(Classic Reprint) Edith Wharton,2015-07-01 Excerpt from French Ways and Their Meaning This book is essentially a desultory book the result of intermittent observation and often no doubt of rash assumption Having been written in Paris at odd moments during the last two years of the war it could hardly be more than a series of disjointed notes and the excuse for its publication lies in the fact that the very conditions which made more consecutive work impossible also gave unprecedented opportunities for quick notation The world since 1914 has been like a house on fire All the lodgers are on the stairs in dishabille Their doors are swinging wide and one gets glimpses of their furniture revelations of their habits and whiffs of their cooking that a life time of ordinary intercourse would not offer About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Edith**

Wharton, Willa Cather, and the Place of Culture Julie Olin-Ammentorp,2019-10-01 Edith Wharton and Willa Cather wrote many of the most enduring American novels from the first half of the twentieth century including Wharton's *The House of Mirth* *Ethan Frome* and *The Age of Innocence* and Cather's *O Pioneers* *My Antonia* and *Death Comes for the Archbishop* Yet despite their perennial popularity and their status as major American novelists Wharton 1862-1937 and Cather 1873-1947 have rarely been studied together Indeed critics and scholars seem to have conspired to keep them at a distance Wharton is seen as our literary aristocrat an author who chronicles the lives of the East Coast Europe bound elite while Cather is considered a prairie populist who describes the lives of rugged western pioneers These depictions though partially valid nonetheless rely on oversimplifications and neglect the striking and important ways the works of these two authors intersect The first comparative study of Edith Wharton and Willa Cather in thirty years this book combines biographical historical and literary analyses with a focus on place and aesthetics to reveal Wharton's and Cather's parallel experiences of dislocation their relationship to each other as writers and the profound similarities in their theories of fiction Julie Olin Ammentorp provides a new assessment of the affinities between Wharton and Cather by exploring the importance of literary and geographic place in their lives and works including the role of New York City the American West France and travel In doing so she reveals the two authors shared concern about the culture of place and the place of culture in the United States

French Ways and Their Meaning Edith Wharton, 2021-01-20 One hears a good deal in these days about What America can teach France though it is worth noting that the phrase recurs less often now than it did a year ago In any case it would seem more useful to leave the French to discover as they are doing every day with the frankest appreciation what they can learn from us while we Americans apply ourselves to finding out what they have to teach us It is obvious that any two intelligent races are bound to have a lot to learn from each other and there could hardly be a better opportunity for such an exchange of experience than now that a great cause has drawn the hearts of our countries together while a terrible emergency has broken down most of the surface barriers between us No doubt many American soldiers now in France felt this before they left home When a man who leaves his job and his family at the first call to fight for an unknown people because that people is defending the principle of liberty in which all the great democratic nations believe he likes to think that the country he is fighting for comes up in every respect to the ideal he has formed of it And perhaps some of our men were a little disappointed and even discouraged when they first came in contact with the people whose sublime spirit they had been admiring from a distance for three years Some of them may even in their first moment of reaction have said to themselves Well after all the Germans we knew at home were easier people to get on with
