French historical studies, 1987 **Index to French Historical Studies**, 1987 *Annual Report of the American Historical Association* American Historical Association, 1908 **Historical and Archaeological Journals** University of Sheffield. Library. Information Service, 1976 *The Faxon Librarians' Guide to Periodicals and American Subscription Catalog*, 1962 Journal of the Society for Army Historical Research Society for Army Historical Research (London, England), 1926 The Oxford History of Poetry in English Helen Cooper, Robert R. Edwards, 2023-05-09 The Oxford History of Poetry in English is designed to offer a fresh multi voiced and comprehensive analysis of poetry from Anglo Saxon culture through contemporary British Irish American and Global culture including English Scottish and Welsh poetry Anglo American colonial and post colonial poetry and poetry in Canada Australia New Zealand the Caribbean India Africa Asia and other international locales The series both synthesizes existing scholarship and presents cutting edge research employing a global team of expert contributors for each of the fourteen volumes This volume occupies both a foundational and a revolutionary place Its opening date 1100 marks the re emergence of a vernacular poetic record in English after the political and cultural disruption of the Norman Conquest By its end date 1400 English poetry had become an established if still evolving literary tradition The period between these dates sees major innovations and developments in language topics poetic forms and means of expression Middle English poetry reflects the influence of multiple contexts history social institutions manuscript production old and new models of versification medieval poetic theory and the other literary languages of England It thus emphasizes the aesthetic imaginative treatment of new and received materials by medieval writers and the formal craft required for their verse Individual chapters treat the representation of national history and mythology contemporary issues and the shared doctrine and learning provided by sacred and secular sources including the Bible Throughout the period lyric and romance figure prominently as genres and poetic modes while some works hover enticingly on the boundary of genre and discursive forms The volume ends with chapters on the major writers of the late fourteenth century Langland the Gawain poet Chaucer and Gower and with a look forward to the reception of something like a national literary tradition in fifteenth century literary culture **Historical Studies** Herman Merivale, 1865 *Empire on the Seine* Amit Prakash, 2022 Amit Prakash draws on extensive archival materials to understand the colonial legacy of how minority populations have been policed in twentieth century Paris showing how colonial racism was integrated into the policing of Paris and that architecture urbanism and social housing contributed to this legacy *The Iranian Crisis and the Birth of the Cold War* Benjamin F. Harper, 2018-09-15 This work examines the Iranian Crisis of 1946 and its active role in shaping the Cold War that followed It is intended to serve as a case study of how the United States was able to successfully flex its short lived atomic monopoly and achieve its international objectives in the early postwar era This writing engages with the robust academic field of U S foreign relations that over the past number of years revisited and reimagined the origins and driving forces of the Cold War

The Soviet Union's violation of a troop withdrawal agreement at the conclusion of the Second World War coupled with its active support of Kurdish and Azeri separatist movements aggressively tested the new and evolving international order. The primary objective of this work is to understand how the international community achieved a relatively peaceful withdrawal of Soviet forces from Iranian territory. I contend that 1 Iran possessed due to its wartime role and latent economic potential a degree of leverage in negotiations with the United States and Russia that other nations did not 2 that the Iranian prime minister Ahmad Qavam shrewdly manipulated both superpowers with his own brand of masterful statecraft while pursuing his own Iran-centric objectives 3 that the United States used its preponderance of military economic and diplomatic might to effectively achieve its postwar aims and 4 the primary actors in the crisis solidified the legitimacy of the United Nations and its Security Council which had previously been in jeopardy. While lesser known than the Berlin Airlift or the Korean War or the Cuban Missile Crisis the Iranian Crisis revealed for the first time what a superpower clash might look like. This event provides a stunning example of crisis management by the primary participants. The Iranian Crisis was indeed the birth of the Cold War and it established a model for state actions during and after this long conflict. The Crisis also provides a powerful example of how third party entities outside of Europe despite possessing relatively meager military and economic might had the ability to alter and occasionally manipulate superpower behavior.

Patronage in Sixteenth- and Seventeenth-Century France Sharon Kettering, 2024-10-28 The dual themes of this volume are the characteristics of patronage relationships and their political uses in early modern France. The first essays provide an overview of the scholarly literature and suggest that the obligatory reciprocity of the patron-client exchange was a defining characteristic. The third and fourth essays compare patronage relationships with kinship and friendship while the following two focus on the patronage role of noblewomen. Professor Kettering then looks at the role of brokerage in state formation in early modern France comparing this with other early modern societies. In the final section she explores the role of patronage in the religious wars of the late 16th century and in the civil war of the Fronde a half century later and the ways in which it was affected by the changing lifestyles of the great nobles during the late 17th century. *Class List of Best Books Library Association, 1907*

The Paris Commune Donny Gluckstein, 2011 For two months in 1871 the workers of Paris took control of Europe's most celebrated capital city. When they established the world's first workers' democracy the Paris Commune they found no ready-made blueprints and no precedents to study for how to run their city without princes, prison wardens or professional politicians. All they had was the boundless revolutionary enthusiasm of Paris's socialists, communists, anarchists and radical Jacobins, all of whom threw their energies into creating a new society. As the city's bakers, industrial workers and other ruffians built new institutions of collective political power to overturn social and economic inequality, their former rulers sought to thwart their efforts by any means necessary, ultimately deciding to drown the Communards in blood. By paying particular attention to the historic problems of the Commune, critical debates over its implications and the glimpse of

a better world the Commune provided Gluckstein reveals its enduring lessons and inspiration for today's struggles Donny Gluckstein is author of *The Nazis Capitalism and the Working Class* and *The Tragedy of Bukharin* He is a lecturer in history in Edinburgh and is a member of the Socialist Workers Party Antoine Barnave John Hardman,2023-05-23 A major new biography of Antoine Barnave the politician and writer who advocated for a constitutional monarchy in revolutionary France Antoine Barnave was one of the most influential statesmen in the early French Revolution He was a didactic man of austere morals and vaulting ambition who dressed as an English dandy running up considerable tailor's bills Before his execution at age thirty two he played a decisive role in revolutionary politics and even governed France in 1791 through a secret correspondence with Marie Antoinette In the first biography for more than a century John Hardman traces Barnave's life from his youth in Dauphin to his role in the Constituent Assembly and his part in forming the Feuillants the party dedicated to the moderate cause Despite his early death Barnave left a remarkable volume of material from published works to thousands of manuscript pages Hardman uses this rich archive to explore the life of this elusive writer politician and thinker and sheds new light on the revolutionary period **East European Accessions Index** ,1960 *Roads from Past to Future* Charles Tilly,Arthur L. Stinchcombe,1997 Over the years Charles Tilly has had an indelible influence on a remarkable number of key questions in social science and history In the fields of social change states and institutions urbanization and historical sociology his seminal work has spawned whole new lines of inquiry and research In one volume this book offers the best and most influential of Tilly's important work with a new introduction by the author that relates his analyses to a wide body of scholarship The book includes a review and critique by Arthur Stinchcombe **The Armed Forces of Liberia** Preston Varkpeh,2023-06-27 The Armed Forces of Liberia A Continuum to the Liberian Democracy examines the Liberian security framework and seeks to explore root causes that have shaped the security landscape in the West African nation The book considers internal and external links in diplomacy international relations politics economics and public policy decisions that have dovetailed into the negative employment of security forces The Natives settlers divide in Liberia the early settlers government that excluded the Natives the ushering in of a military regime that brought an end to Americo Liberian rule and the mismatches in doctrinal contexts due to failure of the Liberian government to plan for strategic sourcing of military requirements that meet the current and future needs of security in Liberia are major aspects of this research Simply put the research aims at creating a correlation between public policy decisions or indecision and military outcomes as well as how these outcomes affect the animal spirit of investment in Liberia for sustained economic development Index of Periodicals, Annuals, and Serials in the War Department Library United States. War Department. Library,1895 *The Riddle of the Rosetta* Jed Z. Buchwald,Diane Greco Josefowicz,2022-05-24 A major new history of the race between two geniuses to decipher ancient Egyptian hieroglyphs set against the backdrop of nineteenth century Europe In 1799 a French Army officer was rebuilding the defenses of a fort on the banks of the Nile when he discovered an ancient stele fragment bearing a decree

inscribed in three different scripts So begins one of the most familiar tales in Egyptology that of the Rosetta Stone and the decipherment of Egyptian hieroglyphs This book draws on fresh archival evidence to provide a major new account of how the English polymath Thomas Young and the French philologist Jean François Champollion vied to be the first to solve the riddle of the Rosetta Jed Buchwald and Diane Greco Josefowicz bring to life a bygone age of intellectual adventure Much more than a decoding exercise centered on a single artifact the race to decipher the Rosetta Stone reflected broader disputes about language historical evidence biblical truth and the value of classical learning Buchwald and Josefowicz paint compelling portraits of Young and Champollion two gifted intellects with altogether different motivations Young disdained Egyptian culture and saw Egyptian writing as a means to greater knowledge about Greco Roman antiquity Champollion swept up in the political chaos of Restoration France and fiercely opposed to the scholars aligned with throne and altar admired ancient Egypt and was prepared to upend conventional wisdom to solve the mystery of the hieroglyphs Taking readers from the hushed lecture rooms of the Institut de France to the windswept monuments of the Valley of the Kings *The Riddle of the Rosetta* reveals the untold story behind one of the nineteenth century's most thrilling discoveries *Subject Index of the Modern Works Added to the Library of the British Museum in the Years ...* British Museum, 1911
