French Utopias An Anthology Of Ideal Societies:

French Utopias Frank Edward Manuel, Fritz Prigoghy Manuel, 1966 **French Utopias**, 1971 *Utopia and the Ideal Society* J. C. Davis, 1983-07-28 This text provides a major study for all those working in the fields of 16th and 17th century political and social thought **La Nouvelle Héloïse** James F. Jones, 1977 **French utopias. An anthology of ideal societies. Ed., with an introd. and translations by F.E. Manuel and F.P. Manuel**, 1966 *Utopias* Howard P. Segal, 2012-03-02 This brief history connects the past and present of utopian thought from the first utopias in ancient Greece right up to present day visions of cyberspace communities and paradise Explores the purpose of utopias what they reveal about the societies who conceive them and how utopias have changed over the centuries Unique in including both non Western and Western visions of utopia Explores the many forms utopias have taken prophecies and oratory writings political movements world's fairs physical communities and also discusses high tech and cyberspace visions for the first time The first book to analyze the implicitly utopian dimensions of reform crusades like Technocracy of the 1930s and Modernization Theory of the 1950s and the laptop classroom initiatives of recent years **To Heal Humankind** Adam Gaffney, 2017-07-06 The Right to Health in the International Bill of Rights Latin America and the Right to Healthcare Alma Ata and the Advent of Primary Care in the Cold War Return to the US From Medicare to Universal Healthcare Return to Latin America Alma Ata in Nicaragua 7 The Right to Health in the Age of Neoliberalism Exit Alma Ata Enter the World Bank Healthcare and Neoliberalism A Return to Chile Nicaragua China Russia and Cuba HIV AIDS and the Human Right to Health Movement The Right to Health in Law International and Domestic Medicines and the Rights Commodity Dialectic The Case of South Africa Rights Litigation and Privatization Brazil Colombia India and Canada The Healthcare Rights Commodity Dialectic in a Time of Austerity and Reaction Conclusion Index **Charles Fourier** Jonathan Beecher, 2024-03-29 This is a full scale intellectual biography of the French utopian socialist thinker Charles Fourier 1772 1837 one of the great social critics of the nineteenth century It is certain to become an invaluable resource for all students of modern European intellectual history This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1986 *Baudelaire's Bitter Metaphysics* Aaron Brice Cummings, 2024-09-12 Baudelaire's Bitter Metaphysics Anti Nihilist Readings by Fondane Benjamin and Sartre reconstructs a philosophical dialogue that might have been expected to take place between Benjamin Fondane Walter Benjamin and Jean Paul Sartre over their philosophical readings of Charles Baudelaire an exchange preempted by the untimely deaths of two of the interlocutors during the Nazi holocaust Why did three of Europe's sharpest minds respond to the terror of 1933 45 by writing about a long dead poet Aaron Brice Cummings argues that Fondane Benjamin and Sartre turned to the poet of nihilism's abyss because they

recognized a fact of cultural history that remains relevant today until sometime in the 2080s the literary world will have to confront even if to deny the two century window forecast by Nietzsche as the age of cultural and existential nihilism Accordingly the author examines the bitter metaphysics latent in Baudelaire's motifs of the abyss clocks brutes streets and bored dandies In so doing this book confronts the nothingness which modern life encounters in the heart of art ethics ideality time memory history urban life and religion *Alternative Realities* Andrew Rigby, 2023-08-18 Originally published in 1974 this book examines the nature of the commune movement its members and the communal activities in which they are involved It explains the forces in 20th Century society that moved people to form and join communes The author investigates the claim made by many commune members that the commune represents a viable alternative institution to that of the nuclear family and considers the relevance of the commune movement as a revolutionary social movement aimed at the creation of an alternative society *Dissent and Affirmation* Arthur L. Kalleberg, 1983 Mulford Sibley for many years a professor of political science at the University of Minnesota used to frequently quote Plato's complaint in the Laws that man never legislates but accidents of all sorts legislate for us in all sorts of ways The violence of war and the hard necessity of poverty are constantly overturning governments and changing laws But even if most legislation is a result of accident Mulford Sibley holds out to us the idea that politics is a sphere of human freedom in which men and women can collectively determine the conditions of their common life *The World of the Imagination* Eva T. H. Brann, 1993-03-16 In this book Eva Brann sets out no less a task than to assess the meaning of imagination in its multifarious expressions throughout western history The result is one of those rare achievements that will make *The World of the Imagination* a standard reference

Text, Image, and the Problem with Perfection in Nineteenth-Century France Daniel Sipe, 2016-04-01 In the decades after the French Revolution philosophers artists and social scientists set out to chart and build a way to a new world and their speculative blueprints circulated like banknotes in a parallel economy of ideas Examining representations of ideal societies in nineteenth century French culture Daniel Sipe argues that the dream image of the literary or art historical utopia does not disappear but rather is profoundly altered by its proximity to the social utopianism of the day Sipe focuses on this persistent afterlife in utopias ranging from François René de Chateaubriand's Amerindian utopia in *Atala* 1801 to the utopian spoof of J J Grandville's illustrated novel *Un autre monde* 1844 He proposes a new reading of Étienne Cabet's seminal utopian novel *Voyage en Icarie* 1840 and offers an original perspective on the gendered utopias of technological inspiration that authors such as Charles Barbara and Auguste Villiers de l'Isle Adam penned in the second half of the century In addition Sipe considers utopias or important readings of the century's rampant utopianism in among others Victor Hugo Alfred de Vigny Théophile Gautier Charles Baudelaire and Gustave Courbet His book provides the historical context for comprehending the significance and implications of this enigmatic afterlife in nineteenth century utopian art and literature *Political Ideas of the Utopian Socialists* Keith Taylor, 2013-11-26 First Published in 1982 In this book Taylor has selected for special

attention the work of Saint Simon and his disciples the SaintSimonians Owen Fourier Cabet and Weitling those thinkers who made the most important contributions to the development of early socialist theory The author discusses the designation of utopian which entered into the conventional vocabulary of the history of ideas and is now used almost without question This title argues that these thinkers were certainly utopian in the sense that they sought to describe the structure of an ideal future society Utopias and Utopians Richard C.S. Trahair,2013-10-31 Utopian ventures are worth close attention to help us understand why some succeed and others fail for they offer hope for an improved life on earth Utopias and Utopians is a comprehensive guide to utopian communities and their founders Some works look at literary utopias or political utopias etc and others examine the utopias of only one country this work examines utopias from antiquity to the present and surveys utopian efforts around the world Of more than 600 alphabetically arranged entries roughly half are descriptions of utopian ventures the other half are biographies of those who were involved Entries are followed by a list of sources and a general bibliography concludes the volume *1967 Annual Supplement* John B. Simeone,Alfred de Grazia,Carl E. Martinson,2013-12-01 **Class, Ideologies and Educational Futures** D Livingstone,2012-05-16 This book provides a systematic and detailed analysis of class relations in advanced capitalist societies as a basis for understanding both class differences in educational practices and the relative effects of class and other social background factors on public attitudes toward education Secondly the book offers an empirically grounded summary of the contending educational ideologies in advanced capitalism through a discourse analysis of the public statements of spokes persons for major class groupings Thirdly using the data from several public opinion surveys in Ontario profiles of public attitudes on critical education issues are interpreted in terms of the actual effects of class and other social background factors as well as the mediating influences of contending ideologies Finally a general approach and array of tactics for creating practical alternative educational and social futures are illustrated through the book The Cambridge Companion to Utopian Literature Gregory Claeys,2010-08-05 Using a combination of historical and thematic approaches this volume engages with the fascinating and complex genre of utopian literature *Utopian and Science Fiction by Women* Jane L. Donawerth,Carol A. Kolmerten,1994-07-01 This collection speaks to common themes and strategies in women s writing about their different worlds from Margaret Cavendish s seventeenth century Blazing World of the North Pole to the men less islands of the French writer Scudery to the eighteenth and nineteenth century utopias of Shelley and Gaskell and science fiction pulps finishing with the more contemporary feminist fictions of Le Guin Wittig Piercy and Michison It shows that these fictions historically speak to each other and together amount to a literary tradition of women s writing about a better place A New History of French Literature Denis Hollier,1998-08-19 This splendid introduction to French literature from 842 A D to the present decade is the most imaginative single volume guide to the French literary tradition available in English
