 1891** Nebraska. Office of the Secretary of State,1892 **Bunker Hill to Bastogne** Briton Cooper Busch,2006 America's curiosity about elite military units is greater than ever in today's crisis ridden world And while numerous books have examined the various elite forces Bunker Hill to Bastogne goes much further to show the relationship between these special units and the societies that gave birth to them Though America in general has often regarded its military establishment as an unfortunate necessity elite formations have nearly always emerged in moments of crisis And while their exploits have fostered the cherished image of the individualistic but loyal rifleman ranger these legends have not always corresponded to reality America's roster of heroic images has long included esteemed elite units running the gamut from Roger's Rangers at Fort Ticonderoga during the American Revolution to Berdan's Sharpshooters during the Civil War and the paratroopers of Normandy in World War II But despite Americans reverent regard for and patriotic depiction of elite units they initially distrusted the idea of a standing army given such abuses as the quartering of soldiers in citizens homes Indeed the egalitarian American spirit caused the Founding Fathers to discourage a class of emperor making military elites And yet elite units did emerge during every major American conflict But the evolution of such forces has taken place in fits and starts with units often demobilizing after a particular crisis had passed Only since World War II have elite units become a consistently relied upon arm of the military for dealing with constantly erupting global crises Bunker Hill to Bastogne is a unique and timely chronicle of the birth and evolution of elite forces and the American public's reactions to them It shows that despite Americans wariness of a possible military elite their love of the fabled rifleman ranger has seldom dwindled though in the twenty first century their hero might wear a green beret rather than a coonskin cap *Alumni Directory* University of Nevada, Reno,1918 *Enumeration of soldiers, sailors and marines of the War of 1812, the Mexican War and the War of the Rebellion, residing in Nebraska June 1st, 1887* Nebraska Secretary of State,1887-01-01 **Adventurers and Prophets** Charles B. Churchill,1995 For more than a century the history of the American Frontier particularly the West has been the speciality of the Arthur H Clark Company We publish new books both interpretive and documentary in small high quality editions for the collector researcher and library Bulletin University of Nevada,1918 **John Charles Fremont** Andrew F. Rolle,1999-03-01 As an explorer John Charles Fremont led five expeditions into the American West two of them disastrous He was also one of California's first two senators 1850 America's first Republican candidate for president 1856 a Civil War general and the territorial governor of Arizona 1878-83 But his life was one of rash and rebellious conduct against authority During the Mexican War he claimed to be the military governor of California which resulted in a court martial in 1848 At the outbreak of the Civil War he reentered the army as one of four major generals outranking even Ulysses S Grant

However when he antagonized President Abraham Lincoln by issuing his own emancipation proclamation in advance of the president's Lincoln relieved him of command In this comprehensive biography Andrew Rolle carefully examines the historical record with a psychobiographical approach that explores and explains the many irrationalities of Fremont's character
