French Historical Studies Volume 17 No 2:

The Vertigo Years Philipp Blom, 2010-11-02 Examines how changes from the Industrial Revolution prior to World War I brought about radical transformation in society changes in education and massive migration in population that led to one of the bloodiest events in history

The Royal Navy in the Age of Austerity 1919-22 G. H. Bennett, 2016-10-06 This book thoroughly explores and analyses naval policy during the period of austerity that followed the First World War During this post war period as the Royal Navy identified Japan its likely opponent in a future naval war the British Government was forced to tighten its belt and cut back on naval expenditure in the interests of National Economy G H Bennett draws connections between the early 20th century and the present day showing how the same kind of connections exist between naval and foreign policy the provision of ships for the Royal Navy business and regional prosperity and employment The Royal Navy in the Age of Austerity 1919 22 engages with a series of important historiographical debates relating to the history of the Royal Navy the failures of British Defence policy in the inter war period and the evolution of British foreign policy after 1919 together with more mundane debates about British economic industrial social and political history in the aftermath of the First World War It will be of great interest to scholars and students of British naval history *Francois Mitterrand* Alistair Cole, 2018-10-24 Francois Mitterrand is one of France's most famous twentieth century politicians yet interpretations of his values and leadership vary widely Alistair Cole's in depth study starts with a chronological overview of Mitterrand's career and proceeds with a policy based assessment of Mitterrand's presidency By evaluating Mitterrand's policies in relation to various key roles such as the party leader the President the dispenser of patronage the European statesman and the World Leader this book places his leadership in comparative perspective and offers a new understanding of him as an individual political leader This fully up dated paperback edition will be invaluable for students of contemporary European politics as well as those interested in the career of one of post war Europe's leading statesmen **Stealing Things** Rosemary A. Peters, 2013-08-28 *Stealing Things* traces the representations of thieves and thievery in nineteenth century French novels Re-reading canonical texts by Balzac the Comtesse de Ségur and Zola through the lens of crime Peters highlights bourgeois anxiety about ownership and objects while considering the impact of literature on popular attitudes about crime and its legislation and punishment A detailed analysis of the role of objects this work chronicles nineteenth century changes in legal attitudes popular mentalities and individual and social identity focusing particularly on the resulting transformations in representations of gender class and criminal subjectivity **Silent Conflict** Michael Jabara Carley, 2014-01-16 This deeply informed book traces the dramatic history of early Soviet western relations after World War I Michael Jabara Carley provides a lively exploration of the formative years of Soviet foreign policy making after the Bolshevik Revolution especially focusing on Soviet relations with the West during the 1920s Carley demonstrates beyond doubt that this seminal period termed the silent conflict by one Soviet diplomat launched the Cold War He shows that Soviet western

relations at best grudging and mistrustful were almost always hostile Concentrating on the major western powers Germany France Great Britain and the United States the author also examines the ongoing political upheaval in China that began with the May Fourth Movement in 1919 as a critical influence on western Soviet relations Carley draws on twenty five years of research in recently declassified Soviet and western archives to present an authoritative history of the foreign policy of the Soviet state From the earliest days of the Bolshevik Revolution deeply anti communist western powers attempted to overthrow the newly formed Soviet government As the weaker party Soviet Russia waged war when it had to but it preferred negotiations and agreements with the West rather than armed confrontation Equally embattled by internal struggles for power after the death of V I Lenin the Soviet government was torn between its revolutionary ideals and the pragmatic need to come to terms with its capitalist adversaries The West too had its ideologues and pragmatists This illuminating window into the overt and covert struggle and ultimate standoff between the USSR and the West during the 1920s will be invaluable for all readers interested in the formative years of the Cold War

The Radiance of France, new edition Gabrielle Hecht, 2009-07-31 How it happened that technological prowess and national glory or radiance which also means radiation in French became synonymous in France as nowhere else In the aftermath of World War II as France sought a distinctive role for itself in the modern postcolonial world the nation and its leaders enthusiastically embraced large technological projects in general and nuclear power in particular The Radiance of France asks how it happened that technological prowess and national glory or radiance which also means radiation in French became synonymous in France as nowhere else To answer this question Gabrielle Hecht has forged an innovative combination of technology studies and cultural and political history in a book that as Michel Callon writes in the new foreword to this edition not only sheds new light on the role of technology in the construction of national identities but is also a seminal contribution to the history of contemporary France Proposing the concept of technopolitical regime as a way to analyze the social political cultural and technological dynamics among engineering elites unionized workers and rural communities Hecht shows how the history of France's first generation of nuclear reactors is also a history of the multiple meanings of nationalism from the postwar period and France's desire for post Vichy redemption to 1969 and the adoption of a Frenchified American design This paperback edition of Hecht's groundbreaking book includes both Callon's foreword and an afterword by the author in which she brings the story up to date and reflects on such recent developments as the 2007 French presidential election the promotion of nuclear power as the solution to climate change and France's aggressive exporting of nuclear technology

The Extreme Right in France, 1789 to the Present Peter Davies, 2002 Since 1789 the far right has been an important factor in French political life and in different eras has taken on a range of different guises This work surveys the history of this contentious political and intellectual tradition

The Revolutionary Guards in Iranian Politics Bayram Sinkaya, 2015-06-19 The Islamic Revolutionary Guards Corps IRGC has been dubbed the kingmaker in recent studies of Iranian politics precipitating heated debates

surrounding the potential militarization of the Iranian regime and giving rise to paradoxical understandings of the IRGC whether as a military institution entering politics or a political institution with a military history Revolutionary Guards in Iranian Politics offers a way out of this paradox by showing that the IRGC is not a recently politicized institution but has instead been highly politicized since its inception It identifies the ways in which the IRGC relates to national political dynamics examines the factors contributing to this relationship and its implications on Iranian politics from the revolution up to the present day The book examines the three decades following the revolution uncovering the reasons behind the rise of the Revolutionary Guards and tracking the organization s evolving relationship with politics Establishing a theoretical framework from revolution and civil military relations theories this book provides new perspectives on the relationship between the IRGC and Iranian politics This book would be of interest to students and scholars of Middle East Studies and Iranian Studies in particular Iranian Politics

A Comparative Reading of Pan-Africanism and Afropolitanism Andrew Nyongesa, John Mugubi, 2024-10-07 This book is response to the recent surge of formidable voices that consistently demean and attempt to reverse the gains of pan Africanism Besides questioning its relevance these voices supplant essential tenets of pan Africanism Blackness the narrative of Return sanctity of the ancestral homeland exposition of evils of colonialism and African Literature with new postulations These new suppositions deny race accentuate onward migration and diminish the ancestral homeland to any ordinary city to globetrot These voices liken any reminiscence of colonial evils to Afro pessimism pronounce African Literature dead on arrival and proceed to substitute pan Africanism through studies which neglect pioneer and contemporary literary works cultural productions folklore conversations on social media blogs Facebook WhatsApp and questionnaires to gauge their influence among Black peoples themselves This study adopts a design that interrogates literary works data from questionnaires and social media to determine the relevance and influence of pan Africanism and the new paradigm

Elizabeth: Renaissance Prince Lisa Hilton, 2015-11-10 This surprising portrait of the Tudor queen offers an ambitious re examination of the intersection of gender and monarchy The New York Times Book Review Queen Elizabeth I was all too happy to play on courtly conventions of gender when it suited her weak and feeble woman s body to do so for political gain But in Elizabeth historian Lisa Hilton offers ample evidence why those famous words should not be taken at face value With new research out of France Italy Russia and Turkey Hilton s fresh interpretation is of a queen who saw herself primarily as a Renaissance prince an expert in Machiavellian statecraft Elizabeth depicts a sovereign less constrained by her femininity than most accounts claim challenging readers to reassess Elizabeth s reign and the colorful drama and intrigue to which it is always linked It s a fascinating journey that shows how a marginalized newly crowned monarch whose European contemporaries considered her to be the illegitimate ruler of a pariah nation ultimately adapted to become England s first recognizably modern head of state

Authority Frank Furedi, 2013-09-12 Concern with authority is as old as human history itself Eve s sin was to challenge the authority of God by disobeying his rule Frank Furedi explores how

authority was contested in ancient Greece and given a powerful meaning in Imperial Rome Debates about religious and secular authority dominated Europe through the Middle Ages and the Reformation The modern world attempted to develop new foundations for authority democratic consent public opinion science yet Furedi shows that this problem has remained unresolved arguing that today the authority of authority is questioned This historical sociology of authority seeks to explain how the contemporary problems of mistrust and the loss of legitimacy of many institutions are informed by the previous attempts to solve the problem of authority It argues that the key pioneers of the social sciences Marx Durkheim Simmel Tonnies and especially Weber regarded this question as one of the principal challenges facing society

The Problem of Democracy in Postwar Europe Pepijn Corduwener, 2016-08-25 The current perception of democratic crisis in Western Europe gives a renewed urgency to a new perspective on the way democracy was reconstructed after World War II and the principles that underpinned its postwar transformation This study accounts for the formation of the postwar democratic order in Western Europe by studying how the main political actors in France West Germany and Italy conceptualized democracy and strove over its meaning Based upon a wide range of librarian and archival sources from these countries it tracks changing conceptions of democracy among leading politicians political parties and leaders of social movements and unveils how they were deeply divided over key principles of postwar democracy such as the political party the free market economy representation and civic participation By comparing three national debates on the question what democracy meant and how it should be institutionalized and practiced this study argues that only in the 1970s conceptions of democracy converged and key political actors accepted each other as democrats with similar conceptions of democracy This study thereby deconstructs the myth of the quick emergence of one consensual Western European model of democracy after 1945 demonstrates that its formation was a long and contentious process in which national differences were often of crucial importance and contributes to an enhanced understanding of the historical roots of the current sentiment of democratic crisis

Security Issues in the Context of

Political Violence and Terrorism of the 21st Century Hasan Acar, Halil Emre Deniz, 2021-01-27 Political violence and terrorism have increased their negative effects on public order in recent years This book draws attention to this issue presenting in depth analysis of recent events in many parts of the world in the context of international security terrorism and radicalism In addition it will serve as a new and up to date resource for researchers who working on international security and terrorism around the world It establishes links between the assessment of political violence and terrorism and the concept of security As a result it highlights the increasing importance of security which is one of the biggest problem areas of our age **One Hundred Years of Socialism** Donald Sassoon, 2010-07-30 On 14 July 1889 the centenary of the French Revolution socialist parties from all corners of Europe met in Paris On the same day in the same city the Exposition Universelle was launched to mark the achievements of capitalist production The two events symbolized the beginning of the epic struggle between socialism and capitalism in Europe In this comprehensive study of a century of socialism the author traces the fortunes of the political parties of the Left in Western Europe From the rise of the Bolsheviks to the fall of the Berlin wall from the Second International through two world wars to the Cold War and the birth of the welfare state from the working class militancy and student uprisings of the 1960s through the revival of feminism and the arrival of green politics to the reluctant embrace of market economics en route to the millennium Donald Sassoon charts the course of socialism across 14 countries He shows that throughout their history the fortunes of socialism and capitalism have been inextricably linked They have grown up side by side each one challenging and seeking to destroy yet nourishing and shaping the other **Barnave** John Hardman, 2023-01-01 A major new biography of Antoine Barnave the politician and writer who advocated for a constitutional monarchy in revolutionary France Antoine Barnave was one of the most influential statesmen in the early French Revolution He was a didactic man of austere morals and vaulting ambition who dressed as an English dandy running up considerable tailor s bills Before his execution at age thirty two he played a decisive role in revolutionary politics and even governed France in 1791 through a secret correspondence with Marie Antoinette In the first biography for more than a century John Hardman traces Barnave s life from his youth in Dauphin to his role in the Constituent Assembly and his part in forming the Feuillants the party dedicated to the moderate cause Despite his early death Barnave left a remarkable volume of material from published works to thousands of manuscript pages Hardman uses this rich archive to explore the life of this elusive writer politician and thinker and sheds new light on the revolutionary period *Family Matters* Bronwyn Dalley, 1998 Traces the changes in government child welfare services from 1902 until 1992 Back cover *Aboriginal People and Other Canadians* D. N. Collins, 2001 Discusses a wide variety of issues in Native studies including social exclusion marginalization and identity justice equality and gender self help and empowerment in Aboriginal communities and in the cities and methodological and historiographical representations of social relationships **The Darkroom** Anne Marsh, 2003 Anne Marsh s treatise on the art of photography traces its theoretical underpinning from the early debates between the rationalists

and the fantasists through psychoanalytical interpretations to the theatre of desire She investigates the role of photography in ghostly performances the masking of desire and high camp aesthetics through to performance art and the role of the photographer as a gender terrorist as in the work of Del LaGrace Volcano The study concludes with notable examples of postmodern photography as they have occurred in the Australian context This ground breaking work by a leading Monash University academic will interest all students of photography and followers of recent trends in art and art theory *Race in France* Herrick Chapman, Laura Levine Frader, 2004 Scholars across disciplines on both sides of the Atlantic have recently begun to open up as never before the scholarly study of race and racism in France These original essays bring together in one volume new work in history sociology anthropology political science and legal studies Each of the eleven articles presents fresh research on the tension between a republican tradition in France that has long denied the legitimacy of acknowledging racial difference and a lived reality in which racial prejudice shaped popular views about foreigners Jews immigrants and colonial people Several authors also examine efforts to combat racism since the 1970s
