French Dirt Richard Goodman, 2012-02-13 A story about dirt and about sun water work elation and defeat And about the sublime pleasure of having a little piece of French land all to oneself to till Richard Goodman saw the ad in the paper SOUTHERN FRANCE Stone house in Village near Nimes Avignon Uzès 4 BR 2 baths fireplace books desk bikes Perfect for writing painting exploring experiencing la France profonde 450 mo plus utilities And with his girlfriend he left New York City to spend a year in Southern France The village was small no shops no gas station no post office only a café and a school St Sebastien de Caissou was home to farmers and vintners Every evening Goodman watched the villagers congregate and longed to be a part of their camaraderie But they weren't interested in him he was just another American come to visit and soon to leave So Goodman laced up his work boots and ventured out into the vineyards to work among them He met them first as a hired worker and then as a farmer of his own small plot of land French Dirt is a love story between a man and his garden It's about plowing planting watering and tending It's about cabbage tomatoes parsley and eggplant Most of all it's about the growing friendship between an American outsider and a close knit community of French farmers There's a genuine sweetness about the way the cucumbers and tomatoes bridge the divide of nationality The New York Times Book Review One of the most charming perceptive and subtle books ever written about the French by an American San Francisco Chronicle

Bread of Three Rivers Sara Mansfield Taber,2002-10-21 What is it about bread Why am I here in the middle of my life so enamored of French loaves Two images kept cropping up two French people sitting in a caf for a long afternoon of eating thick hunks of bread and drinking cups of coffee and a Frenchman on a bicycle with a loaf slung across his handlebars These visions seemed to depict lives soaked in leisure where there was time for the good things Then this thought ambled forth It's the dailiness of bread like a reliable friend My plan starts to billow forth My project as I imagine it will be a natural history an ecology of bread The story of a loaf Overcome by a passion for French bread Sara Mansfield Taber travels to Brittany in search of a loaf which like the lifestyle that must surely accompany it is perfect in its simplicity After many months of seeking she tears off a hunk of pain trois rivi res made by Gold Medal baker Monsieur Jean Claude Choquet of Blain Loire Atlantique It smelled like heaven and tasted a mile deep It tasted honest Here was her loaf In Bread of Three Rivers Taber takes us deep into the grainy crumb uncovering the four basic ingredients the salt water wheat and yeast that when combined by M Choquet make for a spectacular loaf We learn of the marshy fields of Gu rande where for hundreds of years salt blessed with a unique mixture of microbes and minerals that lend their flavor to the bread has been harvested with the help of the sun Then we're off to Moulin de Pont James to meet the miller who whispers to Taber that he actually uses strong American wheat from North Dakota to fortify the local harvest Then to Nantes to engage the organic wheat farmer In Nort sur Erdre we discover an ancient natural aquifer composed of sand and limestone somewhere between 8 million and 50 million years ago We end our journey in Lille at the Lesaffre Yeast Company where the alchemy responsible for everything from American white loaves to Turkish flatbread is revealed A deliciously satisfying mixture of history science travel narrative and romance could anything be more powerful than bread love Bread of Three Rivers reminds us that nothing no matter how basic is as simple as it would seem **Fishing's Greatest Misadventures** Paul Diamond,2008 Fishings Greatest Misadventures
