*The French Executioner* C. C. Humphreys, 2014-10-07 Originally published United Kingdom Orion Books Ltd 2002

*The Executioner Always Chops Twice* Geoffrey Abbott, 2004-04-03 A morbidly fascinating mixture of bungled executions strange last requests and classic final one liners from medieval times to the present day Sometimes it s hard to be an executioner trying to keep someone from popping up to make a quip when they should have spectacularly sunk without a trace Or to be told that the condemned to the guillotine won t have a last drink for fear of completely losing his head The business of death can be absurd and nothing illustrates this better than these tales of the gruesome and frankly ridiculous ways in which a number of ill fated unfortunates met or failed to meet their maker Did you know When Sir Thomas More was ordered to position his head on the block he said though you have warrant to cut off my head you have none to cut off my beard When the guillotine took three strokes to sever the neck of Isabeau Herman the mob attempted to stone the executioner to death for cruelty After the English hanged the pirate Captain Kidd they chained his body to a stake on the Thames River as a warning to seafarers From the strange to the gruesome from the weird to the completely unbelievable *The Executioner Always Chops Twice* is popular history at its best witty lively and wonderfully bizarre [Lord High Executioner](#) Howard Engel, 2016-03-01 A grisly tour of hangings electrocutions beheadings and other state sanctioned deaths that are part of the long history of the death penalty In *Lord High Executioner* award winning writer Howard Engel traces the traditions of capital punishment from medieval England and early Canada to the present day United States Throughout civilized history executioners employed on behalf of the kingdom republic or dictatorship have beheaded chopped stabbed choked gassed electrocuted or beaten criminals to death and Engel doesn t shy away from the gritty details of the executioner s lifestyle focusing on the paragons buffoons and sadists of the dark profession Packed with all too true stories from hapless hangings to butchered beheadings this historically accurate look at the executioner s gruesome work makes for a thoroughly gripping read *On Beheading* Amalendu Misra, 2022-09-08 Beheading is not an uncommon undertaking As a particularized physical violence it has been practiced by all societies and civilizations at some point in their history In fact for millennia public beheadings around the world were routine In contemporary international society some states and many non state actors regularly engage in this undertaking This begs the obvious question why put a human being through this unimaginable cruelty While the idea of execution by decapitation appears visceral and horrific it has always been grounded in cultural religious and political contexts If contemporary history is any proof the enterprise of beheading a fellow human being appears to be making a comeback in certain religious and political landscapes A question of enormous intellectual importance the phenomenon of beheading is understudied There have been many explanations surrounding specific forms of beheading through the ages However no inclusive study has engaged with it in its entirety Primarily a philosophical reflection *On Beheading* is inter disciplinary in nature it freely cuts across various disciplines within the broad framework of

**The Mysteries of Paris; from the French, by J. D. Smith ... with ... Engravings ... Designed and Executed by T. Onwhyn** Marie Joseph Eugène SUE, 1844      **Severed** Frances Larson, 2014-11-06

Our history is littered with heads Over the centuries they have decorated our churches festooned our city walls and filled our museums they have been props for artists and specimens for laboratory scientists trophies for soldiers and items of barter Today as videos of decapitations circulate online and cryonicists promise that our heads may one day live on without our bodies the severed head is as contentious and compelling as ever From shrunken heads to trophies of war from memento mori to Damien Hirst s With Dead Head from

grave robbing phrenologists to enterprising scientists Larson explores the bizarre often gruesome and confounding history of the severed head Its story is our story      *Execution* Geoffrey Abbott,2006-04-04 In his own darkly humorous style Geoffrey Abbott describes the instruments used and their effectiveness and reveals the macabre origins of familiar phrases such as gone west or drawn a blank as well as the jargon of the underworld He covers everything from the preparation of the victim to the disposal of the body Execution is everything you ever wanted to know about the ultimate penalty and a lot you never thought to ask It includes such hair raising categories as Cave of Roses A rare Swedish method of execution in which the victim was confined to a cave full of snakes and poisonous reptiles Bastinado Involved the victim being caned gently and rhythmically with a lightweight stick on the soles of the feet until the mental collapse and eventual death of the victim Sewn in an Animal s Belly A living person is sewn into the belly of an animal and left to die The Spanish Donkey This method of torture consisted of seating a victim on top of a wall that resembled an inverted v with weights attached to the ankles the weights slowly increased until the victim s body split in two Iron Chair The victim is tied to an iron armchair and pushed nearer and nearer to a blazing fire Sawn in Half Victims are secured in a standing position pinned between two wide boards fixed between a stake driven deep into the ground while two executioners one on each side would wield a long two handled saw downwards through the boards Execution is a unique fascinating look at the grim and gritty history of sanctioned death
