## **French Women Philosophers:**

**French Women Philosophers** Christina Howells, 2013-04-15 This reader is the first of its kind to present the work of leading French women philosophers to an English speaking audience Many of the articles appear for the first time in English and have been specially translated for the collection Christina Howells draws on major areas of philosophical and theoretical debate including Ethics Psychoanalysis Law Politics History Science and Rationality Each section and article is clearly introduced and situated in its intellectual context The book is necessarily feminist in inspiration but draws on an unusually wide range of thinkers chosen to represent the philosophy of women rather than feminist philosophy It will be ideal for anyone coming to this area for the first time as well as those seeking to extend their understanding of French thought and Continental Philosophy Articles by the following writers are included Francoise Collin Sylviane Agacinski Catherine Chalié Luce Irigaray Francoise Proust Francoise Dastur Barbara Cassin Natalie Depraz Elisabeth de Fontenay Elisabeth Badinter Francoise Heritier Helene Cixous Monique Schneider Julia Kristeva Sarah Kofman Monique David Menard Francoise d'Eaubonne Genevieve Fraisse Michele Le Doeuff Natalie Charraud Francoise Balibar Anne Fagot Largeault Colette Guillaumin Dominique Schnapper Myriam Revault D'Allonnes Nicole Loraux Mireille Delmas Marty Blandine Kriegel *French Women Philosophers* Christina Howells, 2004 This Reader will be the first of its kind to present the work of leading French women philosophers to an English speaking audience Howells draws on several major areas of philosophical and theoretical debate

**Liberty in Their Names** Sandrine Bergès, 2022-11-17 Telling the story of three overlooked revolutionary thinkers *Liberty in Their Names* explores the lives and works of Olympe de Gouges Sophie de Grouchy and Manon Roland All three were thinking and writing about political philosophy especially equality and social justice before the French Revolution As they became engaged in its efforts their political writing became more urgent At a time when women could neither vote nor speak at the Assembly they became influential through their writings Yet instead of Gouges Grouchy and Roland we speak of Voltaire Rousseau and Diderot Sandrine Bergès examines the lives and writings of these trailblazing women philosophers and their impact on philosophical thought during the French Revolution Featuring pictures a timeline and a bibliography of their works this book offers exciting new insights into the history of political philosophy and of the French Revolution

*Contemporary French Women Philosophers* Penelope Deutscher, 2000 **Women Philosophers on Economics, Technology, Environment, and Gender History** Ruth Edith Hagengruber, 2023-08-21 In times of current crisis the voices of women are needed more than ever The accumulation of war and environmental catastrophes teaches us that exploitation of people and nature through violent appropriation and enrichment for the sake of short term self interest exacts its price This book presents contributions on the currently most relevant and most urgent issues reshaping the economy environmental problems technology and the re reading of history from the non western and western tradition With an outlook into the problems of class race and gender in its intersectional framing the collection offers a unique overview of current

research in these fields and contributes to the renewal and contemporary presentation of feminist thought from partly concrete perspectives with regard to factual issues      **A History of Women Philosophers** Mary Ellen Waithe, 1987

*Women Philosophers in the Long Nineteenth Century* Dalia Nassar, Kristin Gjesdal, 2021 The long nineteenth century the period beginning with the French Revolution and ending with World War I was a transformative period for women philosophers in German speaking countries and contexts The period spans romanticism and idealism socialism Nietzscheanism and phenomenology philosophical movements we most often associate with Hegel Schopenhauer Kierkegaard Nietzsche and Marx but rarely with women Yet women philosophers not only contributed to these movements but also spearheaded debates about their social and political implications While today their works are less well known than those of their male contemporaries many of these women philosophers were widely read and influential in their own time Their contributions shed important new light on nineteenth century philosophy and philosophy more generally revealing the extent to which various movements which we consider distinct were joined and demonstrating the degree to which philosophy can transform lives and be transformed by lived experiences and practices In the nineteenth century women philosophers explored a wide range of philosophical topics and styles Working within and in dialogue with popular philosophical movements women philosophers helped shape philosophy's agenda and provided unique approaches to existential political aesthetic and epistemological questions Though largely deprived formal education and academic positions women thinkers developed a way of philosophizing that was accessible intuitive and activist in spirit The present volume makes available to English language readers in many cases for the first time the works of nine women philosophers with the hope of stimulating further interest in and scholarship on their works The volume includes a comprehensive introduction to women philosophers in the Nineteenth Century and introduces each philosopher and her position The translations are furnished with explanatory footnotes The volume is designed to be accessible to students as well as scholars

**A History of Women Philosophers** M.E. Waithe, 2012-12-06      **Women Philosophers on Autonomy** Sandrine Berges, Alberto L. Siani, 2018-06-04 We encounter autonomy in virtually every area of philosophy in its relation with rationality personality self identity authenticity freedom moral values and motivations and forms of government legal and social institutions At the same time the notion of autonomy has been the subject of significant criticism Some argue that autonomy outweighs or even endangers interpersonal or collective values while others believe it alienates subjects who don't possess a strong form of autonomy These marginalized subjects and communities include persons with physical or psychological disabilities those in dire economic conditions LGBTI persons ethnic and religious minorities and women in traditional communities or households This volume illuminates possible patterns in these criticisms of autonomy by bringing to light and critically assessing the contribution of women throughout the history of philosophy on this important subject The essays in this collection cover a wide range of historical periods and influential female philosophers and thinkers from

medieval philosophy through to contemporary debates Important authors whose work is considered among many others include Hildegard of Bingen Margaret Cavendish Anne Conway Mary Wollstonecraft Susan Moller Okin H l ne Cixous Iris Marion Young and Judith Jarvis Thomson Women Philosophers on Autonomy will enlighten and inform contemporary debates on autonomy by bringing into the conversation previously neglected female perspectives from throughout history

*Teaching Women Philosophers* Ruth Edith Hagengruber, 2024-08-30 This book expands the known canon by presenting arguments and concepts from women philosophers from all periods of the history of philosophy from antiquity to the present day The collaborative collection is an undertaking that emerged from intensive discussions on how to expand the philosophical canon which formed the conclusion of the Libori Summer School 2019 This Libori Summer School the third in a row was held to enhance the study of texts written by women philosophers from Antiquity up to now and intended to give opportunity to young scholars to connect and to build networks Presenting such a collection is even more urgent today because a diversification of the canon has long been called for Nevertheless to date there is little explicit material available for this purpose To make this book suitable for both academics and students it is structured in such a way that readers can use excerpts and individual chapters from it that suit their needs be it in moral philosophy politics or phenomenology etc Containing chapters on women such as Suor Juana Emilie Du Ch telet and Nisia Floresta and supplemented by contextualization namely by some brief biographical information and by the systematic integration of her argument into the debates of the respective periods this book is an important resource highlighting the achievements and value of women in philosophy and calling for a further diversification of the canon **Women, Philosophy and Science** Sabrina

Ebbersmeyer, Gianni Paganini, 2020-07-08 This book sheds light on the originality and historical significance of women s philosophical moral political and scientific ideas in Italy and early modern Europe Divided into three sections it starts by discussing the women philosophers engagement with the classical inheritance with regard to the works of Moderata Fonte Tullia d Aragona and Anne Conway The next section examines the relationship between women philosophers and the new philosophy of nature focusing on the connections between female thought and the new seventeenth and eighteenth century science and discussing the work of Camilla Erculiani Margherita Sarocchi Margaret Cavendish Mariangela Ardinghelli Teresa Ciceri Candida Lena Perpentì and Alessandro Volta The final section presents male philosophers perspectives on the role of women discussing the place of women in the work of Giordano Bruno Poulain de la Barre and the theories of Hobbes and Rawls By exploring these women philosophers writers and translators the book offers a re examination of the early modern thinking of and about women in Italy **The Oxford Handbook of Nineteenth-Century Women Philosophers in the German Tradition** Kristin Gjesdal, Dalia Nassar, 2024 This Oxford Handbook celebrates the work of trailblazing women in the history of modern philosophy Through thirty one original chapters it engages with the work of women philosophers spanning the long nineteenth century in the German tradition and covers women s contribution to major

philosophical movements including romanticism and idealism socialism and Marxism Nietzscheanism feminism phenomenology and neo Kantianism It opens with a section on figures offering essays focused on fifteen thinkers in this tradition before moving on to sections of essays on movement and topics Across the volume s chapters essays examine women s contributions to key philosophical areas such as epistemology and metaphysics aesthetics ethics social and political philosophy ecology education and the philosophy of nature

**Czech Women Philosophers and Scientists** Zdeňka Jastrzemska, Dagmar Pichová, Jan Zouhar, 2020-11-11 This book examines the most important Czech women philosophers and scientists It highlights the lives and achievements of a group that has often not received the recognition they deserve Chapters provide a systematic description and critical evaluation of the impact these women had on the history of philosophy and science After an opening chapter on the status of women philosophers and scientists in the period before 1820 the book explores the role women played in the 19th century rise of Czech culture Czech National Revival The following chapter then introduces the situation of Czech women philosophers and scientists in the 20th century The authors base the material on analysis of key works and the characteristics of contemporary debates in which these women participated The volume describes the complex conditions of women in Czech history in relation to the position of learned women in other European countries The authors also emphasize their link to the historical background This encompassing coverage helps provide readers with a richer understanding of these important women and the period in which they lived Academicians and the general public alike will also learn about the political and social limitations these women faced and the influence of historical conditions on their work

Encyclopedia of Early Modern Philosophy and the Sciences Dana Jalobeanu, Charles T. Wolfe, 2022-08-27 This Encyclopedia offers a fresh integrated and creative perspective on the formation and foundations of philosophy and science in European modernity Combining careful contextual reconstruction with arguments from traditional philosophy the book examines methodological dimensions breaks down traditional oppositions such as rationalism vs empiricism calls attention to gender issues to insiders and outsiders minor figures in philosophy and underground movements among many other topics In addition and in line with important recent transformations in the fields of history of science and early modern philosophy the volume recognizes the specificity and significance of early modern science and discusses important developments including issues of historiography such as historical epistemology the interplay between the material culture and modes of knowledge expert knowledge and craft knowledge This book stands at the crossroads of different disciplines and combines their approaches particularly the history of science the history of philosophy contemporary philosophy of science and intellectual and cultural history It brings together over 100 philosophers historians of science historians of mathematics and medicine offering a comprehensive view of early modern philosophy and the sciences It combines and discusses recent results from two very active fields early modern philosophy and the history of early modern science Editorial Board EDITORS IN CHIEF Dana Jalobeanu University of Bucharest Romania Charles T Wolfe Ghent

**The Female Philosopher and Her Afterlives** Deborah

Weiss, 2017-11-17 This book argues that the female philosopher a literary figure brought into existence by Mary Wollstonecraft's *A Vindication of the Rights of Woman* embodied the transformations of feminist thought during the transition from the Enlightenment to the Romantic period By imagining a series of alternate lives and afterlives for the female philosopher women authors of the early Romantic period used the resources of the novel to evaluate Wollstonecraft's ideas and legacy This book examines how these writers' opinions converged on such issues as progress education and ungendered virtues and how they diverged on a fundamental question connected to Wollstonecraft's life and feminist thought whether the enlightened intellectual woman should live according to her own principles or sacrifice moral autonomy in the interest of pragmatic accommodation to societal expectations

**Pythagorean Women Philosophers** Dorota M.

Dutsch, 2020-10-30 Women played an important part in Pythagorean communities so Greek sources from the Classical era to Byzantium consistently maintain Pseudonymous philosophical texts by Theano Pythagoras' disciple or wife his daughter Myia and other female Pythagoreans circulated in Greek and Syriac Far from being individual creations these texts rework and revise a standard Pythagorean script What can we learn from this network of sayings philosophical treatises and letters about gender and knowledge in the Greek intellectual tradition Can these writings represent the work of historical Pythagorean women If so can we find in them a critique of the dominant order or strategies of resistance In search of answers to these questions *Pythagorean Women Philosophers* examines Plato's dialogues fragmentary historians and little known testimonies to women's contributions to Pythagorean thought Adopting Paul Ricoeur's hermeneutics Dutsch approaches such testimonies with a mixture of suspicion and belief This approach allows the reader to alternate critique of the epistemic regimes that produced ancient texts with a hopeful reading one which recognizes female knowledge and agency Dutsch contends that the value of the Pythagorean text network lies not in what it may represent but in what it is a fictionalized version of Greek intellectual history that makes place for women philosophers The book traces this alternative history challenging us to rethink our own account of the past

**Women Philosophers in Nineteenth-Century Britain**

Alison Stone, 2023 Many women wrote philosophy in nineteenth century Britain and they wrote across the full range of philosophical topics Yet these important women thinkers have been left out of the philosophical canon and many of them are

barely known today The aim of this book is to put them back on the map It introduces twelve women philosophers Mary Shepherd Harriet Martineau Ada Lovelace George Eliot Frances Power Cobbe Helena Blavatsky Julia Wedgwood Victoria Welby Arabella Buckley Annie Besant Vernon Lee and Constance Naden Alison Stone looks at their views on naturalism philosophy of mind evolution morality and religion and progress in history She shows how these women interacted and developed their philosophical views in conversation with one another not only with their male contemporaries The rich print and periodical culture of the period enabled these women to publish philosophy in forms accessible to a general readership despite the restrictions women faced such as having limited or no access to university education Stone explains how these women became excluded from the history of philosophy because there was a cultural shift at the end of the nineteenth century towards specialised forms of philosophical writing which depended on academic credentials that were still largely unavailable to women

*The Columbia History of Western Philosophy* Richard Henry Popkin,1999 Richard Popkin has assembled 63 leading scholars to forge a chronological account of the development of Western philosophical traditions From Plato to Wittgenstein and from Aquinas to Heidegger this volume provides lively in depth and up to date historical analyses of all the key figures schools and movements of Western philosophy Each chapter includes an introductory essay and Popkin provides notes that draw connections among the separate articles The rich bibliographic information and the indexes of names and terms make the volume a invaluable resource

Hipparchia's Choice Michèle Le Doeuff,2007 To be a philosopher and to be a feminist are one and the same thing A feminist is a woman who does not allow anyone to think in her place from Hipparchia s Choice A work of rare insight and irreverence Hipparchia s Choice boldly recasts the history of philosophy from the pre Socratics to the post Derrideans as one of masculine texts and male problems The position of women therefore is less the result of a hypothetical femininity and more the fault of exclusion by men Nevertheless women have been and continue to be drawn to the exercise of thought So how does a female philosopher become a conceptually adventurous woman Focusing on the work of Sartre and Beauvoir specifically his sexism and her relation to it Mich le Le Doeuff shows how women philosophers can reclaim a place for feminist concerns Is *The Second Sex* a work of philosophy and if so what can it teach us about the relation of philosophy to experience Now with a new epilogue Hipparchia s Choice points the way toward a discipline that is accountable to history feminism and society

**Business Ethics and Care in Organizations** Marianna Fotaki,Gazi Islam,Anne Antoni,2019-12-06 Care is a human ability we all need for growing and flourishing It implies considering the needs and interests of others and the quality of how we relate to each other is often defined by care While the value of care in private life is widely recognized its role in the public sphere is contested and subject to political debates In work organizations instrumentality frequently overrides considerations for colleagues and co workers well being while relationships are often sacrificed in the service of performance and meeting organizational targets The questions this volume attempts to address concerns the organizational conditions that make care flourish and how a

caring organization functions in practice Specifically we examine what it means to care for each other and what enhances caring behaviours in organizations The volume ultimately focuses on how caring relations can contribute to making organizations better places In this perspective care involves the recognition of and the limitations of work as a key aspect of personal and social identity Because care exceeds the sphere of individual intimacy the book will also centre on the necessity for building caring institutions through a political process that considers the needs contributions and prospects of many different actors This book aims to contribute to academic discussions on care in organizations care work business and organizational ethics diversity caring leadership well being in organizations and research ethics Managers consultants policy makers and students will find reflections about the goodness of care in organizations and guidance about the ethical and practical difficulties of pursuing the project of building caring organizations

Right here, we have countless book **French Women Philosophers** and collections to check out. We additionally give variant types and as well as type of the books to browse. The agreeable book, fiction, history, novel, scientific research, as skillfully as various additional sorts of books are readily easily reached here.
