French Army A Military Political History:

The French Army Paul Marie de La Gorce, 1963 Bogens overskrifter Before 1870 From the golden age to the Dreyfus affair The Dreyfus affair The heritage of the affair Military renewal prior to World War I The First World War The Army and the Russian Revolution The Treaty of Versailles The Army without a mission The Army against communism The temptation of fascism The march to disaster The war that failed Two black years The Army of the Fourth Republic The experience in Indochina The Algerian trap Pacification and the mind of the population The spirit of the 13th of May The defeat of French Algeria Conclusion The French army: a military-political history, tr Paul Marie de La Gorce, *The French Army A Military-Political History* Paul-Marie De La Gorce, 1963 *The French Army. A military-political history ... Translated from the French by Kenneth Douglas* Paul Marie de La Gorce, Kenneth Douglas, 1963 The Soviet High Command: a Military-political History, 1918-1941 John Erickson, 2013-07-04 An objective and documentary history of the earliest origins and formative years of the Workers Peasants Red Army from the Civil War to the initial disasters of the war with Germany the Great Patriotic War culminating in the battle for Moscow in November December 1941 *Militarism and Politics in Latin America* Daniel Masterson, 1991-08-26 This comprehensive case study of the modern Peruvian military examines the professional development of South America's most controversial military establishment from the early 1930s to the present Based on extensive research in Peruvian military archives and numerous interviews with active and retired members of the Peruvian armed forces this study is placed in the context of Peruvian national politics and South American military affairs Particular emphasis is given to the impact of France and U S military theory upon the Peruvian military mentality Revolutionary politics from the Alianza Popular Revolucionaria Americana APRA in the 1930s to the present day's Sendero Luminoso also figure prominently This study also explores the rationale behind General Velasco's social and economic reforms 1968 1975 and assesses the Velasco government's legacy for contemporary Peru For the first time the Soviet Union's heavy involvement in Peru is examined As the only comprehensive case study in English of the modern Peruvian military this volume will be of interest to students and scholars of contemporary Latin America This is a detailed historical study of the highly complex Peruvian military establishment and its place in Peruvian society It includes a review of the 1930s an in depth analysis of the armed forces from the late 1930s to the first Belaunde regime 1963 1968 the immediate antecedents of Peru's 12 year military government 1968 1980 known as the Docenio preliminary overview of the Docenio and its troubled legacy an assessment of the Sendero Luminoso Shining Path insurgency and a critique of the armed force's counter terrorism campaign Militarism and Politics in Latin America draws extensively on Latin American and U S archival sources and personal interviews and includes rare photographs *A clash of military cultures German & French...*, **The Darkest Sides of Politics**, I Jeffrey M. Bale, 2017-09-04 This book examines a wide array of phenomena that arguably constitute the most noxious extreme terrifying murderous secretive authoritarian and or anti democratic aspects of national and

international politics Scholars should not ignore these dark sides of politics however unpleasant they may be since they influence the world in a multitude of harmful ways The first volume in this two volume collection focuses on the history of underground neo fascist networks in the post World War II era neo fascist paramilitary and terrorist groups operating in Europe and Latin America in the 1960s and 1970s and the manipulation of those and other terrorist organizations by the security forces of various states both authoritarian and democratic A range of global case studies are included all of which focus on the lesser known activities of certain secular extremist milieus This collection should prove to be essential reading for students and researchers interested in understanding seemingly arcane but nonetheless important dimensions of recent historical and contemporary politics

Professional Journal of the United States Army, 1972 **Warfare in Europe 1815-1914** Peter H. Wilson, 2017-11-22 The history of nineteenth century European warfare is framed by the end of the Napoleonic Wars in 1815 and the outbreak of the First World War in 1914 The Crimean War and the struggles for Italian and German unification divide this century in two In the first half armies struggled to emerge from the shadow of Napoleon amidst an era of financial retrenchment political unrest and accelerating technological change The mid century wars left an equally problematic legacy including aspects that pointed towards total war The 26 essays in this volume examine these changes from a variety of innovative and fresh perspectives

In a Time of Total War Joshua E. Kastenberg, Eric Merriam, 2016-03-17 This book is a judicial military and political history of the period 1941 to 1954 As such it is also a United States legal history of both World War II and the early Cold War Civil liberties mass conscription expanded military jurisdiction property rights labor relations and war crimes arising from the conflict were all issues to come before the federal judiciary during this period and well beyond since the Supreme Court and the lower courts heard appeals from the government's wartime decisions well into the 1970s A detailed study of the judiciary during World War II evidences that while the majority of the justices and judges determined appeals partly on the basis of enabling a large disciplined and reliable military to either deter or fight a third world war there was a recognition of the existence of a tension between civil rights and liberties on the one side and military necessity on the other While the majority of the judiciary tilted toward national security and deference to the military establishment the judiciary's recognition of this tension created a foundation for persons to challenge governmental narrowing of civil and individual rights after 1954 Kastenberg and Merriam present a clearer picture as to why the Court and the lower courts determined the issues before them in terms of external influences from both national and world wide events This book is also a study of civil military relations in wartime so whilst legal scholars will find this study captivating so will military and political historians as well as political scientists and national security policy makers

The Dark Path Williamson Murray, 2024-10-22 From an esteemed military historian a sweeping history of the revolutions in war fighting that have shaped the modern world Heraclitus wrote that war is the father of all and it has formed much of the modern world Although the fundamental nature of war has not altered over the centuries constant

change innovation and adaptation have repeatedly reshaped how wars are fought in the West. Revolutions in military practice cannot be separated from larger social developments in areas like logistics, finance, and economics, and the culture of military organizations. In *The Dark Path*, Williamson Murray argues that the history of warfare in the West hinged on five revolutions which both reflected the social, political, and economic conditions that produced them and in turn influenced how those conditions evolved. These five key turning points are the advent of the modern state which formed bureaucracies and professional militaries; the Industrial Revolution which produced the financial and industrial means to sustain and equip large armies; the French Revolution which provided the ideological basis needed to sustain armies through continent-sized wars; the merging of the Industrial and French Revolutions in the U.S. Civil War; and the accelerating integration of technological advancement, financial capacity, ideology, and government that unleashed the modern capacity for total warfare. An ambitious work of synthesis, this book shows how the world continually re-creates war and how war in turn continually re-creates the world.

Jews and the Military Derek J. Penslar, 2015-10-27 A historical reevaluation of the relationship between Jews, military service, and war. *Jews and the Military* is the first comprehensive and comparative look at Jewish involvement in the military and their attitudes toward war from the 1600s until the creation of the state of Israel in 1948. Derek Penslar shows that although Jews have often been described as people who shun the army, in fact they have frequently been willing, even eager, to do military service, and only a minuscule minority have been pacifists. Penslar demonstrates that Israel's military ethos did not emerge from a vacuum and that long before the state's establishment, Jews had a vested interest in military affairs. Spanning Europe, North America, and the Middle East, Penslar discusses the myths and realities of Jewish draft dodging, how Jews reacted to facing their coreligionists in battle, the careers of Jewish officers, and their reception in the Jewish community. The effects of World War I on Jewish veterans and Jewish participation in the Spanish Civil War and World War II are culminated with a study of Israel's War of Independence as a Jewish world war which drew on the military expertise and financial support of a mobilized global Jewish community. He considers how military service was a central issue in debates about Jewish emancipation and a primary indicator of the position of Jews in any given society. Deconstructing old stereotypes, *Jews and the Military* radically transforms our understanding of Jews' historic relationship to war and military power.

Endurance and War Jasen J. Castillo, 2014-04-09 Scholars and military practitioners alike have long sought to understand why some country's militaries fight hard when facing defeat while others collapse. In *Endurance and War*, Jasen Castillo presents a new unifying theory, cohesion theory, to explain why national militaries differ in their staying power. His argument builds on insights from the literatures on group solidarity in general and military effectiveness in particular, which argue that the stronger the ties binding together individuals in a group of any kind, the higher the degree of cohesion that a group will exhibit when taking collective action, including fighting in war. Specifically, he argues that two types of ties determine the cohesion and therefore the resilience of a nation's armed forces during war: the degree of control a regime

holds over its citizens and the amount of autonomy the armed forces possess to focus on training for warfighting. Understanding why armed forces differ in their cohesion should help U S military planners better assess the military capabilities of potential adversaries like Iran and North Korea. For scholars of international politics, cohesion theory can help provide insights into how countries create military power and how they win wars.

Beyond the Balance of Power Peter Jackson, 2013-12-05. This is a major study of French foreign and security policy in the era of the Great War. Peter Jackson examines the interplay between contending conceptions of security based on traditional practices of power politics and the new internationalist doctrines that emerged in the late nineteenth century.

Through Mobility We Conquer George F. Hofmann, 2006-07-03. The U S Cavalry, which began in the nineteenth century as little more than a mounted reconnaissance and harrying force, underwent intense growing pains with the rapid technological developments of the twentieth century. From its tentative beginnings during World War I, the eventual conversion of the traditional horse cavalry to a mechanized branch is arguably one of the greatest military transformations in history. *Through Mobility We Conquer* recounts the evolution and development of the U S Army's modern mechanized cavalry and the doctrine necessary to use it effectively. The book also explores the debates over how best to use cavalry and how these discussions evolved during the first half of the century. During World War I, the first cavalry theorist proposed combining arms coordination with a mechanized force as an answer to the stalemate on the Western Front. Hofmann brings the story through the next fifty years when a new breed of cavalrymen became cold war warriors as the U S Constabulary was established as an occupation security police force. Having reviewed thousands of official records and manuals, military journals, personal papers, memoirs, and oral histories, many of which were only recently declassified, George F. Hofmann now presents a detailed study of the doctrine, equipment, structure, organization, tactics, and strategy of U S mechanized cavalry during the changing international dynamics of the first half of the twentieth century. Illustrated with dozens of photographs, maps, and charts, *Through Mobility We Conquer* examines how technology revolutionized U S forces in the twentieth century and demonstrates how perhaps no other branch of the military underwent greater changes during this time than the cavalry.

European Armies and the Conduct of War Hew Strachan, 2005-07-28. Through the eyes of the major theorists of the day and discussing the key issues of modern warfare, Hew Strachan's work examines the theory and practice of land warfare in Europe since 1700.

Soldiers as Police Anja Johansen, 2017-11-28. This book looks at the policing of social and political protest and of the role played by the French and Prussian armies in maintaining public order in the years leading up to the First World War. The period 1890 to 1914 was characterised by mass protest in both countries as the political, social, and economic order of the German Empire and the French Third Republic were repeatedly challenged by industrial disputes, public protest, and riots. In Berlin and Paris, the political elites urgently needed to find ways of sustaining economic growth while maintaining political stability through their management of law and order enforcement. At the same time, public authorities had to carefully consider how protest was to

be policed in a way that would not further alienate important groups from the existing regime. Confronted with this dilemma, the use of the French and Prussian armies in maintenance of public order became an increasing concern for the government ministers, provincial administrators and military commanders of both countries. During the 1890s, however, the use of troops for protest policing in these two countries took diverging trajectories. As well as examining the differing methods of policing of social and political protest, this work also investigates the internal functioning of the French Third Republic and the German Empire, in particular the relationship between the civil and military elites at the central and regional levels. By examining the use of troops in the two most industrialised areas of Germany and France, the Westphalian Ruhr district and the French region of Nord Pas de Calais, the study describes how the governments and the provincial administrations in the two countries adopted distinctly dissimilar paths towards modernisation of protest policing.

Civilian Control of the Military Michael C. Desch, 2001-03-20. Power and Military Effectiveness is an instructive reassessment of the increasingly popular belief that military success is one of democracy's many virtues. International relations scholars, policy makers and military minds will be well served by its lessons.

BOOK JACKET The Spanish Military and Warfare from 1899 to the Civil War José Vicente Herrero Pérez, 2017-09-14. This book explores the attitudes of the Spanish army officer corps towards the evolution of warfare during the early decades of the twentieth century and their influence on the armies of the Spanish Civil War. It examines how the Spanish military coped with technological innovations such as the machine gun and the tank, how it adapted the army's battlefield doctrine to changes in warfare before the Civil War, and the influence of this doctrine on the outcome of the conflict. Of the different armed forces that fought in the Spanish Civil War, it is paradoxically the Spanish army that remains most forgotten, especially its military doctrine. Scholarship on the Spanish military in this period focuses on its politics, ideology and institutional reforms, touching upon hard professional issues only superficially, if at all. Based on original research and using largely unstudied Spanish primary sources, this book fills a major scholarly gap in the history of the Spanish army and the Spanish Civil War.

Thank you utterly much for downloading **French Army A Military Political History**. Most likely you have knowledge that, people have seen numerous times for their favorite books taking into account this French Army A Military Political History, but stop taking place in harmful downloads.

Rather than enjoying a good ebook bearing in mind a cup of coffee in the afternoon, otherwise they juggled later than some harmful virus inside their computer. **French Army A Military Political History** is affable in our digital library an online entrance to it is set as public correspondingly you can download it instantly. French Army A Military Political History Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading French Army A Military Political History free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading French Army A Military Political History free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF,"

users can find websites that offer free PDF downloads on a specific topic. While downloading French Army A Military Political History free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading French Army A Military Political History. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading French Army A Military Political History any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About French Army A Military Political History Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. French Army A Military Political History is one of the best book in our library for free trial. We provide copy of French Army A Military Political History in digital format, so the resources that you find are reliable. There are also many Ebooks of related with French Army A Military Political History. Where to download French Army A Military Political History online for free? Are you looking for French Army A Military Political History PDF? This is definitely going to save you time and cash in something you should think about.
